Committee on Curriculum-Making, Harold Ordway Rugg, 1969 **The Foundations and Technique of Curriculum-construction** National Society for the Study of Education. Committee on Curriculum-Making, 1926 **The Making Of The Curriculum** Ivor F Goodson, 2002-11-01 The first edition of *The Making of Curriculum* was published in 1988 and reviewers hailed it as a seminal work in the field In that work Goodson explored a number of aspects of the so called traditional subjects and described the way they develop over time to a point where they can be promoted as academic disciplines He showed that the claim to be academic was in fact the result of a substantial political contest covering a century or more The traditional subject was in short invented The first edition of this book provided a series of challenging insights for those desiring to make sense of the current debate over schooling In this new and extended second edition Bill Pinar adds an illuminating introduction and Goodson brings his argument up to date with a discussion of the National Curriculum a contemporary initiative in the making of curriculum Curriculum Improvement Ronald C. Doll, 1992 The Ninth Edition of *Curriculum Improvement* is comprehensive unique practical and thought provoking Despite the problems it cites the book offers a message of hope that schools can help to solve society's problems by impressing upon children and youth that they can achieve and succeed if they act in doing what they know to be right and productive *Developing the Curriculum* Peter F. Oliva, 1988 **Creating the Curriculum** Dominic Wyse, Vivienne Baumfield, David Egan, Louise Hayward, Moira Hulme, Ian Menter, Carmel Gallagher, Ruth Leitch, Kay Livingston, Bob Lingard, 2012-08-21 Is there an ideal primary school curriculum Who should decide what the curriculum is Should teachers have autonomy over how they teach The curriculum is the heart of what teachers teach and learners learn effective teaching is only possible with an effective curriculum Yet in spite of its importance there has been a crisis in curriculum that has been caused in large part by governments assuming direct control over the curriculum assessment and increasingly pedagogy *Creating the Curriculum* tackles this thorny issue head on challenging student and practising primary school teachers to think critically about past and present issues and to engage with a new wave of curriculum thinking and development Considering curriculum construction and its impact on teaching and learning in the four countries of the UK key issues considered include who should decide the curriculum its aims and its values the extent to which issues in primary education swing back and forth Subjects versus thematic organisation stages and phases progression breadth and balance prescription versus teacher autonomy the key features of effective classroom practice strategies for assessing the whole curriculum how language in the classroom influences curriculum design understanding curricula in the context of children's social and personal circumstances creativity curriculum and the classroom Illustrated throughout with strategies and case studies from the classroom *Creating the*

Curriculum accessibly links the latest research and evidence with concrete examples of good practice. It is a timely exploration of what makes an effective and meaningful curriculum and how teachers can bring new relevance, motivation and powerful values to what they teach. The Foundations and Technique of Curriculum-construction National Society for the Study of Education. Committee on Curriculum Planning, National Society for the Study of Education. Committee on Curriculum-Making, 1927. **The Technique of Curriculum Making** Henry Harap, 1928. *Developing a Quality Curriculum* Allan A. Glatthorn, 2004-02-17. In this concise well organized guide to developing high quality school curricula Glatthorn blends sound research initiatives and trends with his practical experience as a curriculum consultant to more than one hundred school systems. Glatthorn believes that shared leadership and responsibility are essential to achieve quality. Curriculum development should involve a collaborative process that includes input from the state, district, school administrators, classroom teachers and parents. From Organizing and Planning for Curriculum Work to Conducting a Curriculum Audit to Ensure Quality, *Developing a Quality Curriculum* is a valuable resource for understanding and practicing sound curriculum development. *The Teacher in Curriculum Making* Joseph Leese, 1961. **The Foundations of Curriculum-making** National Society for the Study of Education. Committee on Curriculum-Making, 1969. *Landscapes, Edges, and Identity-Making* Vicki Ross, Elaine Chan, 2019-10-21. In this volume experiences as narrative inquiry are explored in order to make sense of research identities and the response community we have created through this process. Researchers bring together thinking and experiences in the current educational landscape to better understand the ways researchers have shaped and been shaped by their work. *Administrative Procedures in Curriculum Making for Public Schools* Walter Dewey Cocking, 1928. Developing a Curriculum Audrey Nicholls, S. Howard Nicholls, 2018-10-03. Originally published in 1972. This is a practical and comprehensive guide to planning and developing a curriculum which will give both professional and prospective teachers a clearer insight into this vital part of the teacher's role. The study of objectives, selection and organisation of content and methods, evaluation, the total situation, various settings for curriculum development and the advantages of co-operative curriculum planning are among the aspects considered but they are always linked to the school and classroom situation with frequent examples of curriculum development based on the principles outlined. The authors' wide experience of helping teachers plan their own curriculum and their first hand experience of curriculum development projects makes them well placed to understand the problems confronting the teacher. **Developing Future-ready Learners for a Global Age** Suzanne S. Choo, Woon Chia Liu, Bee Leng Chua, 2024-12-02. Suzanne S. Choo, Woon Chia Liu and Bee Leng Chua offer a dynamic look into the tripartite relationship between education, research, policy and practice that characterizes Singapore's changing education landscape. Over the years, Singapore has garnered increasing attention internationally for its world class education system. Pushing back against the stereotypical notions of exam and teacher centric education in Asia, the contributors to this volume discuss opportunities as well as challenges in Singapore's innovation

towards constructivist critical culturally responsive and cosmopolitan forms of learning Highlighting the pedagogical innovation and its context in Singapore s teacher education and schools the authors bridge theory and practice by providing an understanding of innovative practices informed by key shifts in Singapore s education policies and the key conceptual principles informing these practices More importantly it provides on the ground empirical insights into the ways these innovative pedagogical practices are enacted in the classroom and in teacher education programmes Each chapter provides an in depth understanding of how these pedagogies are applied across various subject disciplines including guided problem solving in Mathematics games based pedagogy in Science multimodal literacies in language ethical criticism in Literature Nonlinear Pedagogy in Physical Education multicultural approaches in music and dialogic pedagogy in drama among others Balancing theoretical and empirical focus this resourceful text will be of interest to students researchers and practitioners in educational development pedagogy and teacher education as well as policymakers across international fields in education

Making Of Curriculum Introduction

In today's digital age, the availability of Making Of Curriculum books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Making Of Curriculum books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Making Of Curriculum books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Making Of Curriculum versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Making Of Curriculum books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Making Of Curriculum books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Making Of Curriculum books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated

to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Making Of Curriculum books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Making Of Curriculum books and manuals for download and embark on your journey of knowledge?
