in which familiar characters appear in book after book In the late nineteenth and early twentieth century authors began to write science fiction series for children These early series generally had plots that revolved around inventions developed by the protagonist But it was the development and use of rocket and atomic science during World War II that paved the way for interesting and exciting new themes conflicts and plots While much has been written about the early juvenile science fiction series particularly the Tom Swift books comparatively little has been written about children s science fiction series published since 1945 This book provides a broad overview of this previously neglected topic The volume offers a critical look at the history themes characters settings and construction of post 1945 juvenile science fiction series including the A I Gang the Animorphs Commander Toad Danny Dunn Dragonfall Five the Magic School Bus and Space Cat The book begins with an introductory history of juvenile science fiction since 1945 with chapters then devoted to particular topics Some of these topics include the role of aliens and animals attitudes toward humor the absence and presence of science and the characterization of women A special feature is an appendix listing the various series In addition the volume provides extensive bibliographical information

Pathways to the Gods Erich von Däniken, 2011-06-08 A spaceport in the Andes A computer chart in Egyptian ruins Primitive sculptures of figures wearing space suits Erich von Daniken s Chariots of the Gods stunned the world with the archaeological discovery that alien beings once colonized earth Now in Pathways to the Gods von Daniken reveals the story of his travels following the trail of the ancient visitors from the technologically sophisticated stone ruins in the Bolivian Andes to the sensational Sanskrit descriptions of space battles in Calcutta new proof of von Daniken s startling theory that man descended from the stars

Making Contact Alan Steinfeld, 2021-05-04 I feel it is one of the best approaches I have found to grasp the most jarring enigma humanity has ever faced George Noory host of Coast to Coast AM We cannot separate the earth from its greater cosmic environment What is needed is a new story and Alan Steinfeld s Making Contact is part of that story Deepak Chopra Author Total Meditation How can we prepare for an event that is literally beyond anything humanity has ever faced Making Contact presents multiple perspectives on what no longer can be denied UFOs and their occupants are visiting our world The book answers questions which remain in the wake of the recent Pentagon s disclosures as to who and why these beings are here The volume contains original writings by the leading experts of the phenomena such as Linda Moulton Howe Earthfiles reporter Whitley Strieber best selling author of Communion Professor John E Mack former head of the Harvard Medical school of psychiatry and an alien abduction investigator Darryl Anka internationally known for his communication with the extraterrestrial Bashar Nick Pope former UK Ministry of Defense UFO investigator Grant Cameron expert on American presidents and UFOs Drs J J and Desiree Hurtak globalists and founders of the worldwide organization The Academy for Future Science Caroline Cory director of Superhuman and ET Contact Mary Rodwell author of the New Human about star seed children Henrietta Weekes actress and writer expressing the poetic aspects of making contact Alan Steinfeld contributes and curates the collection with 30 years of

experience with the subject The Foreword by George Noory of Coast to Coast AM kicks off the volume with his veteran overview of the need to wake up to the new realities of extraterrestrial existence At this critical juncture in the government's official acknowledgement of the reality of UFOs UAPs scientists politicians and mainstream news outlets have no idea what to make of these startling revelations or the outpouring of sightings and contact experiences currently being reported on a global scale The book stands as the most comprehensive clarification to date on the intent and intelligence behind the phenomena The variety of viewpoints expressed in the volume provide a solid foundation for the preparation of the greatest challenge to ever face humankind Making Contact stands as the essential handbook for embracing the most exalted moment in history Meeting the cosmic others

A Sense-of-Wonderful Century Gary Westfahl, 2013-07-30 This book gathers together many of the illuminating essays on science fiction and fantasy film penned by a major critic in the SF field The pieces are roughly organized in the chronological order of when the movies and television programs being discussed first appeared with essays providing more general overviews clustered near the beginning and end of the volume to provide the overall aura of a historical survey Although this book does not pretend to provide a comprehensive history of science fiction and fantasy films it does intermingle analyses of films and TV programs with some discussions of related plays novels stories and comic books particularly in the essays on *This Island Earth* and *2001 A Space Odyssey* and its sequels Inciteful entertaining and full of intelligent and witty observations about science fiction and its sometimes curious relationship with the visual media these essays will both delight and entertain critics fans and viewers alike

Once a Boy J. J. Irwin, 2013-08 Read about the customs of the times which foreshadowed the computer age and what it was like to grow up in a working class family in southern Britain where people didn't have a great deal so some of us used to write stuff The book shines a light on a young boy's interaction with the world and gives an accurate insight into the social structure of the time Drawing on personal childhood experience I've tried to portray a vivid picture of the customs and styles of that period along with typical children's play and adventure while describing products systems and technologies that were evolving says the author Children become adults but the child remains within us all Therefore this book is dedicated to children however old you may be

Lost in Space Marleen S. Barr, 2017-11-01 Archaeologists and anthropologists discover other civilizations science fiction writers invent them In this collection of her major essays Marleen Barr argues that feminist science fiction writers contribute to postmodern literary canons with radical alternatives to mainstream patriarchal society Because feminist science fiction challenges male centered social imperatives it has been marginalized and dismissed from the canon thus lost in space Moving beyond feminist science fiction itself Barr goes on to examine other literary genres from the perspective of feminist fabulation a term she has coined to encompass science fiction fantasy utopian literature and mainstream literature that critiques patriarchal fictions Discussing the works of such writers as Margaret Atwood Joanna Russ Salman Rushdie Paul Theroux Ursula Le Guin Herman Melville Saul Bellow Edgar Allan Poe and Marge Piercy Barr illuminates feminist

science fiction's connections to other literary traditions and contemporary canons Her critical analysis yields a new and expanded understanding of feminist creativity
