Phillipson, 2010-10-05 Nicholas clubs and a myriad of other associations Phillipson's intellectual biography of Adam Smith shows that Smith saw himself as philosopher rather than an economist Phillipson shows Smith s famous works were a part of a larger scheme to establish a Science of Man which was to encompass law history and aesthetics as well as economics and ethics Phillipson explains Adam Smith's part in the rapidly changing intellectual and commercial cultures of Glasgow and Edinburgh at the time of the Scottish Enlightenment Above all Phillipson explains how far Smith s ideas developed in dialog with his closest friend David Hume Publisher s description **Bodies, Saving Souls** Guenter B. The Incendiary Jessica Warner,2011-03-11 In 1776 and 1777 during the American Revolution a young Scot known only as John the Painter took his war to England by committing acts of terror in the dockyards of the mighty British navy This is the first full length biography of that brilliant but disturbed young man His story offers chilling parallels to the present and insights into why certain young men are driven to commit unspeakable crimes Warner has written a book of history that reads like a picaresque novel but always with a modern twist Its hero travels to France and receives the blessing of the American envoy there King George III offers a reward for his capture Bow Street Runners are sent out inpursuit Newspapers print sensational stories A bill to suspend habeas corpus is rushed through Parliament and American privateers the unlawful combatants of their day are held without being charged The Incendiary takes readers on a fascinating journey from Europe to colonial America and finally to the gallows at Portsmouth In this atmospheric and deftly researched tale of a young man who tried to bring down a superpower Warner has crafted a popular history with contemporary implications The Wodrow-Kenrick Correspondence 1750-1810 ,2024-12-12 This is the second volume of the Wodrow Kenrick Correspondence 1750 1810 Reverend James Wodrow 1730 1810 minister of the Church of Scotland at Stevenston in Ayrshire and Samuel

Kenrick 1728 1811 tutor to a Renfrewshire family until 1763 and subsequently a merchant and banker in Bewdley Worcestershire began corresponding around 1750 soon after leaving the University of Glasgow They continued to do so until James Wodrow's death in 1810 Their correspondence is an exceptionally rich resource for the study of British culture and society in the era of Enlightenment and revolutions here made easily available to scholars for the first time Samuel Kenrick lived in England from 1765 and the men only met again in 1789 so their friendship was carried out almost entirely on paper for forty five years The correspondence constitutes a remarkable record of a friendship In Volume 2 1784 1790 Wodrow and Kenrick were long established in successful careers and their daughters were now adults A major theme in this book is Mary Kenrick's visit to Scotland to stay with the Wodrow family in summer 1784 and Helen Nell Wodrow's return with her to Bewdley to become part of the Kenrick household until September 1785 Wodrow himself visited Bewdley on the only occasions he ever did this in early September and late October 1788 on his way to and from London to arrange for the publication of two volumes of the sermons of his mentor Principal William Leechman of Glasgow University As well as discussing family friendship and the practicalities of publishing the letters in this volume contain lively and highly readable exchanges on theology and church politics in Scotland and England university politics in Glasgow a wide range of contemporary literature and an enormous spectrum of famous and less well known politicians authors clergymen and local figures in Ayrshire and Worcestershire Chinese Art Maxwell K. Hearn, Judith G. Smith, Metropolitan Museum of Art (New York, N.Y.),2001 China's entry into the modern era was shaped by unprecedented internal turmoil and external pressures which brought a forceful end to two millennia of imperial rule and cultural insularity. The essays in this volume offer a variety of perspectives on the impact of the West on indigenous literature architecture painting and calligraphy during this period ca 1860 1980 This book is published in conjunction with the exhibition Nineteenth and Twentieth Century Chinese Paintings from the Robert H Ellsworth Collection in The Metropolitan Museum of Art held at the museum from 30th January 19th A Higher World Michael Fry, 2014-11-01 Engaging and very readable an essential read for those wanting August 2001 to get under the skin of modern Scottish history from the author of Glasgow Scottish Field Michael Fry here applies his uniquely wide ranging procedures of Scottish historical analysis to the eighteenth century which gave this small nation its one era of truly global significance He adds Never again was it to be so exemplary unless perhaps in the twenty first century In his journey from the Union of 1707 to its centenary and beyond Fry takes in vivid scenes from all over the country ranges up and down the social scale from peeresses to prostitutes from lairds to lunatics and covers every major aspect of national life from agriculture to philosophy Most other Scottish histories published in recent times concentrate on social and economic history but Fry insists that any true understanding of the nation in the past as in the present needs to pay at least as much attention to politics and culture The social history and the economic history show us how Scotland was integrated into Britain The political history and the cultural history show us why the integration was never complete In this book

readers will see both sides surveyed In that way they will come also to understand how the nation s rebirth in our own day remained possible Has the usual Fry merits of being elegantly written and the product of an incisive and original mind The Herald Ambitious and well produced The Scotsman Lord Selkirk J.M. Bumsted, 2008-11-01 Thomas Douglas the Fifth Earl of Selkirk 1770 1820 was a complex man of his times whose passions left an indelible mark on Canadian history A product of the Scottish Enlightenment and witness to the French Revolution he dedicated his fortune and energy to the vision of a new colony at the centre of North America His final legacy the Red River Settlement led to the eventual end of the dominance of the fur trade and began the demographic and social transformation of western Canada The product of three decades of research this is the definitive biography of Lord Selkirk Bumsted's passionate prose and thoughtful analysis illuminate not only the man but also the political and economic realities of the British empire at the turn of the nineteenth century He analyzes Selkirk's position within these realities showing how his paternalistic attitudes informed his social experiments in colonization and translated into unpredictable and often tragic outcomes Bumsted also provides extensive detail on the complexities of colonization the Scottish Enlightenment Scottish peerage the fur trade the Red River settlement and early British Canadian politics Sir Walter Scott: Landscape and Locality James Reed, 2014-01-13 Scott was the first British novelist to discover in landscape a literary as well as a pictoral medium an insight which he exploits to powerful effect in his Scottish novels Mr Reed's book breaks new ground by demonstrating the originality of Scott's landscapes in which romantic nature takes its place in a realistic context of people history architecture and traditions. The author shows how as poet and novelist Scott explores the notion of place to a depth where it operates not merely as dramatic background but as a force which shapes and directs the minds of its inhabitants This study adds a new dimension to the understanding of Scott s work
