

My Life had stood - a Loaded Gun Essay Example

"My Life had stood - a Loaded Gun" by Emily Dickinson has many thematic facets and can be interpreted at many levels. But its two dominant themes are feminist and artistic. Although Emily Dickinson was the only nineteenth century female American poet that wrote beyond the conventional poetry of woman sentimentality but unusual feminine themes were dominant in her poetry. "My Life had stood" depicts the same atypical feminist theme. This feminist point of view in this poem is well articulated by Adrienne Rich (1979);

I think it is a poem about possession by the daemon, about the dangers and risks of such possession if you are a woman, about the knowledge that power in a woman can seem destructive, and that you cannot live without the daemon once it has possessed you. The archetype of the daemon as masculine is beginning to change, but it has been real for women up until now. But this woman poet also perceives herself as a lethal weapon. This poem illustrates a volcanic anger at the constricted and limited that she is forced to live.

These social compulsions had restricted her life to "corners" unless she a masculine power rediscovered him. Now her sole duty is to behave in a way that suits her "owner". Rich (1979) is of the view that "If there is a female consciousness in this poem, it is buried deeper than the images: it exists in the ambivalence toward power, which is extreme" as gun "also its owner's defender against the "foe. " It is the gun, furthermore, who speaks for him. " So at a deeper level this poem epitomizes process of self discovery i. e. the exploration of her poetic talent that was hitherto tapped by the contemporary social norms and taboos.

Previously she was in the corner without any explicit objective, although she has any linguistic talent but those were buried deep into her consciousness. Here gun symbolizes the power and strength of language that was unused till the day it was found and practiced by her poetic aspirations. The hunter utilized this linguistic expression for his own benefit i. e. to express and propagate his ideals.

Doe" is the most important metaphor in the poem beside gun herself as it incarnates the womanly feelings and sappiness of the women poets of the nineteenth century. Dickinson depicts that in her poetry this over-sentimentality has been hunted down (And now We hunt the Doe) and her poetry contains new themes and expressions. On the other hand, it further denotes the women's compulsion to suppress their poetic talent and aspiration. Emily further refers to some symbolic expression that has the same dual connotations i. e. artistic and feminist.

For example, it refers to "I guard My Master's Head -/Tis better than the Elder-Duck's/ Deep Pillow - to have shared -". This denotes that choosing the path of a poet's life is thorny in the contemporary nineteenth century. One has to be at guard every time to save her master i. e. poetic

Emily Dickinson Elizabeth Phillips, 1988-01-01 Giving us a new sense of Dickinson it considers instead evidence of the poet Dickinson bore a heavy share of domestic duties and familial responsibilities throughout most of her life The crisis she experienced during the early 1860s in a cluster of responses to the Civil War coincided with the onset of her difficulties with her eyes Suffering from exotropia and photophobia she never fully recovered and gradually withdrew into the less severe light of the house in Amherst She continued to care for those close to her and to write both letters and verse From the perspective of Dickinson's maturity and resilience we also see her gift for depicting and dramatizing episodes in a manner that gives the illusion of their being autobiographical whether they are or not Dickinson was however an actress who changed roles and points of view as readily as she experimented with poetic genres Analyses of her various personae or supposed persons for dramatic monologues in the Browning tradition which enabled the poet to represent a range of experiences different from her own serve to dispel much of the confusion that has surrounded her in the last century Rather than searching for an illusive absent
