Toss James Roberts Jr, 2011-01-27 You would think waking up from a coma would be the best thing to ever happen to someone. A love triangle changed John forever. It left him with no trust in humanity. A new sense of bitterness, hate, confusion, scars and stitches. This is all dramatic but even worse is after his hospital stay is the fact that deep down he's not scared and unable to sleep which leads him to slowly lose his mind. He hears voices and begins to see things from sleep deprivation. The newly turned twisted loner soon finds that the only way he's able to sleep at all is from pills, drinking any extreme high or from the aftermath of an adrenaline rush. Finding this high soon takes over his life. His new path turns him into a person he never thought he would be. He's finally alive and acting out trying everything that he never thought he never would have the nerve to try before which includes being a sexual deviant, drugs and even murder.

Looking Back on Tomorrow Mitch Engel, 2024-04-18 In the months leading up to World War I a young Austrian officer from an aristocratic family falls deeply in love with a beautiful young woman from Serbia. It is a match fraught with political peril due to mounting hostilities between the two countries. Can their love survive the indignities of two world wars, prison camps, family tragedies and the separation of an iron curtain. The answer is yes but not in the manner one might think. Relive the sagas of two families separated by an ocean whose roots trace back to that star crossed love affair and relive a century of history from two highly unusual perspectives.

Addiction and Performance James Reynolds, Zoe Zontou, 2014-06-02 *Addiction and Performance* is a collection of essays offering a multidisciplinary exploration of the intertwined relationships between addiction culture and performance. The problem of addiction is multifaceted, but existing approaches to it often emerge from the frameworks of single disciplines, foregrounding therapeutic or perhaps physiological perspectives over and above a combined approach. However, addictions are not formed or sustained in a vacuum but are blended with and supported by a wide range of factors. Moreover, the role of culture both in understanding addiction and offering useful strategies of recovery has often been dismissed. In this book, James Reynolds and Zoe Zontou have gathered together leading practitioners and academics in order to explore addiction and performance and to trouble, theorise, and describe specific ways of approaching their many relationships. This volume consequently offers an alternative conversation, bringing together a variety of discourses to generate a more politicised conceptualisation of addiction, one that facilitates a more complex understanding of addiction and performance and their many facets. *Addiction and Performance* is a new and significant resource for students, artists, cultural organisations, service providers, academic researchers, and therapeutic professionals working in the field of addiction.
