The Cinema of James Wan Fernando Gabriel Pagnoni Berns,Matthew

Edwards,2022-01-14 An auteur and the creator of multiple cinematic universes James Wan has become one of the most successful directors in history his films breaking box office records worldwide Yet there is little scholarship on Wan s work This collection of new essays fills the gap with contributions from around the globe offering analysis of his film and television productions including Saw 2004 Aquaman 2018 and The Conjuring Universe franchise along with less well known works like Death Sentence 2007 Dead Silence 2007 and his pilot for the new MacGyver series For the first time Wan s films are explored in depth from wide range of critical perspectives Gracefully Insane Alex Beam,2009-07-21 Its landscaped ground chosen by Frederick Law Olmsted and dotted with Tudor mansions could belong to a New England prep school There are no fences no guards no locked gates But McLean Hospital is a mental institution one of the most famous most elite and once most luxurious in America McLean alumni include Olmsted himself Robert Lowell Sylvia Plath James Taylor and Ray Charles as well as more secretly other notables from among the rich and famous In its golden age McLean provided as genteel an environment for the treatment of mental illness as one could imagine But the golden age is over and a downsized downscale McLean despite its affiliation with Harvard University is struggling to stay afloat Gracefully Insane by Boston Globe columnist Alex Beam is a fascinating and emotional biography of McLean Hospital from its founding in 1817 through today It is filled with stories about patients and doctors the Ralph Waldo Emerson prot g whose brilliance disappeared along with his madness Anne Sexton s poetry seminar and many more The story of McLean is also the story of the hopes and failures of psychology and psychotherapy of the evolution of attitudes about mental illness of approaches to treatment and of the economic pressures that are making McLean and other institutions like it relics of a bygone age This is a compelling and often oddly poignant reading for fans of books like Plath s The Bell Jar and Susanna Kaysen s Girl Interrupted both inspired by their author s stays at McLean and for anyone interested in the history of medicine or psychotherapy or the social history of New England
