Focus On: 100 Most Popular New Line Cinema Films Wikipedia contributors, Shakespeare, the Movie, II Richard Burt, Lynda E. Boose, 2003 Combining three key essays from the earlier collection with exciting new work from leading contributors this text offers sixteen fascinating essays It is quite simply a must read for any student of Shakespeare film or cultural studies Driving Visions David Laderman, 2010-01-01 From the visionary rebellion of Easy Rider to the reinvention of home in The Straight Story the road movie has emerged as a significant film genre since the late 1960s able to cut across a wide variety of film styles and contexts Yet within the variety a certain generic core remains constant the journey as cultural critique as exploration beyond society and within oneself This book traces the generic evolution of the road movie with respect to its diverse presentations emphasizing it as an independent genre that attempts to incorporate marginality and subversion on many levels David Laderman begins by identifying the road movie's defining features and by establishing the literary classical Hollywood and 1950s highway culture antecedents that formatively influenced it He then traces the historical and aesthetic evolution of the road movie decade by decade through detailed and lively discussions of key films Laderman concludes with a look at the European road movie from the late 1950s auteurs through Godard and Wenders and at compelling feminist road movies of the 1980s and 1990s Ain't No Place for a Hero Kaitlin Tremblay, 2017-10-17 A deep dive into the groundbreaking and bestselling video game series The critically acclaimed first person shooter franchise Borderlands knows it's ridiculous It's a badge of pride After all Borderlands 2 was promoted with the tagline 87 bazillion guns just got bazillionder These space western games encourage you to shoot a lot of enemies and monsters loot their corpses and have a few chuckles while chasing down those bazillion guns As Kaitlin Tremblay explores in Ain't No Place for a Hero the Borderlands video game series satirizes its own genre exposing and addressing the ways first person shooter video games have tended to exclude women queer people and people of colour as well as contribute to a hostile playing environment Tremblay also digs in to the way the Borderlands game franchise which has sold more than 26 million copies disrupts traditional notions of heroism creating nuanced and compelling storytelling that highlights the strengths and

possibilities of this relatively new narrative medium The latest entry in the acclaimed Pop Classics series *Ain't No Place for a Hero* is a fascinating read for Borderlands devotees as well as the uninitiated [Eroticism and Containment](#) Carol Siegel, Ann M. Votava, 2023-06-29 This volume reframes the critical conversation about Shakespeare's histories and national identity by bringing together two growing bodies of work early modern race scholarship and adaptation theory Theorizing a link between adaptation and intersectionality it demonstrates how over the past thirty years race has become a central and constitutive part of British and American screen adaptations of the English histories Available to expanding audiences via digital media platforms these adaptations interrogate the dialectic between Shakespeare's cultural capital and racial reckonings on both sides of the Atlantic and across time By engaging contemporary representations of race ethnicity gender sexuality disability and class adaptation not only creates artefacts that differ from their source texts but also facilitates the conditions in which race and its intersections in the plays become visible At the centre of this analysis stand two landmark 21st century history adaptations that use non traditional casting the British TV miniseries *The Hollow Crown* 2012 2016 and the American independent film *H4* 2012 an all Black Henry IV conflation In addition to demonstrating how the 21st century

screen history illuminates both past and present constructions of embodied difference these works provide a lens for reassessing two history adaptations from Shakespeare s 1990s box office renaissance when actors of colour were first cast in cinematic versions of the plays As exemplified by these formal adaptations reappropriations of race in history non traditional Shakespearean casting practices are also currently shaping digital culture s conversations about race in non Shakespearean period dramas such as Bridgerton
