Nehemiah, 2020-12-31 The church is a contextualized reality and if it is to flourish its leaders must be raised up to serve their

developing the leaders it needs our approach to training must be informed by its local context In this immensely practical  
text Joseph Nehemiah combines sound pedagogical research with rich cultural insight to provide a framework for training  
leaders in an Arab context Examining principles of adult education in light of Arab cultural dynamics Nehemiah offers a

paradigm for experiential learning that is biblically rooted and contextually appropriate Informed by the experience of professors in the Arab Gulf along with extensive interviews from local church leaders Leadership Training in the Hands of the Church seeks to place the development teaching and training of leaders into the hands of the local church
