Oetken, 1999 **Nutrition among Vulnerable Populations** Heather Eicher-Miller, Marie Kainoa Fialkowski Revilla, 2020-11-27 Food insecurity and low resources continue to be a burden influencing the health, well-being, growth and development of millions of U.S. children and adults Groups and individuals experiencing restrained access to food are our neighbors, individuals we may see each day and individuals who we may not interact with or see because of their isolated situations They include the elderly, those experiencing mental illness, veterans, certain race/ethnic groups, adolescents, young women with children, those living in rural areas and those using food pantries among others Many of these groups, both hidden and visible, have rates of food insecurity above the national average that are resistant to national improvements in

food security Yet attention to these subsets of the population is imperative to improve U S health and nutrition and to reduce rates of chronic disease Many groups face specific barriers to maintaining sufficient food for example rural populations may find it difficult to access federal food assistance or other resources such as food pantries and nutrition education because of distance or lack of consistent internet access separating them from these resources Further their remote locations may make it difficult to obtain the types of foods that they prefer Other specific barriers may include limited facilities and equipment for food preparation access to culturally appropriate foods and preparation supplies and foods that complement the foods that they already have Tailored approaches to quantify access to food the nutrition environment dietary intake and other barriers are necessary to build successful interventions and to quantify the needs of these populations *DHHS Publication No. (OHDS). ,1986* Library Youth Outreach Kerol Harrod,2014-01-21 With tightened library budgets the norm librarians run the risk of cutting back so much that they isolate themselves from their patrons and their communities This doesn t have to happen The outreach methods detailed in this book range from simple actions to detailed processes Each of the 26 chapters provides helpful information for both those new to library outreach and those with years of experience I Am! I Can!: A preschool curriculum Grace L. Mitchell,Harriet Chmela,Lois F. Dewsnap,1992 **The Partnership Model in Human Services** Rosalyn Benjamin Darling,2005-12-11 This book provides students and practitioners with a theoretical and methodological foundation for implementing client and family centered partnership approaches in human services Unlike other texts in the field the author integrates the principles and practices of sociology with applied work in the helping professions and shows how key sociological concepts can be used to explain the nature of clients perspectives and expand client opportunities **H.R. 1863, the Employment Non-Discrimination Act** United States. Congress. House. Committee on Small Business. Subcommittee on Government Programs,1996 Follow Me As I Follow Christ Cheryl Dunlop,2000-08-01 Many children s teaching programs resemble carnivals instead of productive environments where a child can learn about Jesus Christ This is often the result of having untrained teachers teaching Sunday school Experienced Sunday school teacher Cheryl Dunlop fills this void by providing a practical teaching manual designed to ensure all those teaching Sunday school are equipped and motivated to do their best for the Lord Follow Me as I Follow Christ explores issues like how to tell a story methods of effective discipline and interacting with individual needs of children Divided into 52 weekly entries it is designed to be read along with and help in teachers class preparation **Resources in Education** ,2001-04
