Roosevelt And The Isolationists 1932 1945

Timothy Hall, John J. Sbrega

Roosevelt And The Isolationists 1932 1945:

Roosevelt and the Isolationists, 1932-1945 Wayne S. Cole, **The M.E.Sharpe Library of Franklin D.Roosevelt Studies: v. 2** Nancy Beck Young, William D. Pederson, Byron W. Daynes, 2019-07-25 This book assesses contrasting interpretations of President Roosevelt's relations with the Nye Committee. It explores the complexity confronting Rayburn in weighing the factors that influenced his actions during the New Deal portion of his near half century in Congress.

Roosevelt & the Isolationists, 1932-45 Wayne S. Cole, 1983 *Historical Dictionary of the Roosevelt-Truman Era* Neil A. Wynn, 2008-07-01 The 1930s were dominated by economic collapse, stagnation and mass unemployment. This crisis enabled the Democrats to recapture the White House and embark upon a period of reform unsurpassed until the 1960s. Roosevelt's New Deal laid the foundations of a welfare system that was further consolidated during and after the Second World War. American involvement in World War II helped to secure victory in Europe and in Asia. American participation in the war led to economic recovery but also brought with it enormous demographic and social changes. Some of these changes continued after the war had ended but further political reform was to be limited due to the impact of the Cold War and the effects of America's new role as the world's leading superpower in the atomic age. The *Historical Dictionary of the Roosevelt Truman Era* examines significant individuals, organizations and events in American political, economic, social and cultural history between 1933 and 1953. This was a period of enormous significance in the United States due to the impact of the Great Depression, World War II and the onset of the Cold War. The presidencies of Franklin D. Roosevelt and Harry S. Truman witnessed the origins of the modern American welfare system and the rise of the United States as a world power as well as its involvement in the confrontation with communism that dominated the latter half of the 20th century. [The A to Z of the Roosevelt-Truman Era](#) Neil A. Wynn, 2009-09-28 The 1930s were dominated by economic collapse, stagnation and mass unemployment. This crisis enabled the Democrats to recapture the White House and embark upon a period of reform unsurpassed until the 1960s. Roosevelt's New Deal laid the foundations of a welfare system that was further consolidated during and after the Second World War. American involvement in World War II helped to secure victory in Europe and in Asia. American participation in the war led to economic recovery but also brought with it enormous demographic and social changes. Some of these changes continued after the war had ended but further political reform was to be limited due to the impact of the Cold War and the effects of America's new role as the world's leading superpower in the atomic age. The *A to Z of the Roosevelt Truman Era* examines significant individuals, organizations and events in American political, economic, social and cultural history between 1933 and 1953. This was a period of enormous significance in the United States due to the impact of the Great Depression, World War II and the onset of the Cold War. The presidencies of Franklin D. Roosevelt and Harry S. Truman witnessed the origins of the modern American welfare system and the rise of the United States as a world power as well as its involvement in the confrontation with communism that dominated the latter half of the 20th century.

United States Foreign Policy in the Interwar Period, 1918-1941 Benjamin Rhodes, 2001-07-30 This study presents an in depth survey of the principal policies and personalities of American diplomacy of the era together with a discussion of recent historiography in the field For two decades between the two world wars America pursued a foreign policy course that was according to Rhodes shortsighted and self centered Believing World War I had been an aberration Americans na Dively signed disarmament treaties and a pact renouncing war while eschewing such inconveniences as enforcement machinery or participation in international organizations Smug moral superiority a penurious desire to save money and na vet ultimately led to the neglect of America s armed forces even as potential rivals were arming themselves to the teeth In contrast to the dynamic drive of the New Deal in domestic policy foreign policy under Franklin D Roosevelt was often characterized by a lack of clarity and reflecting Roosevelt s fear of isolationists and pacifists by presidential explanations that were frequently evasive incomplete or deliberately misleading One of the period s few successes was the bipartisan Good Neighbor policy which proved far sighted commercially and strategically Rhodes praises Cordell Hull as the outstanding secretary of state of the time whose judgment was often more on target than others in the State Department and the executive branch

Historical Dictionary of U.S. Diplomacy from World War I through World War II Martin Folly, Niall Palmer, 2010-04-01 The period from the outset of World War I to the end of World War II was among the most significant in the history of the United States Twice it was drawn into foreign entanglements wars it initially thought were no concern of its own and of which it tried to steer clear only to realize that it could not stand aside With each one it geared up in record time entered the fray massively and was crucial to the outcome Each war tested the American people and their leaders and in each case the country came out of the conflagration stronger than before and even more important yet stronger relative to other countries than it had ever been This was the period when the United States became a world leader The Historical Dictionary of U S Diplomacy from World War I through World War II relates the events of this crucial period in U S history through a chronology an introductory essay and over 600 cross referenced dictionary entries on key persons places events institutions and organizations [The A to Z of U.S. Diplomacy from World War I through World War II](#) Martin Folly, Niall Palmer, 2010-04-20 The period from the outset of World War I to the end of World War II was among the most significant in the history of the United States Twice it was drawn into foreign entanglements wars it initially thought were no concern of its own and of which it tried to steer clear only to realize that it could not stand aside With each one it geared up in record time entered the fray massively and was crucial to the outcome Each war tested the American people and their leaders and in each case the country came out of the conflagration stronger than before and even more important yet stronger relative to other countries than it had ever been This was the period when the United States became a world leader The A to Z of U S Diplomacy from World War I through World War II relates the events of this crucial period in U S history through a chronology an introductory essay and over 600 cross referenced dictionary entries on key persons places events institutions

and organizations *Insidious Foes* Francis MacDonnell, 1995-11-02 Nazi Germany's efforts to weaken the United States by subversion failed miserably Bungling spies were captured and half hearted efforts at sabotage came to nothing Yet anyone who lived through WWII remembers the chilling posters warning Americans that Enemy Agents Have Big Ears and Loose Lips Sink Ships Even Superman joined the struggle against these insidious foes In 1940 polls showed that 71% of Americans believed a Nazi Fifth Column had penetrated the country Almost half were convinced that spies saboteurs dupes and rumor mongers lurked in their own neighborhoods and work places These fears extended to the White House and Congress In this book Francis MacDonnell explains the origins and consequences of America's Fifth Column panic arguing that conviction and expedience encouraged President Roosevelt the FBI Congressmen Churchill's government and Hollywood to legitimate and exacerbate American's fears Gravely weakening the isolationists fostering Congress's role in rooting out Un American activities and instigating the creation of the modern intelligence establishment the Fifth Column scare did far more than sell movie tickets comic books and pulp fiction *Insidious Foes* traces the panic from its origins in the minds of reasonable Americans who saw the vulnerability of their open society in an age of encroaching totalitarianism **National Security and Core Values in American History** William O. Walker III, William O. Walker, 2009-04-06 Drawing upon themes from the nation's past William O Walker III presents a new interpretation of the history of American exceptionalism **Reliable Partners** Charles Lipson, 2013-12-03 Democracies often go to war but almost never against each other Indeed the democratic peace has become a catchphrase among scholars and even U S Presidents But why do democracies avoid fighting each other *Reliable Partners* offers the first systematic and definitive explanation Examining decades of research and speculation on the subject and testing this against the history of relations between democracies over the last two centuries Charles Lipson concludes that constitutional democracies have a contracting advantage a unique ability to settle conflicts with each other by durable agreements In so doing he forcefully counters realist claims that a regime's character is irrelevant to war and peace Lipson argues that because democracies are confident their bargains will stick they can negotiate effective settlements with each other rather than incur the great costs of war Why are democracies more reliable partners Because their politics are uniquely open to outside scrutiny and facilitate long term commitments They cannot easily bluff deceive or launch surprise attacks While this transparency weakens their bargaining position it also makes their promises more credible and more durable for democracies are generally stable Their leaders are constrained by constitutional rules independent officials and the political costs of abandoning public commitments All this allows for solid bargains between democracies When democracies contemplate breaking their agreements their open debate gives partners advance notice and a chance to protect themselves Hence agreements among democracies are less risky than those with nondemocratic states Setting rigorous analysis in friendly vigorous prose *Reliable Partners* resolves longstanding questions about the democratic peace and highlights important new findings about democracies in world politics from rivalries to

alliances Above all it shows conclusively that democracies are uniquely adapted to seal enduring bargains with each other and thus avoid the blight of war

V Is For Victory Craig Nelson, 2023-05-23 A NEW YORKER BEST BOOK OF 2023
 Belongs in the library alongside the histories and biographies of Martin Gilbert Arthur Schlesinger Jr and David McCullough Doug Stanton 1 New York Times bestselling author of Horse Soldiers In this epic and definitive history of the American home front during World War II New York Times bestselling historian Craig Nelson reveals how FDR won the support of a nation antagonistic to war in Europe and pushed both government and industry to build the arsenal of democracy the secret weapon that won the war In 1938 the United States was so politically isolationist and pacifist that its defense forces were smaller than Portugal s That same year Franklin Delano Roosevelt ordered the federal government to spark a dramatic expansion in domestic airplane production and this minor effort three years before the attack on Pearl Harbor would in time become what Roosevelt called the arsenal of democracy the full throttle unleashing of American enterprise and ingenuity that was the secret weapon for victory in World War II Signaled by Roosevelt s public fight with Lindbergh known as the Great Debate victory at land sea and air across the globe began at home In this richly detailed highly readable account of presidential leadership in perilous times New York Journal of Books Craig Nelson traces how under FDR the United States rose from poverty and solitude to defeat the greatest evils of the 20th century By transforming what Americans thought they could achieve FDR s efforts ended the Great Depression conquered the fascists of Germany Italy and Japan birthed America s middle class affluence and consumer society led to jet engines computers radar the military industrial complex Big Science and nuclear weapons triggered a global economic boom and turned the U S military into a worldwide titan with America the undisputed leader of world affairs While the arsenal of democracy has come to mean this miracle of American industry when Roosevelt said it he meant the miracle of the American people Revealing an era when Detroit was Silicon Valley Ford was Apple and Sears Roebuck was Amazon while filled with reflections on our own time V Is for Victory draws on five years of research to create a powerful and essential narrative largely overlooked in conventional histories of the war but which in Nelson s skilled authoritative hands becomes an illuminating and important work destined to become an American history classic

Guide to U.S. Foreign Policy Robert J. McMahon, Thomas W. Zeiler, 2012-08-02 At no time in American history has an understanding of the role and the art of diplomacy in international relations been more essential than it is today Both the history of U S diplomatic relations and the current U S foreign policy in the twenty first century are major topics of study and interest across the nation and around the world Spanning the entire history of American diplomacy from the First Continental Congress to the war on terrorism to the foreign policy goals of the twenty first century Guide to U S Foreign Policy traces not only the growth and development of diplomatic policies and traditions but also the shifts in public opinion that shape diplomatic trends This comprehensive two volume reference shows how the United States gained the strength of a giant and also analyzes key world events that have determined the United States changing relations with other nations The

two volumes structure makes the key concepts and issues accessible to researchers The set is broken up into seven parts that feature 40 topical and historical chapters in which expert writers cover the diplomatic initiatives of the United States from colonial times through the present day Volume II s appendix showcases an A to Z handbook of diplomatic terms and concepts organizations events and issues in American foreign policy The appendix also includes a master bibliography and a list of presidents secretaries of state war and defense and national security advisers and their terms of service This unique reference highlights the changes in U S diplomatic policy as government administrations and world events influenced national decisions Topics include imperialism economic diplomacy environmental diplomacy foreign aid wartime negotiations presidential influence NATO and its role in the twenty first century and the response to terrorism Additional featured topics include the influence of the American two party system the impact of U S elections and the role of the United States in international organizations Guide to U S Foreign Policy is the first comprehensive reference work in this field that is both historical and thematic This work is of immense value for researchers students and others studying foreign policy international relations and U S history ABOUT THE EDITORS Robert J McMahon is the Ralph D Mershon Professor of History in the Mershon Center for International Security Studies at The Ohio State University He is a leading historian of American diplomatic history and is author of several books on U S foreign relations Thomas W Zeiler is professor of history and international affairs at the University of Colorado at Boulder and is the executive editor of the journal Diplomatic History

By Order of the President Greg Robinson, 2009-07-01 Using Roosevelt s own writings his advisors letters and diaries and internal government documents Robinson reveals the president s central role in making and implementing the internment of Japanese Americans and examines not only what the president did but why *Political Hell-Raiser* Marc C. Johnson, 2019-03-21 Burton K Wheeler 1882 1975 may have been the most powerful politician Montana ever produced and he was one of the most influential and controversial members of the United States Senate during three of the most eventful decades in American history A New Deal Democrat and lifelong opponent of concentrated power whether economic military or executive he consistently acted with a righteous personal and political independence that has all but disappeared from the public sphere Political Hell Raiser is the first book to tell the full story of Wheeler a genuine maverick whose successes and failures were woven into the political fabric of twentieth century America Wheeler came of political age amid antiwar and labor unrest in Butte Montana during World War I As a crusading United States attorney he battled Montana s powerful economic interests championed farmers and miners and won election to the U S Senate in 1922 There he made his name as one of the Montana scandalmongers uncovering corruption in the Harding and Coolidge administrations Drawing on extensive research and new archival sources Marc C Johnson follows Wheeler from his early backing of Franklin D Roosevelt and ardent support of the New Deal to his forceful opposition to Roosevelt s plan to expand the Supreme Court and in a move widely viewed as political suicide his emergence as the most prominent spokesman against U S involvement in World War II

right up to three days before Pearl Harbor Johnson provides the most thorough telling of Wheeler's entire career including all its accomplishments and contradictions as well as the political storms that the senator both encouraged and endured The book convincingly establishes the place and importance of this principled hell raiser in American political history **The Triumph of Internationalism** David F. Schmitz, 2007 When Franklin D Roosevelt became president in March 1933 he initially devoted most of his attention to finding a solution to the Great Depression But the pull of war and the results of FDR's foreign policy ultimately had a deeper and more transformative impact on U S history The Triumph of Internationalism offers a fresh concise analysis and narrative of FDR's foreign policy from 1933 to America's entry into World War II in 1941 David Schmitz covers the attempts to solve the international economic crisis of the Great Depression the Good Neighbor Policy in Latin America the U S response to war in Europe and the Pacific and other topics of this turbulent era Schmitz describes Roosevelt as an internationalist who set out to promote U S interests abroad short of direct intervention He tried to make amends for past transgressions with the nation's southern neighbors eventually attempted to open and promote international trade to foster economic growth and pursued containment policies intended to halt both the Japanese threat in the Pacific through deterrence and German aggression in Europe through economic appeasement When his policies regarding the Axis powers failed he began educating the American public about the dangers of Axis hegemony and rearming the nation for war This effort required a profound shift in the American mind set given the prevailing isolationism the disillusionment with America's involvement in World War I and the preoccupation with domestic problems A less powerful president would likely have failed or perhaps not even attempted to alter the prevailing public opinion FDR revived American internationalism and reshaped the public's understanding of the national interest and defense Roosevelt's policies and the outcome of World War II made the United States a superpower without equal Cases and Controversies in U.S. History J. Weston Walch, Kate O'Halloran, 1993 Encourages students to think about the questions raised and form their own opinions

Depression to Cold War Joseph M. Siracusa, David G. Coleman, 2002-08-30 Organized around the office of the president this study focuses on American behavior at home and abroad from the Great Depression to the onset of the end of the Cold War two key points during which America sought a re definition of its proper relationship to the world Domestically American society continued the process of industrialization and urbanization that had begun in the 19th century Urban growth accompanied industrialism and more and more Americans lived in cities Because of industrial growth and the consequent interest in foreign markets the United States became a major world power American actions as a nation whether as positive attempts to mold events abroad or as negative efforts to enjoy material abundance in relative political isolation could not help but affect the course of world history Under President Hoover the federal government was still a comparatively small enterprise challenges of the next six decades would transform it almost beyond belief touching in one way or another almost every facet of American life Before the New Deal few Americans expected the government to do anything for them By the end

of the Second World War and in the aftermath of the Great Depression however Americans had turned to Washington for help Even the popular Reagan presidency of the 1980s the most conservative since Hoover would fail to undo the basic New Deal commitment to assist struggling Americans There would be no turning back the clock at home or abroad **Routledge Library Editions: World War II in Asia** Timothy Hall, John J. Sbrega, 2021-03-11 The 4 volumes in this set originally published between 1980 and 1983 bring to light and focus on the conflict between Japan and Australia and Japan and the USA Timothy Hall's volumes richly illustrated with black white photographs used highly contentious documents as their sources and give fascinating insights into a period of Australian history which is sometimes less than glorious John J Sbrega's tour de force is not only one of the most extensive annotated bibliographies on the USA and Japan in World War 2 ever published but it also provides invaluable information on lesser known but no less important aspects of the conflict The History of American Foreign Policy from 1895 Jerald A. Combs, Jessica Elkind, 2024-04-01 Now in its fifth edition this volume offers a clear concise and nuanced history of U S foreign relations since the Spanish American War and places that narrative within the context of the most influential historiographical trends and debates The History of American Foreign Policy from 1895 includes both revised and new sections that incorporate insights from recent scholarship on the United States in the world These sections devote more attention to the international framework as well as the domestic constraints under which American foreign policymakers operated This edition also emphasizes the role of non state actors such as missionaries aid workers activists and business leaders in shaping policies and contributing to international relations As a result the text considers a broader and more diverse range of people and voices than many other histories of U S foreign policy Expanded final chapters bring the story of U S foreign relations to the present and explore some of the contemporary challenges facing American and global leaders including terrorism the effects of climate change China's increasing influence and globalization Updated controversial issues sections and suggestions for further reading at the end of each chapter reflect important contributions from new studies This engaging text is an invaluable resource for students interested in the history of American foreign policy and international relations
