suicide as well as the veteran experience **Wheels Down** Bret A. Moore, Carrie H. Kennedy, 2010-08-15 As a military service member you're looking forward to life after deployment and being back home among family and friends. But adjusting to normal life again can bring its own challenges. You're not the same person you were when you left on deployment. This book, written by military psychologists Moore and Kennedy, is a down-to-earth guide that's full of practical advice. The authors talk straight about both the joys and challenges of returning home, advising that one size does NOT fit all when it comes to making the transition. They share thoughtful, constructive tips for dealing with unwanted surprises like relationship break-ups, financial problems, and kids who are suddenly strangers. Experiences shared by many returning service members like sleep disturbances, anger management, and learning to live with hyperstartle are also discussed. For those whose transition has been more difficult, chapters on identifying the signs of PTSD, living with disturbing memories, and seeking relief from suicidal thoughts are particularly valuable. A final appendix is the definitive guide to support services for military members, with resources on everything from kids' books to financial management websites.

Memoirs of a Shop Teacher (Color Version) Stanley Sipka, 2020-10-07 The book is about me and my interaction with students, faculty, and everyone else I want to move through my life from birth to the present. The 85 years of life have been eventful, and I am grateful for those who helped me arrive at this point in life. I want to convey the events that guided me through my early years, grade high school, Army, marriage, college, teaching, and retirement. Each day was a learning experience. The goal was to make teaching more rewarding to the students. Many assignments that are included were not present when I started in 1965. My work during the summers helped me understand the innovations: NC (numerical control), CNC (computer numerical control), EDM (electric discharge machining). That learning helped me convey that knowledge to the students. Included are jobs made by the students that were designed to provide similar experiences found in the machining industry. There are stories about students and teachers that filled my days as a teacher. Lastly, there are assignments a person can try. My only comment is don't do the last two because they are difficult. That was a favorite comment to get students to work the difficult problems.

Instinct for Survival Pat C. Hoy II, 2012-04 The essays in *Instinct for Survival* explore fundamental ideas about the ties of community, the trials and tribulations of family life, the sacrificial nature of public service, the yearnings of the spirit, and the tangled joys of teaching. From his childhood in Arkansas to his career as both Army officer and professor of literature, Pat Hoy uses his rich experiences as departure points in his quest for meaning. In *Mosaics of Southern Masculinity*, Hoy recalls his absent father and develops a multilayered inquiry into male identity that includes memories of his own sons and reflections on the ways other southern writers have grappled with father-son relationships. *The Spirit Was Willing and So Was the Flesh* stems from Hoy's attempts to come to terms with the feminine aspects of his own personality and with the apparent dichotomy between the spiritual and the physical. Hoy toys with his own personal poetics and philosophy of writing in *Conversing with Images*, where he articulates the unspoken power of images. A fascination with life's mysteries informs these essays, which together

create a transcendent and marvelous mosaic of life **By the Grace of God** Jon Rogers,2016-01-08 As you will read through this book you will find some of the things that have happened unbelievable Some of the medical issues I never should have lived to talk about There have been car and truck accidents I should have never have walked away from I have been lucky enough to survive each and every event that has happened and be here to share with others **Right from Wrong** Mark Alan Smith,2022-11-15 Where does morality come from Apologists people who offer a formal defense of their religion point to God as the answer By inspiring scriptures that people can read study and teach God supposedly gave humanity a guidebook for how to live Award winning scholar of religion and politics Mark Alan Smith shows the errors in this chain of assumptions Apologists find themselves forced to accept a book that condemns same sex love and authorizes slavery genocide capital punishment for minor offenses and many other practices widely recognized today as immoral Apologists try to protect their worldview by ignoring the offending passages constructing strained reinterpretations rationalizing the indefensible or appealing to God s mysterious ways Is there a non religious method for discovering the elements of an objective morality Yes Smith argues the worldview of humanism Humanists apply reason logic and evidence to all subjects Smith s humanist approach to morality relies on discussion and debate among diverse participants as the best means to attain a moral code stripped of the biases of each individual group and society The result is a hopeful portrait of how to build on the moral progress humans have achieved since the writing of religious scriptures **Airman** ,1980 **Pure Innocent Fun** Ira Madison, III,2025-02-04 In this nostalgic and raucous collection of sixteen original essays Ira Madison III critic television writer and host of the beloved Keep It podcast combines memoir and criticism to offer a brand new pop culture manifesto This is the most fun I ve had reading all year Like Chuck Klosterman before him Ira Madison III takes seriously and analyzes the pop culture detritus that took up hours of our lives Lin Manuel Miranda You can recall the first TV show movie book or song that made you feel understood that shaped how you live what you love and whom you would become It gave you an entire worldview For Ira Madison that book was Chuck Klosterman s Sex Drugs and Cocoa Puffs which cemented the idea that pop culture could be a rigorous subject and that for better or worse it shapes all of us In Pure Innocent Fun Madison explores the key cultural moments that inspired his career as a critic and guided his coming of age as a Black gay man in Milwaukee In this hilarious full throttle trip through the 90s and 2000s he recounts learning about sex from Buffy the Vampire Slayer facing the most heartbreaking election of his youth not George W Bush s win but Jennifer Hudson losing American Idol and how never getting his driver s license in high school made him just like Cher Horowitz in Clueless a virgin who can t drive Brimming with a profound love for a bygone culture and alternating between irreverence and heartfelt insight Pure Innocent Fun like all the best products of pop culture will leave you entertained and surprisingly enlightened

Hallelujah Dave David Valdez,2016-12-01 A boy of Mexican immigrants has an unusual gift the recollection of his birth As he grows up in Middle America he is rocked between mischief and love elation and despair He becomes entangled in the

hippie movement of the 60s Later in the midst of his chemistry studies at the University of Illinois he becomes ensnarled in the Vietnam antiwar movement It is there in high school and college where his life goals are crystallized and he maps out his life There are things that he must do and must become Yet somehow impacting him are three short letters he received in his life and a chance meeting that changes everything Though he tries he cannot escape his future It was made with hands bigger than his own My friend Dave Valdez tells the very personal story of his life journey Growing up in poverty he beats the odds as an unseen hand guides him through many situations and circumstances that would have defeated most In todays education system Dave would be labeled gifted and talented In the 1950s he was labeled Mexican Dave has a remarkable inner strength that fiercely hangs on to bits of praise and encouragement when life is unfair He refuses to embrace bitterness His is truly a story of hope As Dave navigates his teens years he develops a talent to avoid unwelcome conflicts He runs He runs from his mom his dad neighbors and cops But he could not outrun the unseen hand At the University of Illinois in his early 20s he is challenged to consider the reality of God So here the young rebellious brilliant chemistry major begins to stop running A new chapter in his life begins to unfold Dave doesnt beat you over the head with his conversion experience he reveals it as it happened and asks you to consider the hope he has found Hallelujah Dave is a great read It is the true story of my friend a man who discovers he is blessed and chooses to bless others
