Make Believe Moon:

Making Make-Believe Real Garry Wills, 2014-06-10 Shakespeare's plays abound with kings and leaders who crave a public stage and seize every opportunity to make their lives a performance Antony Cleopatra Richard III Othello and many others Such self-dramatizing characters appear in the work of other playwrights of the era as well Marlowe's Edward II and Tamburlaine among them But Elizabethan playwrights were not alone in realizing that a sense of theater was essential to the exercise of power Real rulers knew it too and none better than Queen Elizabeth In this fascinating study of political stagecraft in the Elizabethan era Garry Wills explores a period of vast cultural and political change during which the power of make-believe to make power real was not just a theory but an essential truth Wills examines English culture as Catholic Christianity's rituals were being overturned and a Protestant queen took the throne New iconographies of power were necessary for the new Renaissance liturgy to displace the medieval church state The author illuminates the extensive imaginative constructions that went into Elizabeth's reign and the explosion of great Tudor and Stuart drama that provided the imaginative power to support her long and successful rule

Random Thinking O. E. Cramer, 2011-08-02 The book *Random Thinking* is my first attempt at writing a full-length manuscript and having it published as a writer It is a collection of short poems observations make-believe and not-so-make-believe things that pop into my head then suddenly appear on the written page This book as well as my children's book titled *Non-sensibles* is on my bucket list which simply put are things I want to achieve in my life Both are scheduled for release toward the middle of November this year

Catalog of Copyright Entries, 1945 *Moon's Crossing* Barbara Croft, 2003-08-12 A stunning cinematic debut novel set at the 1893 Chicago World's Fair *Moon's Crossing* explores a unique time in American history when the romantic heritage of the nineteenth century merged with the industrial temperament of the modern age Jim Moon an idealistic Union Army veteran leaves his young wife and son to visit the World's Columbian Exposition which has attracted America's greatest artists and thinkers as well as its drifters and schemers Nick a fast-talking con man takes Moon to Pullman Town a model city south of Chicago that is the site of the complex labor strike of 1894 Moon comes to see that the bright future the fair promised is compromised by greed Unable to recapture his early vision of America he takes his own life and in so doing generates a surprising love story between a common young woman and a corrupt policeman as well as a major upheaval in the life of his neglected son Kaleidoscopic and fast-paced *Moon's Crossing* draws on such sources as the traditional tall tale to present a unique narrative style Moon's adventures are completely American and the legacy he leaves is ironically more significant than his failed life would have foretold

For All Mankind Harry Hurt, 2019-07-16 Far more than a history of lunar exploration Hurt is at his best in the deft sketches of the astronauts as they were and as they became Chicago Tribune Between December 1968 and December 1972 twenty four men captured the imagination of the world as they voyaged to the moon In *For All Mankind* Harry Hurt III presents a dramatic engrossing and expansive account of those journeys Based on extensive research and exclusive interviews with the Apollo astronauts *For All Mankind* remains one of the most comprehensive and revealing firsthand accounts of space travel ever assembled In their own words the astronauts share the sights sounds thoughts fears hopes and dreams they experienced during their incredible voyages In a compelling narrative structured as one trip to the moon Harry Hurt recounts all the drama and danger of the lunar voyages from the anxiety of the astronauts prelaunch procedures through the euphoria of touchdown on the lunar surface Updated with a new introduction by the author for the 50th anniversary of the Apollo 11 moon landing *For All Mankind* is both an extraordinary adventure story and an important historical document Hurt's timely book is like an instant replay of the dramatic moon flight years Hurt tells us of the hardships and the successes of the Apollo program the remarkable journey to the moon of the astronauts and technicians who made it possible and the goals of the nation in space Houston Chronicle The meat here lies in the lunar voyage itself an irresistible mix of danger courage tedium and spectacle evoked with unprecedented detail by those who went there Kirkus Reviews

The Only Words That Are Worth Remembering Jeffrey Rotter, 2025-09-23 A darkly comic wildly original novel of a family in flight from the law set in a near future American dystopia In an America of the semi distant future human knowledge has reverted to a pre Copernican state Science and religion are diminished to fairy tales and Earth once again occupies the lonely center of the universe the stars and planets mere etchings on the glass globe that encases it But when an ancient bunker containing a perfectly preserved space vehicle is discovered beneath the ruins of Cape Canaveral it has the power to turn this retrograde world inside out Enter the miscreant Van Zandt clan whose run ins with the law leave them with a no win choice test pilot the spacecraft together as a family or be sent separately to prison for life Their decision leads to some freakish slapstick one nasty bonfire and a dissolute trek across the ass end of an all too familiar America As told to his daughter by Rowan the Van Zandt son who flees the ashes of his family in search of a new one the story is a darkly comic

road trip that pits the simple hell of solitude against the messy consolations of togetherness Jeffrey Rotter's *The Only Words That Are Worth Remembering* is an indelible vision of a future in which we might one day live **The Moon's Dominion**
