Creating Kashubia Joshua C. Blank, 2016-04-04 In recent years over one million Canadians have claimed Polish heritage a significant population increase since the first group of Poles came from Prussian occupied Poland and settled in Wilno Ontario west of Ottawa in 1858 For over a century descendants from this community thought of themselves as Polish but this began to change in the 1980s due to the work of a descendant priest who emphasized the community's origins in Poland's Kashubia region What resulted was the reinvention of ethnicity concurrent with a similar movement in northern Poland Creating Kashubia chronicles more than one hundred and fifty years of history identity and memory and challenges the historiography of migration and settlement in the region For decades authors from outside Wilno as well as community insiders have written histories without using the other's stores of knowledge Joshua Blank combines primary archival material and oral history with national narratives and a rich secondary literature to reimagine the period He examines the socio political and religious forces in Prussia delves into the world of emigrant recruitment and analyzes the trans Atlantic voyage In doing so Blank challenges old narratives and traces the refashioning of the community's ethnic identity from Polish to Kashubian An illuminating study Creating Kashubia shows how changing identities and the politics of ethnic memory are locally situated yet transnationally influenced

Imperial Odessa: Peoples, Spaces, Identities Evrydiki Sifneos, 2017-09-25 Imperial Odessa Peoples Spaces Identities is a book about a cosmopolitan city written by a cosmopolitan scholar with a literary flair Evrydiki Sifneos conceives Odessa as more of a fin de siècle east Mediterranean port metropolis than as a provincial port city of the Russian Empire in the nineteenth century due to two of its principal characteristics its function as a hub of international trade and travel and the multi ethnic character of its inhabitants The book unfolds around two interpenetrating axes The first one introduces a new peripatetic approach that discovers the space of the city and the

other the one that has given it its dynamic is the socio economic transformations that germinated within the political changes

The Transfigured Kingdom Ernest A. Zitser, 2018-09-05 In this richly comparative analysis of late Muscovite and early Imperial court culture Ernest A Zitser provides a corrective to the secular bias of the scholarly literature about the reforms of Peter the Great Zitser demonstrates that the tsar s supposedly secularizing reforms rested on a fundamentally religious conception of his personal political mission In particular Zitser shows that the carnivalesque and often obscene activities of the so called Most Comical All Drunken Council served as a type of Baroque political sacrament a monarchical rite of power that elevated the tsar s person above normal men guaranteed his prerogative over church affairs and bound the participants into a community of believers in his God given authority charisma The author suggests that by implicating Peter s royal priesthood in taboo breaking libertine ceremonies the organizers of such sacred parodies inducted select members of the Russian political elite into a new system of distinctions between nobility and baseness sacrality and profanity tradition and modernity Tracing the ways in which the tsar and his courtiers appropriated aspects of Muscovite and European traditions to suit their needs and aspirations *The Transfigured Kingdom* offers one of the first discussions of the gendered nature of political power at the court of Russia s self proclaimed Father of the Fatherland and reveals the role of symbolism myth and ritual in shaping political order in early modern Europe

Rebels in the Name of the Tsar Daniel Field, 2025-08-01 In *Rebels in the Name of the Tsar* originally published in 1989 Daniel Field explores one of the most puzzling phenomena of late imperial Russia the devotion of the common people to the person of the Tsar His comprehensive and engaging study addresses the question of naïve monarchism from the various standpoints of the government the radicals and the peasants themselves In the introductory chapter Field reviews the myth of the tsar and how it has changed over time He then moves on to detailed case studies of two important peasant uprisings Bezdná 1861 and Chigirin 1877 Through analysis of well chosen documents translated for the first time and intelligent balanced commentary Field offers the most complete interpretation yet of these important events In the final chapter he reexamines our preconceptions about peasants and draws innovative conclusions about the nature of their lives and thoughts *Rebels in the Name of the Tsar* is essential reading for students and teachers of Russian history and peasant sociology and for the interested layperson

Russian Nationalism Since 1856 Astrid S. Veiled Empire Douglas T. Northrop, 2016-06-08 Drawing on extensive research in the archives of Russia and Uzbekistan Douglas Northrop here reconstructs the turbulent history of a Soviet campaign that sought to end the seclusion of Muslim women In Uzbekistan it focused above all on a massive effort to eliminate the heavy horsehair and cotton veils worn by many women and girls This campaign against the veil was in Northrop s view emblematic of the larger Soviet attempt to bring the proletarian revolution to Muslim Central Asia a region Bolsheviks saw as primitive and backward The Soviets focused on women and the family in an effort to forge a new liberated social order This unveiling campaign however took place in the context of a half century of Russian colonization and the long standing suspicion of rural Muslim peasants toward an urban colonial state Widespread resistance to the idea of unveiling quickly appeared and developed into a broader anti Soviet animosity among Uzbeks of both sexes Over the next quarter century a bitter and often violent confrontation ensued with battles being waged over indigenous practices of veiling and seclusion New local and national identities coalesced around these very practices that had been placed under attack Veils became powerful anticolonial symbols for the Uzbek nation as well as important markers of Muslim propriety Bolshevik leaders who had seen this campaign as an excellent way to enlist allies while proving their own European credentials as enlightened reformers thus inadvertently strengthened the seclusion of Uzbek women precisely the reverse of what they set out to do Northrop s fascinating and evocative book shows both the fluidity of Central Asian cultural practices and the real limits that existed on

Stalinist authority even during the ostensibly totalitarian 1930s Aspiration, Representation and Memory Jessica Munns, Penny Richards, Jonathan W. Spangler, 2016-03-09 Exploiting the turbulence and strife of sixteenth century France the House of Guise arose from a provincial power base to establish themselves as dominant political players in France and indeed Europe marrying within royal and princely circles and occupying the most important ecclesiastical and military positions Propelled by ambitions derived from their position as cadets of a minor sovereign house they represent a cadre of early modern elites who are difficult to categorise neatly neither fully sovereign princes nor fully subject nobility They might have spent most of their time in one state France but their interests were always trans national contested spaces far from the major centres of monarchical power from the Ardennes to the Italian peninsula were frequent theatres of activity for semi sovereign border families such as the Lorraine Guise This nexus of activity and the interplay between princely status and representation is the subject of this book The essays in this collection approach Guise aims ambitions and self fashioning using this trans national dimension as context their desire for increased royal rather than merely princely power and prestige and the use of representation visual and literary in order to achieve it Guise claims to thrones and territories from Jerusalem to Naples are explored alongside the Guise dream of Italy with in depth studies of Henry of Lorraine fifth Duke of Guise and his attempts in the mid seventeenth century to gain a throne in Naples The combination of the violence and drama of their lives at the centres of European power and their adroit use of publicity ensured that versions of their strongly delineated images were appropriated by chroniclers playwrights and artists in which they sometimes featured as they would have wished as heroes and heroines frequently as villains and ultimately as characters in the narratives of national heritage

The Insurgency in Chechnya and the North Caucasus Robert W. Schaefer, 2010-10-22 For the first time a military expert on both Russia and insurgency offers the definitive guide on activities in Southern Russia explaining why the Russian approach to counter terrorism is failing and why terrorist and insurgent attacks in Russia have sharply increased over the past three years *The Insurgency in Chechnya and the North Caucasus* From Gazavat to Jihad is an comprehensive treatment of this 300 year old conflict Thematically organized it cuts through the rhetoric to provide a contextual framework with which readers can truly understand the why and how of one of the world s longest running contemporary insurgencies despite Russia s best efforts to eradicate it A fascinating case study of a counterinsurgency campaign that is in direct contravention of U S and Western strategy the book also examines the differences and linkages between insurgency and terrorism the origins of conflict in the North Caucasus and the influences of different strains of Islam of al Qaida and of the War on Terror A critical examination of never before revealed Russian counterinsurgency COIN campaigns explains why those campaigns have consistently failed and why the region has seen such an upswing in violence since the conflict was officially declared over less than two years ago Women in Russia, 1700-2000 Barbara Alpern Engel, 2004 Table of contents
