C. Mahajan,2007-09 This book happens to score over many other books on this topic Astrology because of its very presentation in a simple and straightforward style the volume has a unique format making extensive use of tables point by point elucidation explanatory notes and analysis      Struth The Bloody Truth Iarn Pernell,2018-05-17 This book describes how we ve all been living according to a reality that exists only in our own mind s creation of what we believe to be reality It explains how the church has manipulated the purely natural human emotion of fear to instill a belief in their god Just as each different religion has their god as the only true god so too does every individual e Astrologye is a word used to describe the energies that permeate life on Earth and as once believed by now ancient civilizations that were overtaken and nearly destroyed by religion is the energy responsible for everything that manifests in life and in fact life itself For too long now man has lived under the fear of damnation in hell as a result of living against the word of the church s god which is only a creation of the church in order to preside over the minds of the masses for their own benefit Great monuments and rituals

have been created by the church to give their god relevance and impress mankind to believe in a myth that exists solely for the purpose of gaining power over our mind and actions The French and Spanish Inquisitions are but one example of the total control the church almost achieved But truth cannot be changed for to do so is to manipulate the truth for your own selfish purposes Religion is in a constant state of change because religion is only a manipulation of philosophy Astrology has never changed over the hundreds of thousands of years that man has been observing the movements of the stars We are all only energy just as is the light given from the stars and energy responds to energy Thus we are all subject to a greater energy than our ego permits us to believe     The New Medical Astrology Mario Kertscher,2025-02-25 The teaching of a New Medical Astrology is an attempt to bring medicine and astrology closer together again While medicine has continued to develop and gain new insights into the organs classical medical astrology has hardly developed at all in the last 2000 years since the doctrine that Aries begins with the head and Pisces ends with the feet After 40 years of thorough research the New Medical Astrology is now based on 12 vital organ systems within the head and torso which correspond to the 12 signs of the zodiac Unlike in Hippocrates time more than 2000 years ago the arms and legs do not play a major role in the new classification as they do not represent vital organs This work is a new connection between the psychological astrology human anatomy psychosomatics and eye diagnosis This textbook forms the basis for learning astrology New Medical Astrology and at the same time forms a bridge to the psychosomatic explanations of illnesses in relation to the individual zodiac signs The intention was to write a textbook in an easily understandable way and to avoid confusing foreign or technical terms that too difficult to understand This makes it equally suitable for learning teaching or just exploring for both young and old explorers of astrology     **Astrology's Magical Nodes of the Moon** Carmen Turner-Schott,2024-07-26 The Nodes of the Moon serve as your passport to understanding your past lives This dynamic polarity reveals the best ways to integrate past life energies into harmony and creative success Embracing the energy of your north node for instance will help you master your soul mission in this lifetime In Astrology s Magical Nodes of the Moon you will be shown how to take the shadow away from your past life influences and learn ways to channel this powerful energy into alignment with your current life goals The authors of this book will discuss the nodes that you were born with and guide you through a customized approach to find the love and success you want to attain This book will inspire you instantly to put the information to work to fulfill your current life dreams     **The Only Astrology Book You'll Ever Need** Joanna Martine Woolfolk,2012-11-13 Everyone s favorite astrology book having sold over 700 000 copies includes a PC and Mac compatible CD where you can create your own chart This edition of The Only Astrology Book You ll Ever Need still includes detailed information about how to cast your own chart the old fashioned way and more importantly how to interpret it once you re finished And the CD allows the reader to cast his or her chart in just a few minutes by inputting the date time and place of birth into the computer producing a personalized astrological chart in just a few minutes Once the reader s chart is created he or she is directed to the corresponding pages in
