Savitt, 2019 The 200 year old National Road also known as The National Pike Cumberland Road US 40 and Baltimore Cumberland Turnpike is often referred to as The Main Street of America It was the nation's first federally funded highway and eventually passed through more than 25 cities and towns in Maryland The 33 mile Maryland portion of the original road was linked with privately constructed turnpikes to extend it to 170 miles in the state In its early days the National Road thrived as it helped to open the American West to settlement and commerce With the rise of railroad transportation in the 1850s the turnpike became almost obsolete and deteriorated significantly But the road was rescued in the early 1900s as the increasing popularity of automobile travel led to its revival In recent years some of the original structures along the road have been restored including restaurants inns and other commercial establishments Hostels and eateries such as the Casselman Inn in Grantsville the South Mountain Inn between

The National Road Tom Zoellner, 2020-10-13 This collection of eloquent essays that examine the relationship between the American landscape and the national character serves to remind us that despite our differences we all belong to the same land Publishers Weekly How was it possible I wondered that all of this American land in every direction could be fastened together into a whole What does it mean when a nation accustomed to moving begins to settle down when political discord threatens unity and when technology disrupts traditional ways of building communities Is a shared soil enough to reinvigorate a national spirit From the embattled newsrooms of small town newspapers to the pornography film sets of the Los Angeles basin from the check out lanes of Dollar General to the holy sites of Mormonism from the nation's highest peaks to the razed remains of a cherished home like a latter day Woody Guthrie Tom Zoellner takes to the highways and byways of a vast land in search of the soul of its people By turns nostalgic and probing incisive and enraged Zoellner's reflections reveal a nation divided by faith politics and shifting economies but more importantly one united by a shared sense of ownership in the common land
