Long Term Perspective Study Of Sub Saharan Africa Vol 2 Economic And Sectoral Policy Issues:

World Bank Anne C. M. Salda,1995 **World Bank Assistance to Agriculture in Sub-Saharan Africa** ,2007-01-01

Sub Saharan Africa is a critical development priority it has some of the world s poorest countries and during the past two decades the number of poor in the Region has doubled to 300 million more than 40 percent of the Region s population Africa remains behind on most of the Millennium Development Goals MDGs and is unlikely to reach them by 2015 With some of the world s poorest countries Africa is a development priority for the donor community A major drag on Africa s development is the underperformance of the critical agriculture sector which has been neglected both by donors and governments over the past two decades The sector faces a variety of constraints that are particular to agriculture in Africa and make its development a complex challenge Poor governance and conflict in several countries further complicate matters IEG has assessed the development effectiveness of World Bank assistance in addressing constraints to agricultural development in Africa over the period of fiscal 1991 2006 *IMF and World Bank Sponsored Structural Adjustment Programs in Africa* Kwadwo Konadu-Agyemang,2018-10-24 This title was first published in 2001 Bringing together geographers planners political scientists economists rural development specialists bankers public administrators and other development experts this volume questions the benefits of Structural Adjustment Programmes SAPs It critically assesses the impact of SAPs from a wider perspective than a purely economic one highlighting concerns about impacts of adjustments on the more vulnerable elements of society such as social welfare the environment labour gender and agriculture Revealing both the costs and benefits of the economic restructuring programme the book also suggests alternatives to current development models and how SAPs can be made more sustainable An original and comprehensive addition to the collections of both students and practitioners of development **Global Food Projections to 2020** Mark W. Rosegrant,Mercedita Castro Agcaoili-Sombilla,Nicostrato D. Perez,1995 Examines projections of global supply of and demand for food through the year 2020 Looks closely at how alternative population investment and trade scenarios will affect food security and nutrition status especially in the developing world The authors argue that the world is at risk of maintaining its two tiered system of food security with rich and rapidly growing countries enjoying abundant affordable food supplies and poor countries suffering from malnutrition and food scarcity National governments and international agencies can alter this situation through their investment decisions Charts and tables **Abstracts on Rural Development in the Tropics** ,1991 **Raising the Productivity of Women Farmers in Sub-Saharan Africa** Katrine Anderson Saito,Hailu Mekonnen,Daphne Spurling,1994 World Bank Discussion Paper 230 Based on four country studies and extensive household surveys this paper documents the breakdown of traditional farming systems in Sub Saharan Africa and its implications for the role of women in agriculture *Livestock and Resource Management Policy* Simeon Ehui,Michele E. Lipner,1993-01-01 *Chinese Aid and African Development* D. Bräutigam,1998-06-21 Since 1957 more than 45 African countries have received aid from China yet until

recently little has been known about the effectiveness or impact of this assistance Br utigam provides the first authoritative account of China s experience as an aid donor in rural Africa In a detailed and highly readable analysis the author draws on anthropology economics organization theory and political science to explain how China s domestic agenda shaped the design of its aid and how domestic politics in African countries influenced its outcome Including the Poor Michael Lipton,J. van der Gaag,1993-01-01 Explores the role of government policy in economic development in the Republic of Korea The Republic of Korea has achieved economic success on many fronts Real GNP has tripled every decade since the 1960s A dynamic and flexible manufacturing sector now dominates the economy The benefits of growth have been widely distributed with a sharp decrease in poverty This study like others in the series seeks to draw lessons from such success and to identify and analyze the policies behind this strong economic performance Koreas development strategy and macroeconomic performance are outlined in Part I Several factors are seen to underlie strong growth including the maintenance of a stable macroenvironment flexible and pragmatic policies and investment in infrastructure and human capital Part II assesses the role played by industrial policy since 1961 Particular attention is given to the Heavy and Chemical Industry HCI drive launched in 1973 to diversify and upgrade Koreas industrial sector The authors note that while the HCI has been largely successful it also has been very costly particularly to the financial sector Part III outlines the role of institutions and the close relationships among the government the bureaucracy and business The key to Koreas rapid development according to the authors was the governments commitment to growth and its early focus on equity and wide distribution of the gains from growth The authors also laud the efficiency and effectiveness of Koreas public and private sector institutions which they see as models for all developing nations Workers' Dilemmas Margaret Grieco,2022-08-24 Originally published in 1996 Workers Dilemmas analyses the management skills of those with least resources the women of the urban poor and finds that there is an abundance of evidence on the high levels of managerial competence within this group It is information which has largely been hidden from history This study of poor women s involvement in the world of work corrects this missing record For over a century 1850 1960s women and children travelled from their urban homes in the East End of London to work in the hop picking fields of Kent and Hampshire The scale of the annual migration and the complexity of neighbourhood and household organization it required to provide this volume of labour have escaped the literature Drawing on a variety of historical records and on oral history this book explores the high level of management and occupational skills possessed by the urban poor in their construction of household survival strategies Above all this book highlights the key entrepreneurial role played by women in this labour market and the importance of the financial support provided by this regular seasonal labour for household survival Workers Dilemmas provides a fresh look at how work patterns family structure and community networks interrelate and in the process challenges accepted ideas in the wider fields of anthropology and the sociology of work

Journal of Economic Literature ,1991

Population and Food in the Early Twenty-first Century Nurul Islam,1995-01-01

The IFPRI roundtable with its focus on the prospects of a long term balance between food demand and supply provided a link between the two conferences as the adequacy of food supply at affordable prices for future populations is a crucial element in a strategy designed to alleviate poverty and accelerate growth in the context of an increasing population

Development and Diffusionism J. Dibua, 2015-12-04 This book deconstructs the neopatrimonial paradigm that has dominated analysis of Nigerian and African development It shows that by denying agency to Nigerian societies and devaluing indigenous culture and local realities Eurocentric diffusionism played a significant role in the failure of development planning

The Oxford Handbook of Africa and Economics Célestin Monga, Justin Yifu Lin, 2015 A popular myth about the travails of Africa holds that the continent's long history of poor economic performance reflects the inability of its leaders and policymakers to fulfill the long list of preconditions to be met before sustained growth can be achieved These conditions are said to vary from the necessary quantity and quality of physical and human capital to the appropriate institutions and business environments While intellectually charming and often elegantly formulated that conventional wisdom is actually contradicted by historical evidence and common sense It also suggests a form of intellectual mimicry that posits a unique path to prosperity for all countries regardless of their level of development and economic structure In fact the argument underlining that reasoning is tautological and the policy prescriptions derived from it are fatally teleological low income countries are by definition those where such ingredients are missing None of today's high income countries started its growth process with the required and complete list of growth ingredients Unless one truly believes that the continent of Africa and most developing countries are ruled predominantly if not exclusively by plutocrats with a high propensity for sadomasochism the conventional view must be re-examined debated and questioned This volume the second of the Oxford Handbook of Africa and Economics reassesses the economic policies and practices observed across the continent since independence It offers a collection of analyses by some of the leading economists and development thinkers of our time and reflects a wide range of perspectives and viewpoints Africa's emergence as a potential economic powerhouse in the years and decades ahead amply justifies the scope and ambition of the book

Contemporary Economic Issues in Asian Countries: Proceeding of CEIAC 2022, Volume 2 An Thinh Nguyen,Thu Thuy Pham,Joon Song,Yen-Ling Lin,Manh Cuong Dong,2023-04-21 This book continues the discussion from Volume 1 on the general considerations regarding global changes and contemporary economic issues in Asian countries in real terms It offers a collection of original conference papers from the annual international conferences on Contemporary economic issues in Asian countries CEIAC Conference commenced in 2022 in collaboration with CIFOR ICRAF Sungkyunkwan University Korea and Tamkang University Taiwan The theme of the CEIAC Conference 2022 deals with broad aspects of the contemporary economic issues in Asian countries It covers topics such as economics and business economic theory national and international income distribution macroeconomic policies sectors of economy productivity developments financial market business governance bank financing etc green economy and sustainable development developing process development policy public policy sustainable growth green growth etc and international trade and investment international trade theory free trade agreements tariffs intellectual property international law etc The book would interest a wide array of professors researchers lecturers students in fields of economics consultants and decision makers interested in the issues related to economic issues in Asia

World Bank Policy Research Bulletin World Bank,1990 At Christmas and on Rainy Days Margaret Grieco,Nana A. Apt,Jeff Turner,1996 At Christmas and on rainy days the women traders of Accra make use of taxis and other high cost forms of transport On normal days many transport their goods and themselves in overcrowded poorly ventilated mini buses tro tros This book examines the relationships between household organisation petty trading and the informal public transport system It documents the travel and transport strategies of Accra s female traders as they go about the task of household survival in a petty trading economy

Management of Nitrogen and Phosphorus Fertilizers in Sub-Saharan Africa Uzo M. Mokuwonye,Paul L.G. Vlek,2012-12-06 Food security one of the basic human rights seems to be ever eluding the people of sub Saharan Africa With each occurrence of crop failure agriculturalists around the world reawaken to the challenge of ensuring stable adequate food production in the tropical African environments The International Fertilizer Development Center IFDC with its mandate of alleviating food shortages through judicious use of fertilizers formulated a program to study fertilizer use strategies for sub Saharan Africa With generous financial assistance from the International Fund for Agricultural Development IFAD IFDC in collaboration with the International Crop Research Institute for the Semi Arid Tropics ICRISAT and the International Institute for Tropical Agriculture IITA initiated a research project aimed at assessing means to remedy soil nutrient deficiencies that constrain food production in the humid subhumid and semiarid tropics of Africa The results of this project

were summarized during a workshop held in Togo March 25 28 1985 the proceedings of that meetings are found in this volume The project established collaboration with numerous national programs that were responsible for much of the data collection The data presented in Chapters 6 and 9 include much of this information We wish to acknowledge the contribution of the individual scientists J T Ambe F Ganry M Gaoh M Issaka J Kiazolu J Kikafunde Twine K Kpomblekou F Lompo H
