Whitehead, 1989 The overarching objective of this book is that the reader will recover the sense of sexuality as a gift which implies risk taking to achieve freedom The authors call for a more incarnational attitude toward sexuality a spirituality that is more comfortable with the flesh Beyond Common Sense: Sexuality And Gender In Contemporary Japan Wim Lunsing, 2015-12-22 First published in 2001 This volume is based on the author's visit to Japan in Summer 1986 on his findings about some of the questions he was asked whilst there He was 25 and these questions centred around asking if he was married or had a girlfriend when in his homeland of the Netherlands he openly identified as gay This research is an investigation of how gay and lesbian people women's and men's liberationists singles and other people such as transsexuals transvestites and hermaphrodites whose ideas feelings or lifestyles are at variance with Japanese constructions of marriage and inherently the construction of life live in Japan **Libido** Alphonso Lingis, 1985 Alphonso Lingis's engaging book studies the phenomenological and postphenomenological theories of sexuality of six contemporary French philosophers Jean Paul Sartre Maurice Merleau Ponty Emmanuel Levinas Jean Fran ois Lyotard Gilles Deleuze and F lix Guattari After centuries of philosophical silence on the matter these writers during the last forty years have undertaken the first extended exploration of human sexuality in Western philosophical literature Lingis presents the arguments developed by the six philosophers critically assesses them and offers his own explanation of how the libidinal body can be characterized what the libidinal drive is and what alterity commands in the erotic imperative Raising Adults Terry Allen Sutherland, 2016-08-26 Raising Adults is the name of a series of books written by Terry Sutherland an average parent with an unusual idea about parenting Preparing for Eighteen is just the first installment of at least ten books and possibly many more Terry will present a lecture series about these concepts The motivation of raising children to be adults by the time they're eighteen is the very survival of the entire human race If that doesn't make this parenting book sound overly dramatic your life is wildly exciting This first book is arranged around three pillars individuality humanity and virtues It is structured within eighteen chapters that discuss the various kinds of things that are found in adults who have high integrity and sound character It discusses the qualities of adults who are capable and ready to take over their own lives and contribute significantly to humanity starting at only eighteen years old The book is not scholarly but anecdotal The content is the perspectives and experiences of Terry Sutherland and his wife Pam as they raise their own children to be adults by eighteen There are specific questions and sincere attempts to provide at least one valid answer to each of them There are some serious life events discussed that create an emotional roller coaster the reader will not forget By the end of this book the readers will understand what it means to have children and the responsibility of parents Anyone with kids will want to raise them with purpose so they take over their lives by the age of eighteen When children become adults they begin to either improve or drain the world and the human race With the information in his book Terry's readers can raise their children to be
