My Life At Aol:

My Life at AOL Julia L. Wilkinson, 2001-04 What makes one community better than another In the heyday the area around Indiana Avenue was quite the community It was a community filled with flavor rhythm and a share of despair The story of Indiana Avenue gives consideration to the question of What does a great community lack or possess that contributes to the concept of greatness Indiana Avenue Black Entertainment Boulevard gets to the essence of these answers by tracing the full life cycle of a community a community known nationally as a significant player in the American jazz story Indiana Avenue Black Entertainment Boulevard is the story of how a community functioned prospered declined and revitalized It is a story with great implications On the one hand this story is a localized history of a subculture On the other hand to understand the Indiana Avenue story is to understand how similar historical communities like Harlem in New York Bourbon Street in New Orleans and Beale Street in Memphis functioned and developed All these communities like many more had similar traits and parallel histories These communities became known nationally as stops on a Chitterlings Circuit a network of entertainment venues made famous due to Jim Crow and separatist laws Indiana Avenue is a story filled with social and political dynamics This story gives insight into the development of jazz as well as how entertainment evolved along racial lines The story of Indiana Avenue involves an astounding American era with deep implications for today **The Art of Living Foundation**

Stephen Jacobs, 2016-03-09 The Hindu derived meditation movement The Art of Living AOL founded in 1981 by Sri Sri Ravi Shankar in Bangalore has grown into a global organization which claims presence in more than 150 countries Stephen Jacobs presents the first comprehensive study of AOL as an important transnational movement and an alternative global spirituality Exploring the nature and characteristics of spirituality in the contemporary global context Jacobs considers whether alternative spiritualities are primarily concerned with individual wellbeing and can simply be regarded as another consumer product The book concludes that involvement in movements such as AOL is not necessarily narcissistic but can foster a sense of community and inspire altruistic activity The Miracle of Fasting Paul Chappuis Bragg, 2004 My Life at AOL Julia Wilkinson, 2001-04-01
