My Sikh Year:

My Sikh Year Cath Senker, 2007-12-15 Explores the historical cultural and contemporary traditions associated with the Sikh religion California Dreamin': A 19-year Old Indian Sikh's Memoir: Journey to California, Romance, Trials & Tribulations Rajinder S. Khokhar, 2016-10 California Dreaming is about my journey to America for higher studies in 1961 and my difficult first 2 years On the way I had a wonderful shipboard romance with Kavita a tall Indian woman We parted in Italy and we were heartbroken Before we could meet in America she had to rush back to India because Grandmother had a heart attack Later she visited with her mother The highlight was her trying on a bikini What a beautiful sight voluptuous breasts curvy body long legs It was huge turn on and later we enjoyed passionate lovemaking Love of my life could not stay and had to return to India I wondered if I would see her again College in Indiana was great but I could not handle snow and California was calling Driving there in an old car was adventurous Discrimination was high against a turbaned Sikh No decent jobs were available to me Finally I got a job at a packinghouse It was hard keeping my head above water while studying at Fresno State Where is Kavita Are we destined to be together **Sikhs Across Borders** Knut A. Jacobsen, Kristina Myrvold, 2012-09-06 Sikhs Across Borders is the first study to explore patterns of transnational practices among European Sikhs with particular focus on the links between the Sikhs in Europe Punjab the home land and within a global Sikh community The book illustrates how local and transnational spheres coexist and interact in a multitude of social and cultural practices and discourses among European Sikhs past and present Based on new empirical research Sikhs Across Borders book explores how religion continues to play a significant role in the daily lives of European Sikhs and is important for their maintenance of links with the homeland as well as Sikhs in other parts of the world The team of international contributors show how Sikhs are shaping new self representations and identity constructions through a multitude of transnational practices on the individual national and global level such as marriages pilgrimage narratives and the use of the internet and new media Further transnational practices examined include religious learning and teaching practices and responses to political events in the diaspora *Sikhs in Continental Europe* Swarn Singh Kahlon, 2020-11-25 This book is the third in the trilogy of books looking at the comparatively less known destinations of Sikh migration to non English speaking countries The first one was Sikhs in Latin America followed by Sikhs in Asia Pacific Earlier Sikh migration was focused on the British Commonwealth and the USA Once restrictions were placed on entering the UK the Sikhs were forced to explore the possibility of migrating to other countries including Continental Europe The pace of migration picked up in 1970s Later there were more asylum seekers in the 1980s and 1990s adding to the migration numbers Some could enter Europe through legal channels while others found alternative routes as undocumented migrants Sikhs found employment mostly as unskilled labour but now they have been able to create niche professions such as dairying in Italy and restaurants bars in Finland There is now a large second generation who is fully qualified to enter other professions The author describes how Sikhs have

kept up their traditions through Nagar Kirtans Turban Youth Summer camps and sewa There are almost 140 gurdwaras in Europe with a meagre population of less than a quarter million This book is the third in the trilogy of books looking at the comparatively less known destinations of Sikh migration to non English speaking countries The first one was Sikhs in Latin America followed by Sikhs in Asia Pacific Earlier Sikh migration was focused on the British Commonwealth and the USA Once restrictions were placed on entering the UK the Sikhs were forced to explore the possibility of migrating to other countries including Continental Europe The pace of migration picked up in 1970s Later there were more asylum seekers in the 1980s and 1990s adding to the migration numbers Some could enter Europe through legal channels while others found alternative routes as undocumented migrants Sikhs found employment mostly as unskilled labour but now they have been able to create niche professions such as dairying in Italy and restaurants bars in Finland There is now a large second generation who is fully qualified to enter other professions The author describes how Sikhs have kept up their traditions through Nagar Kirtans Turban Youth Summer camps and sewa There are almost 140 gurdwaras in Europe with a meagre population of less than a quarter million Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka **Interreligious Reflections, Six Volume Set** Alon

ABOUT VOLUME FOUR All the world s religions are experiencing rapid change due to a confluence of social and economic global forces Factors such as the pervasive intrusion of globalizing political and economic developments polarized and morally equivalent presentations seen in the media and the sense of surety demanded in and promised by a culture dominated by science are some of the factors that have placed extreme pressure on all religious traditions This has stimulated unprecedented responses by religious groups ranging from fundamentalism to the syncretistic search for meaning As religion takes on new forms the balance between individual and community is disrupted and reconfigured Religions often lose the capacity to recall their ultimate purpose or lead their adherents toward it This is the situation we call the crisis of the holy It is a confluence of threats challenges and opportunities for all religions This volume explores the contours of pressures changes and transformations and reflects on how all our religions are changing By identifying commonalities across religions as they respond to these pressures The Crisis of the Holy recommends ways religious traditions might cope with these changes and how they might join forces in doing so

region and identity that have dominated academic and mediatized representations of Punjab a land locked region divided between India and Pakistan after the Partition of 1947 and instead focuses on the role of the imagination in producing Punjab It deconstructs Punjab as an ethno spatial ethno linguistic and ethno cultural construct produced by the communities who dwell there those who have left it and those formed by new narratives of the region By isolating imaginings of Punjab that are not centred on exclusivist regional linguistic sectarian or caste perspectives contributions to this book propose the concept of free flowing cartographies in relation to Punjab which facilitate its imaginings as a geographical region a social construct and a state of consciousness The region is simultaneously imagined as a small place a neighbourhood a city and a village but also as a performative practice and a certain ways of doing things Through focusing on a number of Punjabi spaces and communities and engaging with Punjab as a geographical region social construct and state of consciousness the papers in the book hope to contribute to broader debates on transnationalism postnationalism micronationalism and new identity narratives emerging in the twenty first century This book was originally published as a special issue of South Asian Diaspora

Jakobsh, 2021-09-01 This volume gathers scholars who focus on gender through a variety of disciplines and approaches to Sikh Studies The intersections of religion and gender are here explored based on an understanding that both are socially constructed Far from being static as so often presented in world religions textbooks religious traditions are constantly in flux responding to historical cultural and social contexts So too is the Sikh tradition in terms of practices ideologies rituals and notions of identity We here conclude that a Sikh tradition does not exist instead there are numerous forms thereof In this volume Sikhism is presented as a collection of Sikh traditions Gender studies in line with women s liberation masculine and feminist studies have long examined and have long deconstructed the patriarchy but also move to identify other subordinate dominant relations between individuals Indeed there are numerous forms of discrimination and power structures that simultaneously create a multiplicity of oppression Intersectionality has become the basis of an

increasingly systematized production of contemporary discourses on feminism and gender analysis as is evidenced by the varied contributions in this volume
