My Life In Orange Tim Guest, 2005 Traces the author's experiences of being relocated at the age of six to the commune of Indian guru Bhagwan Shree Rajneesh **My Life in Orange** Tim Guest, 2005 Traces the author's experiences of being relocated at the age of six to the commune of Indian guru Bhagwan Shree Rajneesh **My Life in Orange** Tim Guest, 2016-03-01 A memoir of formative years spent on a series of communes A wonderful account of a frankly ghastly childhood Hilarious and heartbreaking Daily Mail At the age of six Tim Guest was taken by his mother to a commune modeled on the teachings of the notorious Indian guru Bhagwan Shree Rajneesh The Bhagwan preached an eclectic doctrine of Eastern mysticism chaotic therapy and sexual freedom and enjoyed inhaling laughing gas preaching from a dentist's chair and collecting Rolls Royces Tim and his mother were given Sanskrit names dressed entirely in orange and encouraged to surrender themselves into their new family While his mother worked tirelessly for the cause Tim or Yogesh as he was now called lived a life of well meaning but woefully misguided neglect in various communes in England Oregon India and Germany In 1985 the movement collapsed amid allegations of mass poisonings attempted murder and tax evasion and Yogesh was once again Tim In this extraordinary memoir Tim Guest chronicles the heartbreaking experience of being left alone on earth while his mother hunted heaven An intelligent wry openhearted memoir of surviving a childhood and a cultural phenomenon that were both extraordinary Booklist starred review Meeting the Shadow on the Spiritual Path Connie Zweig, 2023-05-23 A guide to rekindling spiritual inspiration after betrayal and disillusionment Explains why we are drawn to charismatic leaders what we unconsciously give away to them and how to reclaim our inner spiritual authority Explores how to recover from spiritual abuse or betrayal by a teacher or group including breaking free of denial projection and dependency using psychology and shadow work Extends MeToo into the spiritual domain and tells the stories of contemporary clergy and spiritual leaders who acted out their shadows in destructive ways leaving their followers traumatized and lost Within each of us is a spiritual longing that prompts us to unite with something greater than ourselves to awaken to our unity with all of life Yet no matter the spiritual path we choose we inevitably encounter our own shadow those unconscious aspects of ourselves that we suppress or deny or the shadows of our teachers and their secret desires about money sex and power Meeting the shadow can derail the journey but according to Connie Zweig Ph D we can learn to recover from loss of faith and move from spiritual naivete to spiritual maturity Calling on us to expand our vision of religious and spiritual life and our vision of awakening to include the human shadow Zweig examines the yearning that sets us on the spiritual path showing how it can lead to ecstatic transcendent experiences or to terrible suffering by projecting it onto an authoritarian teacher priest or guru who abuses power She tells the stories of renowned teachers Sufi poet Rumi Hindu master Ramakrishna and Christian saint Catherine of Siena whose lives unfolded as they followed their spiritual yearning And she tells the cautionary tales of contemporary teachers of Buddhism Hinduism and Catholicism who acted out their shadows in devastating ways leaving

their followers traumatized and lost She explains how meeting the shadow is a painful but inevitable stage on the path to a more mature spirituality She describes how to use spiritual shadow work to separate from abusive teachers reclaim inner spiritual authority and heal from betrayal With guidance for both inspired and disillusioned seekers the author explores how to navigate the narrow path through the darkness toward the light rekindle the flame of longing and once again engage in fulfilling spiritual practice

Zorba the Buddha Hugh B. Urban, 2016-01-12 *Zorba the Buddha* is the first comprehensive study of the life teachings and following of the controversial Indian guru known in his youth as Bhagwan Shree Rajneesh and in his later years as Osho 1931 1990 Most Americans today remember him only as the sex guru and the Rolls Royce guru who built a hugely successful but scandal ridden utopian community in central Oregon during the 1980s Yet Osho was arguably the first truly global guru of the twentieth century creating a large transnational movement that traced a complex global circuit from post Independence India of the 1960s to Reagan s America of the 1980s and back to a developing new India in the 1990s The Osho movement embodies some of the most important economic and spiritual currents of the past forty years emerging and adapting within an increasingly interconnected and conflicted late capitalist world order Based on extensive ethnographic and archival research Hugh Urban has created a rich and powerful narrative that is a must read for anyone interested in religion and globalization

Depth Psychology, Cult Survivors, and the Role of the Daimon Linda R. Quennec, 2024-06-10 This book explores the possibilities that exist for navigating out of and away from multiple levels of oppression through memoir based research It considers how those raised in oppressive high demand communities colloquially referred to as cults can emancipate themselves from controls and expectations inculcated from early childhood and examines processes surrounding the psychological reclamation of self Exploring and metaphorically tending to an orienting psychological dynamic that the ancient Greeks related to as the daimon and using the perspectives of Jungian and post Jungian depth psychology the author investigates how subjects can reclaim agency and avoid excessive control over their thoughts attention and life s intentions They suggest that depth psychologically oriented modes can be used to this attunement and explore this notion through a

study of memoirs of individuals who were raised in cults Suggesting a more aligned approach to working with varying levels of psychological constraint and utilizing a phenomenological hermeneutic study it will appeal to scholars and professionals in depth psychology and other psychological orientations as well as individuals who are interested in more deeply understanding the psychological mechanisms involved in leaving a high demand group or other oppressive situations A *New Understanding of Terrorism* M.R. Haberfeld, Agostino Hassell, 2009-07-09 Terrorism is a complex phenomenon that cannot be understood through reading of a number of unrelated academic articles or a dry overview of the history of terrorism or the investigative techniques For A New Understanding of Terrorism the Editors have chosen a different paradigm They have selected numerous case studies from actual events that illustrate various typologies of terrorist actions be it from a separatist nationalist lone wolf individual terrorist religious fanatics or environmentalist orientation and they present these cases within the context of following the trajectories of the terrorist activity the terrorist act itself and the response to the event from the relevant authorities Some chapters concentrate on terrorist attacks that actually took place others speculate about the possibilities of an attack occurring sometime in the future such as the chapters on the Olympic Games Aviation or Rail Security When possibilities rather than a specific event are discussed the authors of these chapters draw the attention of the reader towards the same direction the reasoning the actual event and the response that followed The thorough analysis of the presented case studies and the applied counter measures will hopefully if not curtail then possibly at least mitigate the operational and ideological strength of terrorist groups or individual actors A New Understanding of Terrorism will enable the reader to make the connection between the emotional charge inherent in any terrorist activity the cold blooded tactics that lead to the terrorist event itself and the pragmatic and very straightforward but at the same time very simplistically designed strategic response that has to come from a synergy between academics military and law enforcement brainstorming design in order to be more effective in the future ABOUT THE EDITORS M R Maki Haberfeld is a Professor of Police Science at John Jay College of Criminal Justice in New York City She has worked for the U S Drug Enforcement Administration in the New York Field Office as a special consultant Prior to that she has served in a counter terrorist unit in the Israeli Defense Forces and she left the army at the rank of Sergeant She was also a lieutenant in the Israel National Police For the past eight years Dr Haberfeld has been involved in developing coordinating and teaching in a special training program for the New York City Police Department where she teaches courses in police ethics leadership and counter terrorism She was also an Academic Coordinator of the Law Enforcement Executive Police Institute for the State of New York where she taught modules on counter terrorism response Agostino von Hassell is the president of The Repton Group LLC a New York City based consulting group that deals mostly with national security issues He has written numerous political and historical articles and is the author of two major military histories *Warriors The United States Marine Corps* and *Strike Force Marine Corps Special Operations* In 2003 he published a pictorial portrait of the United States In Honor of

Escaping Utopia Janja Lalich, Karla McLaren, 2017-09-01 We think of cults as bizarre inexplicable or otherworldly

places that only strange people inhabit but cults and other abusive and high demand groups and relationships are actually quite commonplace In fact the behaviors social pressures and authoritarian structures that create cults exist to a greater or lesser extent in every human relationship and every human group In the first in depth research of its kind the author interviewed sixty five people who were born in or grew up in thirty nine different cultic groups spanning more than a dozen countries What s especially interesting about these individuals is that they each left the cult on their own without outside help or internal support In *Escaping Utopia Growing Up in a Cult Getting Out and Starting Over* the authors craft Lalich s original and groundbreaking research into an accessible and engaging book the first of its kind focusing on this particular population *Global Encyclopaedia of Indian Philosophy* Nagendra Kr Singh,A.
