Midnight in Mexico Alfredo Corchado,2013-05-30 Named one of the best true crime books of all time by Time In the last six years more than eighty thousand people have been killed in the Mexican drug war and drug trafficking there is a multibillion dollar business In a country where the powerful are rarely scrutinized noted Mexican American journalist Alfredo Corchado refuses to shrink from reporting on government corruption murders in Juarez or the ruthless drug cartels of Mexico A paramilitary group spun off from the Gulf cartel the Zetas controls key drug routes in the north of the country In 2007 Corchado received a tip that he could be their next target and he had twenty four hours to find out if the threat was true Rather than leave his country Corchado went out into the Mexican countryside to trace investigate the threat As he frantically contacted his sources Corchado suspected the threat was his punishment for returning to Mexico against his mother s wishes His parents had fled north after the death of their young daughter and raised their children in California where they labored as migrant workers Corchado returned to Mexico as a journalist in 1994 convinced that Mexico would one day foster political accountability and leave behind the pervasive corruption that has plagued its people for decades But in this land of extremes the gap of inequality and injustice remains wide Even after the 2000 election that put Mexico s opposition party in power for the first time the opportunities of democracy did not materialize The powerful PRI had worked with the cartels taking a piece of their profit in exchange for a

more peaceful and more controlled drug trade But the party's long awaited defeat created a vacuum of power in Mexico City and in the cartel controlled states that border the United States The cartels went to war with one another in the mid 2000s during the war to regain control of the country instituted by President Felipe Calderón and only the violence flourished The work Corchado lives for could have killed him but he wasn't ready to leave Mexico not then maybe never Midnight in Mexico is the story of one man's quest to report the truth of his country as he raced to save his own life The Larkin Papers Thomas Oliver Larkin, 1968 *Gómez-Peña Unplugged* Guillermo Gómez-Peña, 2020-12-30 Gómez-Peña Unplugged is an anthology of recent and rewritten classic writings from Guillermo Gómez-Peña a figure who stands alone as unique and ground breaking in the history of performance art and as the artistic director of transdisciplinary performance troupe La Pocha Nostra Throughout this collection Gómez-Peña tackles literature theory pedagogy activism and live art in an eclectic mix that demonstrates how the process of writing is simultaneously a performative exercise in embodied language The writing stands as a call for action utilizing what Gómez-Peña terms imaginary activism and radical citizenship it invites the reader to embrace a borderless polygendered crossgenerational and race literate ethos This timely anthology comes straight from the heart of a troubled Trump era United States and a crime cartel ridden Mexico Artists and writers are prompted to engage in radical performance pedagogy within the civic realm and to think of themselves as public intellectuals and activists participating in the great debates of our times By encouraging emerging artists and writers to wildly imagine their practice beyond the normative art world and academia this book is a fundamental read for scholars and students of performance art political theatre cultural studies literature poetry activism and race and gender politics Performance Art Live or Time Based Art Cultural Studies Experimental Poetry Multiculturalism Social Practice Chicano Latino Border Art Literature Relational Aesthetics Public Art Artivism Activism Psychomagic Ritual Literary Studies Anthropology Sociology Ethnic Gender Studies Queer Women Studies Post Colonial Theory Techno Art Cyborgian Studies Exoticized Fetishized Identities Deconstruction Stereotypes Binaries Anti Essentialism Anti Nationalism Radical Citizenship Anti Racism Race Gender Literacy *The Man who Could Fly and Other Stories* Rudolfo A. Anaya, 2006 Spanning a period of thirty years a collection of eighteen short stories includes Silence of the Llano In search of Epifano and Children of the Desert Migranthood Lauren Heidbrink, 2020-04-28 Migranthood chronicles deportation from the perspectives of Indigenous youth who migrate unaccompanied from Guatemala to Mexico and the United States In communities of origin in Guatemala zones of transit in Mexico detention centers for children in the U.S government facilities receiving returned children in Guatemala and communities of return young people share how they negotiate everyday violence and discrimination how they and their families prioritize limited resources and make difficult decisions and how they develop and sustain relationships over time and space Anthropologist Lauren Heidbrink shows that Indigenous youth cast as objects of policy not participants are not passive recipients of securitization policies and development interventions Instead Indigenous youth draw from a rich social

cultural and political repertoire of assets and tactics to navigate precarity and marginality in Guatemala including transnational kin social networks and financial institutions By attending to young people s perspectives we learn the critical roles they play as contributors to household economies local social practices and global processes The insights and experiences of young people uncover the transnational effects of securitized responses to migration management and development on individuals and families across space citizenship status and generation They likewise provide evidence to inform child protection and human rights locally and internationally [The Adventures of a Hard-up, Diabetic Traveller with a Corn Flake Problem](#) , *The Women of Mexico's Cultural Renaissance* Elena Poniatowska,Elizabeth Coonrod
