*Margaret Fuller* Charles Capper, Cristina Giorcelli, 2008-01-15  
Margaret Fuller 1810-1850, a pioneering gender theorist, transcendentalist, journalist and literary critic, was one of the most well-known and highly regarded feminist intellectuals of nineteenth-century America. With her contemporaries Ralph Waldo Emerson and Henry David Thoreau, she was one of the predominant writers of the Transcendentalist movement and she aligned herself in both her public and private life with the European revolutionary fervor of the 1840s. She traveled to Italy as a foreign correspondent for the New York Tribune to cover the nascent revolutions, pursuing the transnational ideal awakened in her youth by a classical education in European languages and a Romantic curiosity about other cultures, traditions and identities. This volume is a collaboration of international scholars who from varied fields and approaches assess Fuller's genius and character. Treating the last several years of Margaret Fuller's short life, these essays offer a truly international discussion of Fuller's unique cultural, political and personal achievements. From the origins and articulations of Fuller's cosmopolitanism to her examination of the woman question and from her fascination with the European other to her candid perception of imperial America from abroad, they ponder what such an extraordinary woman meant to America and also to Italy and Europe during her lifetime and continuing to the present.  
Literary Concord Uncovered Joseph L. Andrews, 2014-07-15  
Why did Concord, Massachusetts, the small inland farming village twenty miles northwest of Boston, become the center of America's intellectual life in the mid-1800s? And why did celebrated authors Henry D. Thoreau, Ralph Waldo Emerson, Louisa May Alcott, Nathaniel Hawthorne and Margaret Fuller all live and write at that same time in Concord? *Literary Concord Uncovered*

provides a wonderful introductory overview of Concord's classic authors and their creations. It reveals some of the secrets that enabled these brilliant American authors to write their pioneering works which include Thoreau's *Walden*, Emerson's *Self-Reliance*, Alcott's *Little Women* and Hawthorne's *The Scarlet Letter*. This book will help readers gain a deeper understanding and experience greater enjoyment from reading extraordinary and exciting books by many of Concord's and America's greatest authors.

**Emerson's Protégés** David Dowling, 2014-08-26 Effects of Emerson's professional guidance as mentor, marketer, editor and promoter for 8 young writers: Margaret Fuller, Henry Thoreau, Christopher Cranch, Samuel Gray, Ward Jones, Very Ellery Channing, Charles Newcomb and Ellen Sturgis Hooper.

**The Transcendentalists** Barbara L. Packer, 2007 Barbara L. Packer's long essay *The Transcendentalists* is widely acknowledged by scholars of nineteenth-century American literary history as the best-written, most comprehensive treatment to date of Transcendentalism. Previously existing only as part of a volume in the magisterial *Cambridge History of American Literature*, it will now be available for the first time in a stand-alone edition. Packer presents Transcendentalism as a living movement evolving out of such origins as New England Unitarianism and finding early inspiration in European Romanticism. Transcendentalism changed religious beliefs, philosophical ideas, literary styles and political allegiances. In addition, it was a social movement whose members collaborated on projects and formed close personal ties. Transcendentalism contains vigorous thought and expression throughout, says Packer; only a study of the entire movement can explain its continuing sway over American thought. Through fresh readings of both the essential Transcendentalist texts and the best current scholarship, Packer conveys the movement's genuine expectations that its radical spirituality not only would lead to personal perfection but also would inspire solutions to such national problems as slavery and disfranchisement. Here, Emerson, Thoreau and Fuller are restored to their place alongside such contemporaries as Bronson Alcott, George Ripley, Jones Very, Theodore Parker, James Freeman Clarke, Orestes Brownson and Frederick Henry Hedge.

**Catholicism and American Freedom: A History** John T. McGreevy, 2004-09-17 A brilliant book which brings historical analysis of religion in American culture to a new level of insight and importance. *New York Times Book Review*: Catholicism and American Freedom is a groundbreaking historical account of the tensions and occasional alliances between Catholic and American understandings of a healthy society and the individual person, including dramatic conflicts over issues such as slavery, public education, economic reform, the movies, contraception and abortion. Putting scandals in the Church and the media's response in a much larger context, this stimulating history is a model of nuanced scholarship and provocative reading.

**Emerson's Memory Loss** Christopher Hanlon, 2018 Introduction: Recalling Emerson. Emerson's memory loss. Knowing by heart. Streams of thought. Coda. Inside information.

**American Bloomsbury** Susan Cheever, 2007-09-18 A portrait of five Concord, Massachusetts writers whose works were at the center of mid-nineteenth-century American thought and literature. Evaluates their interconnected relationships, influence on each other's works and complex beliefs.
