My Khyber Marriage:

My Khyber Marriage Morag Murray Abdullah, 1934 *My Khyber Marriage, Etc. [With Plates, Including Portraits.]*. Morag Murray Abdullah, 1934 **Empire's Son, Empire's Orphan** Nile Green, 2024-07-02 A rollicking story of two literary fabulists who revealed the West's obsession with a fabricated exotic East. In the highbrow literary circles of the mid twentieth century a father and son spread seductive accounts of a mystical Middle East. Claiming to come from Afghanistan Iqbal and Idries Shah parlayed their assumed identities into careers full of drama and celebrity writing dozens of books that influenced the political and cultural elite. Pitching themselves as the authentic voice of the Muslim world they penned picaresque travelogues and exotic potboilers alongside weighty tomes on Islam and politics. Above all father and son told Western readers what they wanted to hear: audacious yarns of eastern adventure and harmless Sufi mystic myths that as the century wore on and the Taliban seized power became increasingly detached from reality. *Empire's Son* *Empire's Orphan* follows the Shahs from their origins in colonial India to literary London, wartime Oxford and counterculture California via the Levant, the League of Nations and Latin America. Nile Green unravels the conspiracies and pseudonyms, fantastical pasts and self aggrandizing anecdotes, high stakes and bold schemes that for nearly a century painted the defining portrait of Afghanistan. Iqbal and Idries convinced poets, spies, orientalists, diplomats, occultists, hippies and even a prime minister that they held the key to understanding the Islamic world. From George Orwell directing Muslim propaganda to Robert Graves translating a fake manuscript of Omar Khayyam and Doris Lessing supporting jihad, Green tells the fascinating tale of how the book world was beguiled by the dream of an Afghan Shangri-La that never existed. Gambling with the currency of cultural authenticity Iqbal and Idries became master players of the great game of empire and its aftermath. Part detective story, part intellectual folly, *Empire's Son* *Empire's Orphan* reveals the divergence between representation and reality between what we want to believe and the more complex truth. *Imperial Heartland* David Holland, 2023-08-17 Working class Britons played a crucial role in the pioneering settlement and integration of South Asians in imperial Britain. Using a host of new and neglected sources, *Imperial Heartland* revises the history of early South Asian immigration to Britain, focusing on the northern English city of Sheffield. Rather than viewing immigration through the lens of inevitable conflict, this study takes an alternative approach, situating mixed marriages and inter-racial social networks centrally within the South Asian settlement of modern Britain. Whilst acknowledging the episodic racial conflict of the early inter-war period, David Holland challenges assumptions that insurmountable barriers of race, religion and culture existed between the British working classes and non-white newcomers. *Imperial Heartland* closely examines the reactions of working class natives to these young South Asian men and overturns our preconceptions that hostility to perceived racial or national difference was an overriding preoccupation of working class people during this period. *Imperial Heartland* therefore offers a fresh and inspiring new perspective on the social and cultural history of modern Britain. *Children of Afghanistan* Jennifer Heath, Ashraf Zahedi, 2014-11-15 The first

comprehensive look at youth living in a country attempting to rebuild itself after three decades of civil conflict *Children of Afghanistan* relies on the research and fieldwork of twenty one experts to cover an incredible range of topics Focusing on the full scope of childhood from birth through young adulthood this edited volume examines a myriad of issues early childhood socialization in war and peace education literacy vocational training and apprenticeship refugee life mental and physical health including disabilities and nutrition children s songs folktales and art sports and play orphans life on the streets child labor and children as family breadwinners child soldiers and militarization sexual exploitation growing up in prison marriage family violence and other issues vital to understanding empowerment and transformation *Children of Afghanistan* is the first volume that not only attempts to analyze the range of challenges facing Afghan children across class gender and region but also offers solutions to the problems they face With nearly half of the population under the age of fifteen the future of the country no doubt lies with its children Those who seek peace for the region must find solutions to the host of crises that have led the United Nations to call Afghanistan the worst place on earth to be born The authors of *Children of Afghanistan* provide child centered solutions to rebuilding the country s cultural social and economic institutions *The Storyteller's Daughter* Saira Shah,2007-12-18 Imagine that a jewel like garden overlooking Kabul is your ancestral home Imagine a kitchen made fragrant with saffron strands and cardamom pods simmering in an authentic pilau Now remember that you were born in London your family in exile and that you have never seen Afghanistan in peacetime These are but the starting points of Saira Shah s memoir by turns inevitably exotic and unavoidably heartbreaking in which she explores her family s history in and out of Afghanistan As an accomplished journalist and documentarian her film *Beneath the Veil* unflinchingly depicted for CNN viewers the humiliations forced on women under Taliban rule Shah returned to her family s homeland cloaked in the burqa to witness the pungent and shocking realities of Afghan life As the daughter of the Sufi fabulist Idries Shah primed by a lifetime of listening to her father s stories she eagerly sought out from the mouths of Afghan refugees in Pakistan the rich and living myths that still sustain this battered culture of warriors And she discovered that in Afghanistan all the storytellers have been men until now *Learning and Writing in Counselling* Mhairi MacMillan, Dot Clark,1998-02-28 This is a very practical how to book written for students on counselling skills courses It is intended to help them through the various problems faced by people returning to education perhaps after a long gap how useful this book could be to students who are confused by the increasingly academic requirements of counselling training courses I would recommend this book as a companion for anyone who is starting a course with little or no experience of academic expectations It is written in a friendly and reassuring style *Counselling The Journal of the British Association for Counselling* This book provides a comprehensive overview of the tasks and the processes of learning and writing required **Literary License and the West's Romance with Afghanistan** Zubeda Jalalzai,2023-11-13 *Literary License and the West's Romance with Afghanistan* analyzes the role literature and poetic sensibility played in colonial British and American writings on Afghanistan from the nineteenth through the twenty first

centuries It also considers the role that literature and literariness itself have played in western discourses framing Afghanistan The British Romantic Orientalists of the 19th century studied the region in depth and were drawn to what they perceived as an alien space where they could remake themselves in print and in life These writers and those who followed including scholars civil servants and wives or professional women were inspired by the region and sometimes crossed ethnic national and imaginative boundaries This book explores the connections that were forged in print through fantastic and familiar assumptions regarding the region and its people

Married to the empire Mary A. Procida, 2017-03-01 In *Married to the empire* Mary A. Procida provides a new approach to the growing history of women and empire by situating women at the centre of the practices and policies of British imperialism Rebutting interpretations that have marginalized women in the empire this book demonstrates that women were crucial to establishing and sustaining the British Raj in India from the High Noon of imperialism in the late nineteenth century through to Indian independence in 1947 Using three separate modes of engagement with imperialism domesticity violence and race Procida demonstrates the many and varied ways in which British women particularly the wives of imperial officials created a role for themselves in the empire Drawing on a wide range of sources including memoirs novels interviews and government records the book examines how marriage provided a role for women in the empire looks at the home as a site for the construction of imperial power analyses British women's commitment to violence as a means of preserving the empire and discusses the relationship among Indian and British men and women *Married to the empire* is essential reading to students of British imperial history and women's history as well as those with an interest in the wider history of the British Empire

An American Bride in Kabul Phyllis Chesler, 2013-10-01 Few westerners will ever be able to understand Muslim or Afghan society unless they are part of a Muslim family Twenty years old and in love Phyllis Chesler a Jewish American girl from Brooklyn embarked on an adventure that has lasted for more than a half century In 1961 when she arrived in Kabul with her Afghan bridegroom authorities took away her American passport Chesler was now the property of her husband's family and had no rights of citizenship Back in Afghanistan her husband a wealthy westernized foreign college student with dreams of reforming his country reverted to traditional and tribal customs Chesler found herself unexpectedly trapped in a posh polygamous family with no chance of escape She fought against her seclusion and lack of freedom her Afghan family's attempts to convert her from Judaism to Islam and her husband's wish to permanently tie her to the country through childbirth Drawing upon her personal diaries Chesler recounts her ordeal the nature of gender apartheid and her longing to explore this beautiful ancient and exotic country and culture Chesler nearly died there but she managed to get out returned to her studies in America and became an author and an ardent activist for women's rights throughout the world *An American Bride in Kabul* is the story of how a naive American girl learned to see the world through eastern as well as western eyes and came to appreciate Enlightenment values This dramatic tale re-creates a time gone by a place that is no more and shares the way in which Chesler turned adversity into a passion for

world wide social educational and political reform In Motion Tony Hiss, 2011-08-17 In this extraordinarily wide ranging insightful and revelatory book Tony Hiss the much praised author of *The Experience of Place* delves into a unique and instantly recognizable though previously undescribed experience that can happen to us when we travel a special understanding and ability that can leave us feeling exhilarated He illustrates how throughout human history from our ancestors walking upright for the first time to astronauts walking on the moon we have repeatedly availed ourselves of this seemingly elusive quality which he calls Deep Travel The sensation of Deep Travel can overtake us Hiss says whenever we tap into a sophisticated wide awake awareness we all possess With a wealth of examples from evocative accounts of his own journeys to celebrated travel writing across the centuries Hiss identifies and rescues this powerful capacity and sets out simple techniques for accessing it no matter where we are And this is only a jumping off point for an original and penetrating explanation of how Deep Travel radically alters our perception of not only where we are but also when we are by placing us in an extended present and how it acts as an open sesame to enlarge and enrich the world around us Going even further he investigates how we can remain absolutely still but travel in time itself as our horizons move backward to include layers of nature and human culture that have gone before or project us forward to consider what our actions will mean to those who will inhabit our spot on earth a few generations from now Whether travel takes you around the corner or around the world once you've read *In Motion* no journey will ever feel the same From the Hardcover edition **NWSA Journal** ,2000

Board of Economic Enquiry, 1962 Women of the Raj Margaret MacMillan, 2007-10-09 In the nineteenth century at the height of colonialism the British ruled India under a government known as the Raj British men and women left their homes and traveled to this mysterious beautiful country where they attempted to replicate their own society In this fascinating portrait Margaret MacMillan examines the hidden lives of the women who supported their husbands conquests and in turn supported the Raj often behind the scenes and out of the history books Enduring heartbreaking separations from their families these women had no choice but to adapt to their strange new home where they were treated with incredible deference by the natives but found little that was familiar The women of the Raj learned to cope with the harsh Indian climate and ward off endemic diseases they were forced to make their own entertainment through games balls and theatrics and quickly learned to abide by the deeply ingrained Anglo Indian love of hierarchy Weaving interviews letters and memoirs with a stunning selection of illustrations MacMillan presents a vivid cultural and social history of the daughters sisters mothers and wives of the men at the center of a daring imperialist experiment and reveals India in all its richness and vitality A marvellous book Women of the Raj successfully re creates a vanished world that continues to hold a fascination long after the sun has set on the British empire The Globe and Mail MacMillan has that essential quality of the historian a narrative gift The Daily Telegraph MacMillan is a superb writer who can bring history to life The Philadelphia Inquirer Well researched and thoroughly enjoyable Evening Standard **G.K. Hall Women's Studies Index** ,2000 **Orientalia** ,1926 Glimpses of India John F. Riddick, 1989-04-17 This selected annotated listing of 580 published personal writings of Englishmen involved in India from 1583 is intended to round out the scattered bibliographical compilations on the history of British India Included are memoirs and autobiographies collections of

personal letters diaries and journals and travel narratives The term British India is used in a broad historical sense to include Afghanistan Nepal Tibet and Burma during the relevant periods of British influence With a few exceptions the volume excludes official minutes reports and correspondence Although each work provides a unique account of the British experience a number of broad trends emerge One of the most striking is the initial experience of parting from family and homeland and embarking on what was before 1830 a five to seven month sail around the Cape of Good Hope Travel within India on the other hand was a high point of the British experience and thus provides the subject for much of the writings Other topics include the violence of the British Indian conflict and the constant danger of death from disease accidents or other mishaps Light is also cast on the role of the Western missionaries who were active in education translating Indian languages and writing dictionaries Although they effected little change in such practices as infanticide the missionaries did reinforce the prevalent British view of the Indians as savages The bibliography is divided by time period beginning with the British entry into India in 1583 the rise and consolidation of British India and the Indian mutiny 1857 1858 The subsequent sections list and annotate writings of Imperial India the period of reform and reaction that followed 1905 1920 and India s move toward independence It will serve as an important reference for historians of the period and will be a useful addition to college and university libraries
