**Raisin' Cane in Appalachia** David Osborne, 2013-04-24 Author David Osborne has brought to life the difficult experiences and carefree joys of growing up in Appalachia The family consisted of thirteen children plus Mom and Dad and they lived on the old home place that the family referred to simply as The Holler The children worked tirelessly alongside their father Steve and mother Thelma to coax perhaps force a living from the hills and the small amount of level land that they called a farm We all had full time yearlong jobs Osborne remembers The kinds of work that we did often varied from season to season but the work itself was always there Osbornes ancestors having come from Southwest Virginia through Pike County Kentucky and settling in Southern Ohio always lived a difficult life There was hunting and fishing hog killing cane grinding and plowing the rocky land to raise a garden His grandfather was always full of hair raising stories and tall tales that would curl your toes He knew that all his ancestors were not thoroughbreds and he also knew that some could have been considered nags so he knew that the tall tales were not far from the truth Life was not always about work because above all there were the children and their attempts to have fun Through their relentless efforts by the rambunctious irrepressible and in many cases irresponsible children to amuse themselves they played as hard as they worked They survived in spite of everything life could throw against them These were simpler times when the family grew up There were no phones or television sets in the house They had no electricity or

running water therefore making the outhouse a significant part of their lives Those that grew up during this time will remember and may linger a moment to compare their lives with the events and situations in this book Some may tend to look back fondly at the memories but just keep in mind that there were many memories that we all would just as soon forget
