Report of Secretary's Commission on Medical Malpractice United States. Health, Education and Welfare Department,1973 **Mastering Torts** Vincent R. Johnson,2005 Mastering Torts presents in a clear narrative form a doctrinal overview of the law of torts By clarifying the basic rules governing tort liability and illuminating their application to specific fact situations Mastering Torts describes the main features of the American tort system Mastering Torts discusses more than two hundred illustrative cases Each of these decisions is presented in a way that probes the meaning and limits of particular rules but also reveals a broader perspective on the law governing compensation for personal injuries and property damage BOOK JACKET **New Developments in Legal Reasoning and Logic** Shahid Rahman,Matthias Armgardt,Hans Christian Nordtveit Kvernenes,2021-12-16 This book intends to unite studies in different fields related to the development of the relations between logic law and legal reasoning Combining historical and philosophical studies on legal reasoning in Civil and Common Law and on the often neglected Arabic and Talmudic traditions of jurisprudence this project unites these areas with recent technical developments in computer science This combination has resulted in renewed interest in deontic logic and logic of norms that stems from the interaction between artificial intelligence and law and their applications to these areas of logic The book also aims to motivate and launch a more intense interaction between the historical and philosophical work of Arabic Talmudic and European jurisprudence The publication discusses new insights in the interaction between logic and law and more precisely the study of different answers to the question what role does logic play in legal reasoning Varying perspectives include that of foundational studies such as logical principles and frameworks to applications and historical perspectives *The Preparation and Trial of Medical Malpractice Cases* Richard E. Shandell,Fredrick A. Schulman,Patricia Smith,2018-09-28 The Preparation and Trial of Medical Malpractice Cases treats a case as a continuous

process from interviewing the client to closing argument. It offers comprehensive coverage of the questions surrounding health maintenance organizations including case law on the right to sue an HMO as well as its participating physicians. You'll find discussion of how to recognize a meritorious case, the doctrine of alternative liability, the evidentiary value of FDA approval or non approval, the continuing treatment doctrine, state statutes regarding motion practice, malpractice liability of alternative medical practitioners, the admissibility of evidence comparing physicians' risk statistics to those of other physicians, use of expert testimony to establish *res ipsa loquitur* in negligence, the modified standard of proximate cause when a physician's negligence exacerbates a patient's existing condition, violation of the duty to disclose information, contributory negligence in informed consent, distinguishing between medical malpractice and ordinary negligence, liability of nurses and more. Appendices demonstrate how to analyze a medical brief, depose and examine the defendant physician and elicit testimony from your own expert witness. Also included are a sample Bill of Particulars, a sample jury charge and a list of Web sites to assist your medical research.
