

Making An Effective **ADVERTISING** C A M P A I G N

What Is Discontinuity Precisely?

It's the expansion in the number of accessible techniques for getting your message to your crowd.

Try to make sense of who your objective market is, the thing that they need, and what they look like for that data.

Here Are Some Straightforward Advances:

1

Know your crowd

What do they need? Where do they shop? What do they read? How old right? Where do they hang out? Do they need your item or administrations? Would they be able to bear the cost of your item or administrations?

Know your opposition

Beset up to do a little analyst work. What actions are your three fundamental rivals taking to promote? Where are they advertising? Is it accurate to say that you are contacting a similar crowd?

2

3

Know your message

What precisely would you say you are attempting to state? What would your clients like to hear? For what reason would it be a good idea for them to purchase from you, and not another person? Make the most of each word.
