*My Life and Other Stories* Bob Elles, 2013-05-14

Intelligence comes from ignorance as wisdom comes from naiveté and there is nothing like gathering both from people who represent a diverse swath of nations throughout the world As cultures require contact with each other in order to grow and remain viable and not succumb to atrophy man too requires contact with men of different beliefs and practices No one nation or culture or religion has a hold on logic or is immune to extremism I feel blessed that I've had the opportunity to absorb and learn about aspects of life that I'm sure I wouldn't have learned otherwise In fact my whole belief system was changed over the past forty five years

through this contact I began to do some research on my family and what I learned coupled with what I had experienced in my life literally brought me to tears in gratitude and admiration and hopefully in wisdom If you like to sit down and listen to stories told by say an old friend an uncle or a person with wrinkles on his face grey in his hair and a sparkle of wisdom in his eyes coupled with a smile on his face then you should so bother If you dont then stop right here and go pick up and read a book on vampires or loves lost or whatever turns your fancy My life has been tragic and wondrous and I have what I call life lessons that I believe you will find helpful in your life Ill even go so far as to say that given even a fraction of introspection in you your life will be significantly altered after youve read this book I know that doesnt sound humble but I also know this to be true I have learned forgot and made up many a good story Keep this in mind when you read these chapters stories compiled within this book Are they all true Mostly with only the most embarrassing events removed An old retired Air Force fighter pilot once told me I have secrets only God and I know and thats the way it will remain In My Life Debbie Geller,2014-03-11 Without the determination magnetism vision good manners respectable clothes and financial security of Brian Epstein no one would ever have heard of John Paul George and Ringo In Liverpool in December 1961 Brian Epstein met the Beatles in his small office and signed a management deal The rest may be history but it s a history that Epstein created along with a blueprint for all pop groups since Out of the public eye Epstein was flamboyant and charismatic He drank gambled compulsively and took drugs to excess But people remember his wit charm and capacity to inspire affection and loyalty That s when he wasn t depressed even suicidal Epstein was Jewish in a society filled with anti Semitism He was homosexual at a time when it was a crime to be gay and from his teenage days to the end of his life he suffered arrests beatings and blackmail all of which had to be kept secret In In My Life The Brian Epstein Story Debbie Geller tells the story of Epstein s complicated life through the reminiscences of his friends and family Based on dozens of interviews with Paul McCartney George Martin and Marianne Faithfull among others plus many of Epstein s personal diaries this book uncovers the truth behind the enigmatic young man who unintentionally caused a cultural revolution and in the process destroyed himself **Music Was My Life** Gary Emilio Cavalier,2024-11-01 From a very young age Gary Emilio Cavalier has been obsessed with music From the age of two to now at seventy Gary has lived a life of performing concerts and as an audio and visual tech for musical events throughout the years A blend of memoir and historical record Gary s humorous stories of young crazy days in smoke filled concert halls and festivals are mixed with fascinating records of the histories of various artists musical instruments and events such as Woodstock show the evolution of music from the 1950 s to present from the rise if Beatlemania and Elvis to various genres that have stemmed from rock and roll s earliest beginnings Seventy years of history stories and behind the scenes work have led Gary s passion for music and he now shares that passion and knowledge with you About the Author Gary Emilio Cavalier has worn many hats over the years He has performed with various bands throughout the years owned his own music store The Music Cellar for twenty five years worked as a technician for the Fuji
