Major Problems In American Urban And Suburban History:

Major Problems in American Urban and Suburban History Howard P. Chudacoff, Peter C. Baldwin, 2005 This volume offers an examination of the nation's urban development and reflects the city's pivotal role in the unfolding of American history. The Second Edition has been significantly revised to include more than 75% new content and a greater emphasis on suburbanization and historically marginalized groups. Chapters included in this edition focus on the lower classes and class relations and conditions, the evolution of technology, race relations and redevelopment in the postwar era and significant changes in urbanization. In order to address the current urban climate, the final chapter focuses on violence and the search for security in a post-September 11th America.

African American Urban History since World War II Kenneth L. Kusmer, Joe W. Trotter, 2009-08-01 Historians have devoted surprisingly little attention to African American urban history of the postwar period, especially compared with earlier decades. Correcting this imbalance, *African American Urban History since World War II* features an exciting mix of seasoned scholars and fresh new voices whose combined efforts provide the first comprehensive assessment of this important subject. The first of this volume's five groundbreaking sections focuses on black migration and Latino immigration, examining tensions and alliances that emerged between African Americans and other groups. Exploring the challenges of residential segregation and deindustrialization, later sections tackle such topics as the real estate industry's discriminatory practices, the movement of middle-class blacks to the suburbs, and the influence of black urban activists on national employment and social welfare policies. Another group of contributors examines these themes through the lens of gender, chronicling deindustrialization's disproportionate impact on women and women's leading roles in movements for social change. Concluding with a set of essays on black culture and consumption, this volume fully realizes its goal of linking local transformations with the national and global processes that affect urban class and race relations.

Major Problems in American Women's History Mary Beth Norton, Ruth M. Alexander, 2007 Designed to encourage critical thinking about history, the *Major Problems* series introduces students to both primary sources and analytical essays on important topics in U.S. history. *Major Problems in American Women's History* is the leading reader for courses on the history of American women, covering the subject's entire chronological span. While attentive to the roles of women and the details of women's lives, the authors are especially concerned with issues of historical interpretation and historiography. The Fourth Edition features greater coverage of the experiences of women in the Midwest and the West, immigrant women, and more voices of women of color. Key pedagogical elements of the *Major Problems* format have been retained: 14 to 15 chapters per volume, chapter introductions, headnotes, and suggested readings. New: In Chapter 1, an exclusive essay by Kate Haulman examines the evolution of the field of women's history and the state of women's history today. New: Chapter 2 now focuses on Native American women, while a new Chapter 3 covers witches and their accusers in New England and the Salem witch trials. New: Chapter 6 draws on recent scholarship on the roles of ordinary and elite women in the numerous reform movements of

the Early Republic Revised Chapter 7 rethinks and refocuses the text's coverage of women's roles in slavery and the Civil War and more directly addresses the lives of African American women during and after slavery New Post 1960 coverage in Chapters 15-16 has been thoroughly revised to highlight the women's movement women's health recent immigration and economic changes affecting women

Major Problems in the History of American Families and Children Anya Jabour, 2005 Part of the Major Problems in American History series this text for courses in family history or history of childhood balances its discussion of marriage and gender relations with coverage on children and childhood Offering a thorough treatment of race ethnicity and class from colonial times to the present this edition grants sustained attention to Native Americans and Latinos Relating history to larger political events the text narrative balances coverage of public policy toward families with coverage of the experiences of family life

The Routledge History Handbook of Gender and the Urban Experience Deborah Simonton, 2017-02-03 Play thrills danger and excitement

Infortunate Susan E. Klepp, Billy G. Smith Smith, 2010-11-01 First published by Penn State Press in 1992 The Infortunate has become a staple for teachers and students of American history William Moraley's firsthand account of bound servitude provides a rare glimpse of life among the lower classes in England and the American colonies during the eighteenth century In the decade since its original publication Susan Klepp and Billy Smith have unearthed new information on Moraley's life both before his ill-fated venture as an indentured servant from England to the American Plantations and after his return to England This revised edition features this additional information while presenting the autobiography in a new way offering more explicit emphasis for students and teachers in college university and high school about how to read and interpret Moraley's autobiography

Major Problems in American History: Since 1865 Elizabeth Cobbs Hoffman, Jon Gjerde, 2006 Designed to encourage critical thinking about history this book introduces students to both primary sources and analytical essays on important topics in US history It contains primary documents secondary sources chapter introductions separate introductions to documents and essays in every chapter bibliographies and documentation of sources

Major Problems in American Business History Regina Lee Blaszczyk, Philip Scranton, 2006 Designed to encourage critical thinking the Major Problems in American History series introduces students to both primary sources and analytical essays on important topics in U S history The central theme of this volume asserts that the history of business is inexorably linked to politics and culture The authors explore specific issues including foreign policy race and ethnicity gender religion work leisure and technological innovation as well as high and low culture

America's Urban History Lisa Krissoff Boehm, Steven H. Corey, 2023-07-26 In this second edition America's Urban History now includes contemporary analysis of race immigration and cities under the Trump administration and has been fully updated with new scholarship on early urbanization mass incarceration and cities the Great Society the diversification of the suburbs and environmental justice The United States is one of the most heavily urbanized places in the world and its urban history is essential to understanding the fundamental narrative of American history This book is an

accessible overview of the history of American cities including Indigenous settlements colonial America the American West the postwar metropolis and the present day landscape of suburban sprawl and an urbanized population It examines the ways in which urbanization is connected to divisions of society along the lines of race class and gender but it also studies how cities have been sources of opportunity hope and success for individuals and the nation Images maps tables and a guide to further reading provide engaging accompaniment to illustrate key concepts and themes Spanning centuries of America's urban past this book's depth and insight make it an ideal text for students and scholars in urban studies and American history

Crossings and Dwellings Kyle B. Roberts, Stephen Schloesser, J.S., 2017-07-31 In Crossings and Dwellings Kyle Roberts and Stephen Schloesser S J bring

together essays by eighteen scholars in one of the first volumes to explore the work and experiences of Jesuits and their women religious collaborators in North America over two centuries following the Jesuit Restoration Long dismissed as anti liberal anti nationalist and ultramontanist restored Jesuits and their women religious collaborators are revealed to provide a useful prism for looking at some of the most important topics in modern history immigration nativism urbanization imperialism secularization anti modernization racism feminism and sexual reproduction Approaching this broad range of topics from a variety of disciplinary perspectives this volume provides a valuable contribution to an understudied period

Urban Ecologies Christopher Schliephake, 2014-12-11 The term urban ecology has become a buzzword in various disciplines including the social and natural sciences as well as urban planning and architecture The environmental humanities have been slow to adapt to current theoretical debates often excluding human built environments from their respective frameworks This book closes this gap both in theory and in practice bringing together urban ecology with ecocritical and cultural ecological approaches by conceptualizing the city as an integral part of the environment and as a space in which ecological problems manifest concretely Arguing that culture has to be seen as an active component and integral factor within urban ecologies it makes use of a metaphorical use of the term perceiving cities as spatial phenomena that do not only have manifold and complex material interrelations with their respective natural environments but that are intrinsically connected to the ideas imaginations and interpretations that make up the cultural symbolic and discursive side of our urban lives and that are stored and constantly renegotiated in their cultural and artistic representations The city is within this framework both seen as an ecosystemically organized space as well as a cultural artifact Thus the urban ecology outlined in this study takes its main impetus from an analysis of examples taken from contemporary culture that deal with urban life and the complex interrelations between urban communities and their natural and built environments
