Roots Of Involvement The Us In Asia 1784 1971

Blema S. Steinberg

Roots Of Involvement The Us In Asia 1784 1971:

Origins and Evolution of the US Rebalance toward Asia H. Meijer, 2015-04-01 This book provides a multifaceted analysis of the so called US rebalance or pivot toward Asia by focusing on the diplomatic military and economic dimensions of the American policy shift in the Asia Pacific region

The American Military on the Frontier James P. Tate, 1978

The Postmodern Humanism of Philip K. Dick Jason P. Vest, 2009-02-17 In *The Postmodern Humanism of Philip K Dick* Jason Vest examines how Dick adapted the conventions of science fiction and postmodernism to reflect humanist concerns about the difficulties of maintaining identity agency and autonomy in the latter half of the 20th century Vest also explores Dick's literary relationship to Franz Kafka Jorge Luis Borges and Italo Calvino

The Irony of Vietnam Leslie H. Gelb, Richard K. Betts, 2016-05-31 If a historian were allowed but one book on the American involvement in Vietnam this would be it *Foreign Affairs* When first published in 1979 four years after the end of one of the most divisive conflicts in the United States *The Irony of Vietnam* raised eyebrows Most students of the war argued that the United States had stumbled into a quagmire in Vietnam through hubris and miscalculation as the *New York Times*'s Fox Butterfield put it But the perspective of time and the opening of documentary sources including the Pentagon Papers had allowed Gelb and Betts to probe deep into the decisionmaking leading to escalation of military action in Vietnam The failure of Vietnam could be laid at the door of American foreign policy they said but the decisions that led to the failure were made by presidents aware of the risks clear about their aims knowledgeable about the weaknesses of their allies and under no illusion about the outcome The book offers a picture of a steely resolve in government circles that while useful in creating consensus did not allow for alternative perspectives In the years since its publication *The Irony of Vietnam* has come to be considered the seminal work on the Vietnam War

Citizen Airmen Gerald T. Cantwell, 1997

Air Power and the Fight for Khe Sanh Bernard C. Nalty, 1973

Editorial Research Reports on America's Changing World Role Congressional quarterly (Etats-Unis), 1974

The Tet Offensive James J. Wirtz, 2013-07-12 In this account of one of the worst intelligence failures in American history James J Wirtz explains why U S forces were surprised by the North Vietnamese Tet Offensive in 1968 Wirtz reconstructs the turning point of the Vietnam War in unprecedented detail Drawing upon Vietcong and recently declassified U S sources he is able to trace the strategy and unfolding of the Tet campaign as well as the U S response

Vietnam George Donelson Moss, 2016-07-01 This book provides a comprehensive narrative history of U S involvement in Southeast Asia from 1942 to 1975 with a concluding section that traces U S Vietnam relations from the end of the war in 1975 to the present Unlike most general histories of U S involvement in Vietnam which are either conventional diplomatic or military histories this volume synthesizes the perspectives to explore both dimensions of the struggle in greater depth elucidating more of the complexities of the U S Vietnam entanglement It explains why Americans tried so hard for so long to stop the spread of Communism into Indochina and why they failed Key topics The Fall of Saigon The End as Prelude Vietnam A Place

and A People The Elephant and the Tiger An Experiment in Nation Building Raising the Stakes Going to War The Chain of Thunders The Year of the Monkey A War to End a War The End of the Tunnel Market For anyone curious to know about the long American involvement in Southeast Asia 1942 1975 **George Ball, Vietnam, and the Rethinking of Containment** David L. DiLeo, 1991 Looks at Ball's role as the lone presidential advisor to President Johnson who opposed American military intervention in Vietnam and summarizes Ball's criticisms of U.S. policy **Professional Journal of the United States Army**, 1971 **A Study of Strategic Lessons Learned in Vietnam: U.S. foreign policy and Vietnam, 1945-1975**, 1981 **Shame and Humiliation** Blema S. Steinberg, 1996 Blema Steinberg adopts a psychoanalytical approach in her examination of the decision making of Lyndon Johnson Richard Nixon and Dwight Eisenhower during the Vietnam War She argues that personality traits such as narcissism influenced critical decisions they made about U.S. intervention in Vietnam

The Asian Dilemma in United States Foreign Policy K. Holly Maze Carter, 2016-07-22 Focuses on the problem through the identification of specific trends in foreign policy isolationism intervention containment detente and disengagement The conclusion of this analysis is that the US foreign policy process is reactive and lacking in any long term strategic planning mode Paper e [The Marine Corps Gazette](#), 1972 **Vietnam at War** Phillip B. Davidson, 1991 Weaving together the histories of three distinct conflicts Phillip B. Davidson follows the entire course of the Vietnam War from the initial French skirmishes in 1946 to the dramatic fall of Saigon nearly thirty years later His connecting thread is North Vietnamese General Vo Nguyen Giap a remarkable figure who with no formal military training fashioned a rag tag militia into one of the world's largest and most formidable armies By focusing on Giap's role throughout the war and by making available for the first time a wealth of recently declassified North Vietnamese documents Davidson offers unprecedented insight into Hanoi's military strategies an insight surpassed only by his inside knowledge of American operations and planning Eminently qualified to write this history Davidson who served as chief intelligence officer under Generals Westmoreland and Abrams tells firsthand the story of our tragic ordeal in Indochina and brings his unique understanding to bear on topics of continuing controversy offering a chilling account for example of when and where the U.S. considered using nuclear weapons The most comprehensive and authoritative history of the conflict to date Vietnam at War sparkles with a rare immediacy and brings to life in compelling fashion the war that tore America apart We witness the chaos in Saigon when fireworks celebrating the Tet holiday are suddenly transformed into deadly rocket and machine gun fire We sit in on high level meetings where General Westmoreland plans operations or simply engages in some tough headknocking with subordinates And in the end we learn that even the seemingly limitless resources of the U.S. military could not match the revolutionary grand strategy of the North Vietnamese With its easy movement from intimate memoir to trenchant military analysis from the conference rooms of generals to the battle scarred streets of Hue this is military history at its most gripping A monumental engrossing and unforgettable chronicle Vietnam at War is indispensable for anyone hoping to understand a conflict that still rages in the

American psyche **On Strategy** Harry G. Summers, 2009-02-04 Stunning in its insight On Strategy is required reading not just for everyone who is interested in the Vietnam War but for anyone who is concerned about the place of the United States on the world stage and how America can and more importantly cannot employ its immense military force to help bring peace to an increasingly troubled world On Strategy is just about the best thing I have read on Vietnam Drew Middleton The New York Times Perhaps the most trenchant single postmortem to date of our defeat in Vietnam a classic compact subtle and surprisingly readable Newsweek At our house we sleep less easily now that Harry G Summers Jr Colonel of Infantry is no longer defending us After two wars and 38 years of active duty Summers has retired from the Army Every taxpayer should mourn his loss Colonel Summers is perhaps the most influential thinker of our time his book On Strategy is required reading at the Army and Naval War Colleges Jack Beatty Boston Globe This investigation of the U S army s role in the Vietnam War is widely recognized as the single most useful postmortem on the unpopular war The Washington Post Book World The most detailed exposition of this view that the U S threw away whatever chance for victory it may have had through blunders that must not be repeated comes from Col Harry Summers whose book On Strategy has become must reading for young officers Time A masterful analysis of the strategy or lack thereof in the Vietnam War The best critique of the war I have read and a book every policy maker in Washington should absorb Max Cleland Atlanta Journal Constitution *Autopsy of an Unwinnable War: Vietnam* William C. Haponski, Jerry J. Burcham, 2019-06-11 A military studies professor and former combatant rationally dissects the strategies and mindsets on both sides of this thirty year conflict New York Journal of Books Since the fall of Saigon in 1975 there have been much discussion of why and whether America lost the war in Vietnam The common belief is that the war was lost not on the battlefield but in Washington DC The stark facts though are that the Vietnam War was lost before the first American shot was fired In fact it was lost before the first French Expeditionary Corps shot almost two decades earlier and was finally lost when the South Vietnamese fought partly then entirely on their own Offering an informed narrative of the entire thirty year war this book seeks to explain why Written by a combatant in six large battles and many smaller firefights who was also a leader with a full range of pacification duties a commander who lost forty three wonderful young men Autopsy of an Unwinnable War is the result of a quest for answers by one who after decades of wondering what it was all about turned to a years long search of French American and Vietnamese sources This is a story lived and revealed mainly by the people inside Vietnam who were directly involved in the war from leaders in high positions down to the jungle boots and sandals level of the fighters and among the Vietnamese who were living it Because of what was happening inside Vietnam itself no matter what policies and directives came out of Paris or Washington or the influences in Moscow or Beijing it is about a Vietnamese idea that would eventually triumph over bullets Includes photographs *Vietnam* Lloyd C. Gardner, Ted Gittinger, 2013-12-06 This anthology examines the turmoil and conflicting advice that led the US into Vietnam and the roles played by Presidents Kennedy and Johnson For many Americans Oliver

Stone's film JFK left no doubt that before his assassination Kennedy had determined to quit Vietnam. Yet the historical record offers a more complex view. In this fresh look at the archival evidence, noted scholars take up the challenge to provide us with their conclusions about the early decisions that put the United States on the path to the greatest American tragedy since the Civil War. The book is divided into four sections. Parts one and two delve into the political and military contexts of the early decisions. Part three raises the intriguing questions of Kennedy's and Johnson's roles in the conflict, particularly the thorny issue of whether Kennedy did in fact intend to withdraw from Vietnam and whether Johnson reversed that policy. Part four reveals an uncanny parallel between early Soviet policy toward Hanoi and US policy toward Saigon.

Bureaucratic Politics and Foreign Policy Morton H. Halperin, Priscilla Clapp, 2007-02-01 The first edition of *Bureaucratic Politics and Foreign Policy* is one of the most successful Brookings titles of all time. This thoroughly revised version updates that classic analysis of the role played by the federal bureaucracy: civilian career officials, political appointees, and military officers and Congress in formulating U.S. national security policy, illustrating how policy decisions are actually made. Government agencies, departments, and individuals all have certain interests to preserve and promote. Those priorities and the conflicts they sometimes spark heavily influence the formulation and implementation of foreign policy. A decision that looks like an orchestrated attempt to influence another country may in fact represent a shaky compromise between rival elements within the U.S. government. The authors provide numerous examples of bureaucratic maneuvering and reveal how they have influenced our international relations. The revised edition includes new examples of bureaucratic politics from the past three decades, from Jimmy Carter's view of the State Department to conflicts between George W. Bush and the bureaucracy regarding Iraq. The second edition also includes a new analysis of Congress's role in the politics of foreign policymaking.

Decoding **Roots Of Involvement The Us In Asia 1784 1971**: Revealing the Captivating Potential of Verbal Expression

In a time characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its power to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Roots Of Involvement The Us In Asia 1784 1971**," a mesmerizing literary creation penned with a celebrated wordsmith, readers attempt an enlightening odyssey, unraveling the intricate significance of language and its enduring impact on our lives. In this appraisal, we shall explore the book's central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.
