history he produced published here for the first time in English translation is the most complete account of California before the gold rush by someone who resided in California at the time Mariano Guadalupe Vallejo 1807-90 grew up in Spanish California became a leading military and political figure in Mexican California and participated in some of the founding events of U S California such as the Monterey Constitutional Convention and the first legislature With his project undertaken for historian and publisher Hubert Howe Bancroft Vallejo sought to correct misrepresentations of California's past which dismissed as insignificant the pre gold rush Spanish and Mexican periods conflated into one Mission era Instead Vallejo's history emphasized the role of the military in the Spanish colonization of California and argued that the missionaries after Jun pero Serra with their medieval ideas had actually retarded the development of California until secularization in the early 1830s Culture he contended was of intense interest to the Californio people as was the education of children His accounts of Indigenous peoples while often sympathetic were also characteristic of his time he and other California military leaders Vallejo maintained had successfully subdued hostile Indians and established mutually beneficial relationships with others Out of keeping with Bancroft's American triumphalism Vallejo's monumental project was consigned to the archives With their deft translation and commentary Rose Marie Beebe and Robert M Senkewicz authors of a companion volume on Vallejo's work have brought to light a remarkable perspective often firsthand on important events in early California history Their efforts restore a critical chapter to the story of California and the American West
