In the process, *Heroes Are Grazing In My Garden* paints an astonishingly realistic portrait of an idealist movement gone sour and the lives of the men and women lost in the somber turn of the tide. **Teaching Beginner ELLs Using Picture Books** Ana Lado, 2012-09-12 Picture your beginning ELLs reading their way to success. Evidentiality and Epistemic Modality in Spanish (Semi-)Auxiliaries Bert Cornillie, 2008-08-27 This volume presents a systematic and comprehensive analysis of the Spanish evidential semi auxiliaries *parecer* and *resultar* the modal constructions with *amenazar* and *prometer* and the modal auxiliaries *poder* *deber* and *tener que* These verbs have never been considered together in a global approach that transcends the classical verbal periphrases model The book proposes a cognitive functional account of evidentiality and modality in Spanish with special attention to subjectivity and grounding The theoretical reflection relies on empirical evidence of two sorts synchronic and diachronic corpus analyses alternate with tests that measure the semantic and pragmatic compatibility of the evidential and epistemic constructions with specific sentences Following the assumption that linguistic forms are determined by their meaning the array of constructions that characterizes the different verbs justifies their grouping in three pairs of semi auxiliaries *parecer* vs *resultar* *amenazar* vs *prometer* and *poder* vs *deber tener que* The distributional differences observed in the corpus are further shown to correlate with different degrees of grammaticalization Primarily intended for scholars working in the field of Spanish functional linguistics the monograph is also relevant for grammaticalization studies and for cognitive semantic research at large Given its combined theoretical and applied character the volume is also of interest to anyone concerned with syntactic processes lexical semantics or the wider area of discourse analysis and pragmatics
