Roosevelt Dam A History To 1911:

Roosevelt Dam Earl A. Zarbin, 1984 **Theodore Roosevelt Dam** Donald C. Jackson, 1992 *The Roosevelt Dam*, 1920* **The History of Large Federal Dams** David P. Billington, Donald C. Jackson, Martin V. Melosi, 2005 Explores the story of Federal contributions to dam planning design and construction *The Salt River Project* Robert Autobee, 1993

Big Dams of the New Deal Era David P. Billington, Donald C. Jackson, 2017-04-20 The massive dams of the American West were designed to serve multiple purposes improving navigation irrigating crops storing water controlling floods and generating hydroelectricity Their construction also put thousands of people to work during the Great Depression Only later did the dams baneful effects on river ecologies spark public debate *Big Dams of the New Deal Era* tells how major water storage structures were erected in four western river basins David P Billington and Donald C Jackson reveal how engineering science regional and national politics perceived public needs and a river s natural features intertwined to create distinctive dams within each region In particular the authors describe how two federal agencies the Army Corps of Engineers and the Bureau of Reclamation became key players in the creation of these important public works By illuminating the mathematical analysis that supported large scale dam construction the authors also describe how and why engineers in the 1930s most often opted for massive gravity dams whose design required enormous quantities of concrete or earth rock fill for stability Richly illustrated *Big Dams of the New Deal Era* offers a compelling account of how major dams in the New Deal era restructured the landscape both politically and physically and why American society in the 1930s embraced them wholeheartedly **The Italian American Experience** Salvatore J. LaGumina, Frank J. Cavaoli, Salvatore Primeggia, Joseph A. Varacalli, 2003-09-02 First Published in 2000 Routledge is an imprint of Taylor Francis an informa company *Phoenix* Bradford Luckingham, 2016-05-26 More than half of all Arizonans live in Phoenix the center of one of the most urbanized states in the nation This history of the Sunbelt metropolis traces its growth from its founding in 1867 to its present status as one of the ten largest cities in the United States Drawing on a wide variety of archival materials oral accounts promotional literature and urban historical studies Bradford Luckingham presents an urban biography of a thriving city that for more than a century has been an oasis of civilization in the desert Southwest First homesteaded by pioneers bent on seeing a new agricultural empire rise phoenix like from ancient Hohokam Indian irrigation ditches and farming settlements Phoenix became an agricultural oasis in the desert during the late 1800s With the coming of the railroads and the transfer of the territorial capital to Phoenix local boosters were already proclaiming it the new commercial center of Arizona As the city also came to be recognized as a health and tourist mecca thanks to its favorable climate the concept of the good life became the centerpiece of the city s promotional efforts Luckingham follows these trends through rapid expansion the Depression and the postwar boom years and shows how economic growth and quality of life have come into conflict in recent times *The Journal of Arizona History*, 2014 *When Trumpets Call* Patricia O'Toole, 2005-03-08 A remarkable portrait of one of our

most remarkable presidents When Trumpets Call focuses on Theodore Roosevelt's life after the White House TR had revealed in his power and used it to enlarge the scope of the office expand government's role in economic affairs and increase U S influence abroad Only fifty when he left the White House he would spend the rest of his life longing to return Drawing from a wealth of new and previously unused sources Patricia O Toole author of the highly acclaimed biography of Henry Adams and his friends The Five of Hearts conducts the first thorough investigation of the most eventful most revealing decade of Roosevelt's life When he left office in March 1909 Roosevelt went on safari leaving the political stage to William Howard Taft the friend he had selected to succeed him Home from Africa and gravely disappointed in Taft he could not resist challenging Taft for the Republican nomination in 1912 When Taft bested him Roosevelt formed the Bull Moose Party and ran for president on a third ticket a move that split the Republican vote and put Woodrow Wilson in the White House In 1914 after the beginning of World War I Roosevelt became the most vocal critic of Wilson's foreign policy and two years later hoping to oust Wilson Roosevelt maneuvered behind the scenes in another failed bid for the Republican nomination Turned down by Wilson in his request to raise troops and take them to France TR helped his four sons realize their wish to serve then pressured Washington to speed up the war effort His youngest son was killed on Bastille Day 1918 Theodore Roosevelt died six months later His last written words were a reminder to himself to see the chairman of the Republican Party Surprising original deeply moving When Trumpets Call is a portrait framed by a deeply human question What happens to a powerful man when he loses power Most of all it is an unforgettable close up of Theodore Roosevelt as he struggled not only to recover power but also to maintain a much needed sense of purpose Through her perceptive treatment of his last decade Patricia O Toole shows why Theodore Roosevelt still enjoys the affection and esteem of Americans across the political spectrum

Dams Donald C. Jackson, 2017-05-15 Dams have been used to control water for thousands of years with the oldest known dam being a small earthen structure in present day Jordan dating to c 4000 BCE Since then cultures throughout the world have practised the art of dam building and the technology has evolved in myriad ways The papers selected here examine the key technical issues influencing dam construction from ancient times to the early 20th century In addition they illustrate why various human societies have built dams and how social or seemingly non technical factors have influenced the process of dam design Though hydraulic engineering is the primary focus of the book it also reveals a keen interest in questions of water resources and environmental history *Recent Library Additions*, 1992 [The Bureau of Reclamation](#) Brit Allan Storey, 2008 **Three Dams in Central Arizona** Donald Conrad Jackson, 1992 **The Historical Archaeology of Dam Construction Camps in Central Arizona: Synthesis**, 1994 **Arizona** Thomas E. Sheridan, 2012-02-01 Hailed as a model state history thanks to Thomas E Sheridan's thoughtful analysis and lively interpretation of the people and events shaping the Grand Canyon State Arizona has become a standard in the field Now just in time for Arizona's centennial Sheridan has revised and expanded this already top tier state history to incorporate events and changes that have taken place in recent

years Addressing contemporary issues like land use water rights dramatic population increases suburban sprawl and the US Mexico border the new material makes the book more essential than ever It successfully places the forty eighth state s history within the context of national and global events No other book on Arizona history is as integrative or comprehensive From stone spear points more than 10 000 years old to the boom and bust of the housing market in the first decade of this century Arizona A History explores the ways in which Native Americans Hispanics African Americans Asians and Anglos have inhabited and exploited Arizona Sheridan a life long resident of the state puts forth new ideas about what a history should be embracing a holistic view of the region and shattering the artificial line between prehistory and history Other works on Arizona s history focus on government business or natural resources but this is the only book to meld the ethnic and cultural complexities of the state s history into the main flow of the story A must read for anyone interested in Arizona s past or present this extensive revision of the classic work will appeal to students scholars and general readers alike **Apache**

Trail Richard L. Powers, Superstition Mountain Historical Society, Gila County Historical Museum, 2009-01-05 Pres Theodore Roosevelt once referred to the Apache Trail as one of the most spectacular best worth seeing sights of the world The once narrow ancient foot trail built as a supply road for the construction of Roosevelt Dam has now evolved into a state highway with majestic scenic vistas and historical grandeur Even in the 1920s the Southern Pacific Railroad touted this road as a must see side trip Each year thousands of people venture along the trail to take a step back in time and relish the breathtaking experience of this fabulous journey The Fish Creek Hill section remains much as it was back in the early 1900s a narrow one vehicle passage on an extremely steep incline that drops 900 feet within a mile along the edge of a steep cliff Although several miles of the road are now paved dirt portions remain that allow tourists a sense of perilous adventure

Selected References Concerning the USDA Forest Service ,1995 **A Brief History of Phoenix** Jon

Talton, 2015-11-09 Though the new metropolis is one of America s largest many are unaware of Phoenix s rich and compelling history Built on land once occupied by the most advanced pre Columbian irrigation society Phoenix overcame its hostile desert surroundings to become a thriving agricultural center After World War II its population exploded with the mid century mass migration to the Sun Belt In times of rapid expansion or decline Phoenicians proved themselves to be adaptable and optimistic Phoenix s past is an engaging and surprising story of audacity vision greed and a never ending fight to secure its future Chronicling the challenges of growth and change fourth generation Arizonan Jon Talton tells the story of the city that remains one of American civilization s great accomplishments **Woman's Who's who of America** John W. Leonard, 1914
