The Good Thief's Guide to Paris Chris Ewan, 2009-09-15 The moment I'd scanned the outside of the building I turned to Bruno and said First impressions it looks straightforward Looking back I can't help but wonder what I was thinking I mean put that line at the opening of a crime novel and it's practically a guarantee that everything is about to get complicated Charlie Howard globe trotting mystery writer professional thief and poor decision maker is in Paris Flush with the success of his latest book reading not to mention a few too many glasses of wine Charlie agrees to show a complete novice how to break into an apartment in the Marais Fast forward twenty four hours and Charlie's hired to steal an ordinary looking oil painting from the exact same address Mere coincidence Charlie figures there's no harm in finding out until a dead body turns up in his living room and he finds himself evading the law while becoming caught up in a quite outrageous heist And that's before Charlie's literary agent Victoria who's naive enough to assume that he looks like his author photo finally decides they should meet face to face Nobody ever said a life of suspense was easy but in Chris Ewan's The Good Thief's Guide to Paris Charlie the most disarmingly charming burglar since Cary Grant soon finds things are getting way out of control

Blood in Water 8 Short Stories Madeleine Watson,2020-06-20 Between 2011 and 2014 I wrote eight short stories I had been writing stories since I was about six Weird scenarios would enter my head and I would feel compelled to write about them Blood in Water relates on Abby who makes an awful discovery about her family Dead Letter Room samples the life of lonely Finch at his workplace Outside enters the disturbed mind of an ex convict and What Goes Around considers the makings of a bully On the surface all appear to delve into diverse worlds and minds But this isn't quite so They are all about alienation My other stories are the same alienation It goes right back to my early children's mysteries of the Seventies How strange I hadn't noticed The reason is that I would make my own personal discovery in 2016 I was fifty one years old and living with my partner and two children Until then I was completely unaware of a vital truth about myself This truth has leaked into my stories and creations without my realisation This account is true Relevant diary entries have been included as well as illustrations Analyses and further dissections provides an insight into the force behind these stories and ventures into the strange phenomena I have discovered It's like a ghost language
