

## Magician Moms Miracles

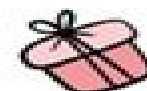

Oh, it's Mother's Day, let's give a cheer,  
For our loving moms, so very near,  
Caring and hugging, they never lack,  
Multitasking champs, they've got our back!

Hip, hip, hooray, it's Mother's Day,  
With love and laughter, we'll shout and play,  
Hip, hip, hooray, our moms are grand,  
For the best moms around, let's clap our hands!

She's a chef, a chauffeur, and a doctor too,  
There's nothing our moms can't really do,  
A magician of sorts, they make us smirk,  
Their love and their laughter, a wonderful quirk!

From morning till night, they're always there,  
Keeping us safe, showing they care,  
Their hugs and their kisses, oh so sweet,  
Our moms are the best, they can't be beat!

decline in the number of females per thousand males in the most literate and prosperous states especially in the 0-5 age group. The Private sector has more doctors and fewer beds than government hospitals thereby emphasizing outpatient care. And while Indian traditions sanctify fertility and motherhood, government policies and health care services are focused on controlling fertility. These are some of the paradoxes of India's health care system Mrinal Pande encountered when she set out on her journey across several states to put together information on the health of Indian women. She soon realized it could not be a mere documentation of the history of reproductive health in India and the state of India's public health care system. Through listening to women's perspectives on their bodies when they came for treatment and conversations with dedicated health workers, she gained an insight into larger realities. The result is a patchwork quilt of narratives about women's lives: how they are affected by their environment, their perspectives on male and female sexuality, the mystery of pregnancy, the joy of birth, the fear of infertility and pain of backroom abortions, and the often bleak world of adolescent girls. Mrinal Pande also discusses important issues like the population policies followed by the government over a half a century and the consequences of a welfare state abdicating its obligation to provide basic health for all in its pursuit of globalization and market economics. Through it all, she reveals enormous faith in the role of non-governmental organizations in providing better health care services, the dedicated doctors and attendants who are making a difference, helping women step out from the dark bylanes and silences of their lives to create a socio-cultural milieu which restores their basic dignity and rights.
