Thomas A. Liuzzo

My Masterpiece:

"Don't Disturb my Masterpiece!" Paolo Palmieri, 2012-11-30 This book explores a philosophy of learning inspired by humanistic ideals. It reflects on the transformative possibilities opened up by active engagement with experiential domains. It draws attention to epoch making transformations in the history of Western civilization that have exposed the dynamic relation between conscience, emotions and learning. An ecological model of learning is proposed that emphasizes emotional, ethical and cognitive learning as holistic processes. The model focuses on the pragmatics of learning, the creativity of improvisation, rhetorically mediated experience, emotional settings and the education of the senses. The book is based on an inclusive worldview. Its fundamental tenet is that rational inquiry, emotions and morality form a continuum in human nature. Hence the book envisions novel scenarios where learners are valued for their genuine struggle to realize their humane masterpieces.

My Fingerprint Masterpiece Sherrill S. Cannon, 2014-01-31 Have you ever seen a work of art worth millions which looks like something your child just brought home from school? The dual perspective of Beauty is in the Eye of the Beholder and just a little bit of The Emperor's New Clothes is evident in this clever artwork story of a child who paints a fingerprint print in class and then loses it in the wind on the way home. Illustrated from the point of view of a child whose identity is left to the imagination of the reader, since all of the illustrations are what the child sees, the fingerprint print is interpreted by official judges as well as by bystanders. Should people be influenced by what others see or use their own self esteem to make their own judgments? This is the sixth rhyming children's book by this award winning author whose other bestselling books include *Manner Man*, *Gimme Jimmy*, *The Magic Word*, *Peter and the Whimper*, *Whineys* and *Santa's Birthday Gift*. Former teacher Sherrill S. Cannon has won eighteen awards for her five previous rhyming books and is also the author of seven published and internationally performed plays for elementary school children. She has been called a modern day Dr Seuss. GTMA Review

Adaptations Leslie I. Schomer, 2003-10 The *Mystic Gospels* present a Jesus virtually unknown to the average student of history. For this is not the Jesus of the white robes walking on clouds, impervious to the world and all knowing. No, this is the human Jesus struggling with and through his life, encountering the demons and dragons not only of other people's hearts but of his own. This Jesus is like us. He is completely human. But he is also completely divine. It is this knowledge that makes him a mystic. His major emphasis is always Love and that is Love plus nothing. This Jesus does not argue theology or religion. He is familiar with many traditions including the Hindu, Buddhist and Taoist. Indeed, during his lost years during his twenties, about which the Scriptures say nothing, he goes to India and studies the world with the masters of mysticism in that exotically spiritual environment. This human Jesus, although acquainted with sorrows, also smiles and laughs easily. He is moved easily and it is in his supreme humanness that we can all find our supreme divinity. *The Lyrics* Bob

Dylan, 2014-10-28 See **Approximate Gestures** Anthony Stewart, 2020-07-08 In *Approximate Gestures* Anthony Stewart argues that the writing of Percival Everett, the acclaimed author of *Erasure* and more than twenty other works of fiction,

compels readers to retrain their thinking habits and to value uncertainty Stewart maintains that Everett s fiction challenges its interpreters to question their assumptions consider the spaces in between categories and embrace the potential of a larger more uncertain world in an effort to confront bigotry and similarly limiting patterns of thought Drawing on the work of Gilles Deleuze and Félix Guattari Stewart proposes that their notion of the schizorevolutionary figure captures the in between status of many of Everett s characters as they refuse the constraints of the binary categorical structures that govern so much of human life Approximate Gestures engages specifically with the vexed question of discussing race in Everett s fiction Stewart frames the stakes of analyzing such subject matter in the writing of an African American novelist whose work rigorously questions critical approaches to race Requiring readers to engage with black males who are hydrologists ranchers college professors romance novelists and in one case a toddler means entering a world released from habitual frames of reference Through an examination of a broad selection of novels Stewart demonstrates the extent to which Everett s characters inhabit infinite spaces in between conventional categories and understand themselves as subjects attempting to navigate social and psychological worlds Approximate Gestures Infinite Spaces in the Fiction of Percival Everett encourages readers and critics to think more deeply about how they position themselves in and engage with the world around them As one of the first books of literary criticism devoted to Everett s fiction Stewart s pathbreaking study models a method for reading the formidable body of work being produced by a major contemporary writer

One Last Cigarette Thomas A. Liuzzo,2008-12 The power of deliverance is a book that unveils the secrets and the activities of the kingdom of darkness to you and shows you how one s life is being hindered by generational curses and familiar spirits Many today are being bound by demonic forces and their lives are being hindered by demonic spirits which have been operating in their lives and in their families for generations Many today are being bound by the spirit of setbacks and limitation and nothing they do in life ever seems to prosper and their lives does not exceed certain level When somebody is bound by demonic spirits they will continue to struggle in life without much success and their life will continue to be miserable and depressed In short it will surprise you to know that God has blessed you with abundance of blessings but the demonic spirits have blinded your eyes not to see them and they want you to labor in life without making anything meaningful out of your life Ignorance is a terrible disease and the bible declares that people are destroyed for lack

of knowledge What you don't know can kill you and preclude you from receiving from God One of the greatest weapons of the demonic forces is ignorance and as long as people don't know then the powers of darkness will continue to control and manipulate their lives and stop them from enjoying the blessings of life In fact discovery leads to recovery and once you know the secrets of the devil and his forces your eyes will be opened to see things from a different dimension and your life begins to receive the blessings of God Many people today are being manipulated in their sleep at night and demonic seeds are being sown into their lives to control them without them knowing it Indeed the demonic powers controls people's lives through sexual dreams and by giving them demonic food to eat in their sleep and when this is done then their lives begin to face many hindrances and setbacks It is important to know that all demonic attacks are carried out in one's sleep at night and when demonic seeds are sown into one's body then one becomes subject to demonic control When evil seeds have been sown in one's life then one's mind becomes a toy in the hands of the forces of darkness So this book is written to open your eyes to the manipulations of the devil over your life and show you the way to be free and receive your deliverance and breakthroughs You are about to take a spiritual journey that will profoundly change your whole life for good and may the Lord richly bless you as you read this book amen

Percival Everett,2017-06-13 A new high point for a master novelist an emotionally charged reckoning with art marriage and the past Kevin Pace is working on a painting that he won t allow anyone to see not his children not his best friend Richard not even his wife Linda The painting is a canvas of twelve feet by twenty one feet and three inches that is covered entirely in shades of blue It may be his masterpiece or it may not he doesn t know or more accurately doesn t care What Kevin does care about are the events of the past Ten years ago he had an affair with a young watercolorist in Paris Kevin relates this event

with a dispassionate air even a bit of puzzlement It s not clear to him why he had the affair but he can t let it go In the more distant past of the late seventies Kevin and Richard traveled to El Salvador on the verge of war to retrieve Richard s drug dealing brother who had gone missing without explanation As the events of the past intersect with the present Kevin struggles to justify the sacrifices he s made for his art and the secrets he s kept from his wife So Much Blue features Percival Everett at his best and his deadpan humor and insightful commentary about the artistic life culminate in a brilliantly readable new novel
