

Body Biography Directions

(100 Point Project)

What is a body biography?

A body biography is a combination of artwork and writing (quotes from the novel and your own explanations of those quotes). You will decorate your body biography according to the requirements listed below to demonstrate your understanding of this character. Please note: your body biography is not suppose to be a literal representation of your character. Instead, it should be more like a giant collage of written ideas, drawings, and symbols that work together to show us how well you understand your character, but we also want you to be CREATIVE!

What is the purpose?

The purpose behind creating a body biography is to allow you to take a **DEEP** look at one character from the story. You will have to review significant events, choices that your character made, and changes that your character went through internally within the course of the novel. You will have to take a serious look into what makes your character tick – what motivates your character, how your character feels about himself/herself at the beginning of the novel, and how those feelings may have changed by the end of the novel.

How do we create a body biography?

Small group Instructions (For individuals you will get a standard sized piece of paper)

For your chosen character, you and a partner will create a body biography- a visual (body template) and written portrait, illustrating several aspects of the character's life within the novel. You will then present your life-size visual presentation to the class and you will also evaluate the work of other groups. I will provide 6 feet x 3 feet strips of white paper, colored construction paper, glue sticks, scissors, markers, crayons and colored pencils. If you wish to use other materials, you will need to bring them from home. Make sure you display your character's name prominently on the body outline paper.

1. One of you will need to be the "body".
2. Have that person lie down on the paper.
3. Trace the **outline** of the person's body (body template).
4. Then choose the best way to represent the following aspects of the character symbolically:
