Roosevelt's Road To Russia:

Roosevelt's Road to Russia George N. Crocker, 2018-09-03 Many people will be made angry by this book They will be angry first at its author for daring to attack the memory of Franklin Delano Roosevelt Then as they read with an increasing sense of shame this shocking story of the summit conferences of World War II they will be moved to anger at F D R himself The trust which the American people bestowed in the leadership of Roosevelt is a matter of historical record The manner in which the four times President used that trust is only little by little coming to be realized The truth is that ever since victory was won western civilization has been at bay with men everywhere preparing for new wars What went wrong Was there a monstrous miscalculation Bad faith in high places Incompetence What really happened at the fateful summit conferences of World War II The documents notes and memoirs of men who were there at Casablanca Teheran and Yalta and the others how now dredged up the pieces of a horrendous jigsaw puzzle ROOSEVELT'S ROAD TO RUSSIA for the first time puts the pieces together Crocker has presented this sad epoch in American history more interestingly and more competently than any previous writer he gives the first complete picture of just how and why we lost the peace it is an important contribution to the history of our times We are in danger of being deceived by Khrushchev as Roosevelt was deceived by Stalin Let us read this record as Crocker has faithfully compiled it and heed the warning H V Kaltenhorn A tale of colossal incompetence monstrous misunderstanding outrages of freedom it should be read by everyone who wants to understand the world today The Chicago Tribune a scholarly brief with all the logic and persuasion of a grand jury presentation Columbus Dispatch

The Red Warrior: U.S. Perceptions of Stalin's Strategic Role in the Allied Journey to Victory in The Second World War Reagan Fancher, 2024-09-24 Through U S President Franklin D Roosevelt's Lend Lease program American leaders sought to keep Joseph Stalin's Red Army in the field and fighting Adolf Hitler's forces in the Second World War from 1941 forward Delivered by the Anglo American Arctic naval convoys overland through the Iranian deserts and mountains and through the skies from Alaska to Siberia this much needed material aid helped Stalin's Red Army to continue fighting and thereby prevented a separate peace with Hitler's Germany and a mechanized repeat of the First World War's Brest Litovsk fiasco Yet Roosevelt and other U S officials due to their severe underestimation of Stalin's character and his rigid and fanatical devotion to exporting Communism at gunpoint gambled incorrectly that they could win the Soviet premier's heart and mind through several excessive wartime aid gestures including the furnishing of atomic bomb materials to the Soviet regime By 1945 American leaders had succeeded in their strategic goal of keeping Stalin and his Red Army in the war and hastening victory but failed in their efforts to purchase the Soviet premier's goodwill and commitment to postwar peace heralding the global Cold War and setting the stage for later U S martial aid programs to those resisting aggression abroad In addition to its primary focus on the American leadership's perceptions of Stalin's strategic importance to the Allied war effort in the Second World War this work also includes a detailed assessment of Roosevelt's Soviet Lend Lease program

alongside U S President Ronald Reagan s later support for the Afghan Islamic guerrillas resisting Soviet occupation during the Soviet Afghan War of the 1980s and a comparison of both martial aid programs with Washington s recent revival of Lend Lease aid for the Ukrainian war effort It offers today s American leaders and policymakers a chance to consult the lessons of history and apply them in the present

American Despots Amazing low sale price in defense of authentic freedom as versus the presidency that betrayed it Everyone seems to agree that brutal dictators and despotic rulers deserve scorn and worse But why have historians been so willing to overlook the despotic actions of the United States own presidents You can scour libraries from one end to the other and encounter precious few criticisms of America s worst despots The founders imagined that the president would be a collegial leader with precious little power who constantly faced the threat of impeachment Today however the president orders thousands of young men and women to danger and death in foreign lands rubber stamps regulations that throw enterprises into upheaval controls the composition of the powerful Federal Reserve and manages the priorities millions of swarms of bureaucrats that vex the citizenry in every way It is not too much of a stretch to say that the president embodies the Leviathan state as we know it Or more precisely it is not an individual president so much as the very institution of the presidency that has been the major impediment of liberty The presidency as the founders imagined it has been displaced by democratically ratified serial despotism And for that reason it must be stopped Every American president seems to strive to make the historians A list by doing big and dramatic things wars occupations massive programs tyrannies large and small in hopes of being considered among the greats such as Lincoln Wilson and FDR They always imagine themselves as honored by future generations the worse their crimes the more the accolades Well the free ride ends with *Reassessing the Presidency The Rise of the Executive State and the Decline of Freedom* edited by John Denson This remarkable volume 825 pages including index and bibliography is the first full scale revision of the official history of the U S executive state It traces the progression of power exercised by American presidents from the early American Republic up to the eventual reality of the power hungry Caesars which later appear as president in American history Contributors examine the usual judgments of the historical profession to show the ugly side of supposed presidential greatness The mission inherent in this undertaking is to determine how the presidency degenerated into the office of American Caesar Did the character of the man who held the office corrupt it or did the power of the office as it evolved corrupt the man Or was it a combination of the two Was there too much latent power in the original creation of the office as the Anti Federalists claimed Or was the power externally created and added to the position by corrupt or misguided men There s never been a better guide to everything awful about American presidents No you won t get the civics text approach of see no evil Essay after essay details depredations that will shock you and wonder how American liberty could have ever survived in light of the rule of these people Contributors include George Bittlingmayer John V Denson Marshall L

Roosevelt** William James Stewart, Franklin D. Roosevelt Library,1967 **Stalin's War** Sean McMeekin,2021-04-20 A prize winning historian reveals how Stalin not Hitler was the animating force of World War II in this major new history World War II endures in the popular imagination as a heroic struggle between good and evil with villainous Hitler driving its events But Hitler was not in power when the conflict erupted in Asia and he was certainly dead before it ended His armies did not fight in multiple theaters his empire did not span the Eurasian continent and he did not inherit any of the spoils of war That central role belonged to Joseph Stalin The Second World War was not Hitler s war it was Stalin s war Drawing on ambitious new research in Soviet European and US archives Stalin s War revolutionizes our understanding of this global conflict by moving its epicenter to the east Hitler s genocidal ambition may have helped unleash Armageddon but as McMeekin shows the war which emerged in Europe in September 1939 was the one Stalin wanted not Hitler So too did the Pacific war of 1941 1945 fulfill Stalin s goal of unleashing a devastating war of attrition between Japan and the Anglo Saxon capitalist powers he viewed as his ultimate adversary McMeekin also reveals the extent to which Soviet Communism was rescued by the US and Britain s self defeating strategic moves beginning with Lend Lease aid as American and British supply boards agreed almost blindly to every Soviet demand Stalin s war machine McMeekin shows was substantially reliant on American materi l from warplanes tanks trucks jeeps motorcycles fuel ammunition and explosives to industrial inputs and technology transfer to the foodstuffs which fed the Red Army This unreciprocated American generosity gave Stalin s armies the mobile striking power to conquer most of Eurasia from Berlin to Beijing for Communism A groundbreaking reassessment of the Second World War Stalin s War is essential reading for anyone looking to understand the current world order **The Catholic Church and Soviet Russia, 1917-39** Dennis Dunn,2016-11-18 This book based on extensive research including in the Russian and Vatican archives charts the development of relations between the Catholic Church and the Soviet Union from the Bolshevik Revolution of 1917 to the death of Pope Pius XI in 1939 It provides background information on the animosity between the Orthodox and Catholic churches and moves towards reconciliation between them discusses Soviet initiatives to eradicate religion in the Soviet Union and spread atheist international communism throughout the world and explores the Catholic Church s attempts to
