**The Light Under the Door** Neoma  
Nayrah, 2016-12-21 The fading spots of blood and the piss stains mock me like they are saying We told you so told you you'd be back They are right Once more I find myself lying at the bottom of the basement stairs my husband's favorite punishment This is old business I can't even cry These stains were left by me the last time I occupied this space reminding me this is probably not the last If something happens to me at least the blood and the piss have marked my passage marked my existence that once upon a time I was here I try to sit up and my body screams in protest I almost collapse again when I hear my babies screaming Want mommy Want mommy Then the tears come In the light under the door my only view in this endless darkness I watch their little feet frantically going back and forth searching for me unaware that I'm right behind this door When you begin to lose yourself and you don't know which way is out that's the time when the shadows come carrying suitcases and trunks filled with the latest styles in fear uncertainty and despair they are more than happy to throw them open all at once and settle into your life The trick is to get to that place where you can finally tell them to pack up and get the hell out

*The Last Rhinos* Lawrence Anthony, Graham Spence, 2013-08-20 The inspiring true story of the Indiana Jones of conservation The Guardian UK When Lawrence Anthony author of *The Elephant Whisperer* cared for not only elephants but other types of wildlife including rhinos on his nature reserve So when he learned that there were only a handful of northern white rhinos left in the wild living in an area of the Congo controlled by the infamous Lord s Resistance Army he was determined to save them from extinction If the world lost this subspecies of rhinoceros it would be the largest land mammal since the woolly mammoth to go extinct a tragedy for those who care about the world s endangered species What followed was an extraordinary adventure as Anthony headed into the jungle to ask the rebels to help protect the rhino Sometimes funny sometimes moving and always exciting *The Last Rhinos* tells the story of his fight to save these remarkable creatures

*Shine* James L. DeVriendt II, 2021-10-10 SHINE Important Sales and other Leadership Lessons I Learned as a Kid introduces readers to some valuable foundational life and business lessons most of which the author learned as a child growing up in Grayling Michigan These insightful principles can be used to strengthen sales and leadership results or for improving the success of any career **The Writers Directory**, 2013 **Ecoterrorism** Paul E. Truitt DVM, 2015-01-09 Those who recognize and stand up to psychopaths can expect unending retaliation R Hare The author exposed nonfeasance

and malfeasance in two government agencies in Tennessee As a result he has spent the last fifteen years in a continuous lopsided battle against domestic terrorists and corrupt government officials It has been as if he has been placed on a secret government blacklist Many of those who could and should enforce the laws turned out to be terrorists themselves What the author has experienced and witnessed has literally sickened his heart The law entitled Ecoterrorism was enacted to protect two very basic human rights the right to work in ones chosen line of work and the right to property the right to own use enjoy and benefit from ones personal property A person is guilty of ecoterrorism if the person commits a specified offense against property by intimidating or coercing a person lawfully participating in an activity involving animals or preventing or obstructing a person lawfully participating in an activity involving animals This law is not hard to comprehend Yet it goes unenforced ignored by law enforcement as a civil matter Whistleblowers in Nashville were maliciously prosecuted and terminated from their government jobs the anti racing ecoterrorists in PA insanely carried out their published terroristic threats for over five years and law enforcement and the justice system simply ignored their despicable crimes and did nothing Terrorists domestic or foreign are evil people with evil motives often masquerading as activists with a noble political or religious cause In reality their primary criminal objectives are personal gain sex power and or money Laws are the conscience of humanity the reason that terrorism is so successful is because terrorists play by no rules have no moral values and have no conscience or sense of guilt or remorse Terrorists of any kind are nothing but psychopaths Ecoterrorism is a very lucrative form of terrorism used by perverted animal rights activists to exploit those who make their living participating in animal related activities After dealing with ecoterrorists for the last several years the author clearly sees that ecoterrorism has nothing to do with the love of animals Ecoterrorists are often psychopaths masked as animal rights activists and animal lovers Ecoterrorism is politically charged therefore it is often ignored by law enforcement no matter how criminal and despicable it gets Psychopathic behavior is often so camouflaged and so veiled that even the victims may have a hard time recognizing it until after most of the damage has been done A similar phenomenon known as naive prey syndrome occurs in nature whereas the prey does not recognize the predator until the predator has literally got them by the throat In reality the anti racing persona of anti thoroughbred racing activists is just a smoke screen the real motive is personal gain in the form of fraudulently solicited donations and high quality thoroughbred horses that become free for the taking once the owner has been falsely prosecuted and their valuable thoroughbreds have been stolen under the perverted pretense of official right Anti racing ecoterrorists have developed sophisticated ways to harm and kill thoroughbred horses ways that will go undetected and uninvestigated but reflect badly on the targeted owners and trainers You couldnt run or breed a dead horse is one of the anti racing ecoterrorists sinister sayings As the author have been so painfully made aware of The Memoirs of Ceija Stojka, Child Survivor of the Romani Holocaust Ceija Stojka, 2022 First English translation of the memoirs of Austrian Romani Holocaust survivor writer visual artist musician and activist Ceija Stojka 1933 2013 along with poems an interview historical

photos and reproductions of her artworks Is this the whole world This question begins the first of three memoirs by Austrian Romani writer visual artist musician and activist Ceija Stojka 1933 2013 told from her perspective as a child interned in three Nazi concentration camps from age nine to twelve Written by a child survivor much later in life the memoirs offer insights into the nexus of narrative and extreme trauma expressing the full spectrum of human emotions fear and sorrow at losing loved ones joy and relief when reconnecting with family and friends desire to preserve some memories while attempting to erase others horror at acts of genocide and hope arising from dreams of survival In addition to annotated translations of the three memoirs the book includes two of Stojka s poems and an interview by Karin Berger editor of the original editions of Stojka s memoirs as well as color reproductions of several of her artworks and historical photographs An introduction contextualizes her works within Romani history and culture and a glossary informs the reader about the concentrationary universe Because the memoirs show how Stojka navigated male dominated postwar Austrian culture generally discriminatory to Roma and the patriarchal aspects of Romani culture itself the book is a contribution not only to Holocaust Studies but also to Austrian Studies Romani Studies and Women s and Gender Studies      *Starting Again* Nathalie Edwards, 2025-04-17 The year is 2024 and the world is still reeling from the pandemic that wiped out billions of people from the planet Through a stroke of good or bad luck it was discovered that the vaccine that was supposed to save humanity from the virus was actually a cure for cancer and those eighteen million souls who received it are the only ones left Two of those survivors are Charlie and Everett who now have the opportunity to create lives for themselves wherever they choose The world is literally open to them Though they come from different walks of life Everett a former member of the Canadian Navy and Charlie a recovering alcoholic they set out for one of the most beautiful places they can think of Vancouver Island With so few people left it seems like fate that they should meet in a rural part of the island Their connection is instant and within days they realize that they want to spend the rest of their lives together The love they share is full of honesty trust and passion As they work together to find ways to survive in this reality Charlie battles intense nightmares that also haunt her during the day Everett is there to help ease her troubles but Charlie can t help thinking is he too good to be true      *Our Young Folks* , 1871
