New Discoveries In St Catherines Monastery:

Charlesworth, George Zervos, 1981 Encyclopedia of Early Christianity Everett Ferguson, 2013-10-08 First published in 1997 What's new in the Second Edition Some 250 new entries twenty five percent more than in the first edition plus twenty five new expert contributors Bibliographies are greatly expanded and updated throughout More focus on biblical books and philosophical schools their influence on early Christianity and their use by patristic writers More information about the Jewish and pagan environment of early Christianity Greatly enlarged coverage of the eastern expansion of the faith throughout Asia including persons and literature More extensive treatment of saints monasticism worship practices and modern scholars Greater emphasis on social history and more theme articles More illustrations maps and plans Additional articles on geographical regions Expanded chronological table Also includes maps The End of Biblical Studies Hector Avalos, 2010-08-05 In this radical critique of his own academic specialty biblical scholar Hector Avalos urges his colleagues to concentrate on educating the broader society to recognize the irrelevance and even violent effects of the Bible in modern life **Palimpsests and Related Phenomena across Languages and Cultures** Jost Gippert, José Maksimczuk, Hasmik Sargsyan, 2024-12-02 Palimpsests are manuscripts whose original content has been erased scraped away washed off and later overwritten In their lower layers they often contain unique versions of texts including those otherwise lost from Antiquity and the Middle Ages The volume addresses palimpsesting across languages cultures and times as well as up to date research and imaging practices applied to them and results achieved in reconstituting removed layers *The Nag Hammadi Story (2 vols.)* James M. Robinson, 2014-06-05 The Nag Hammadi Story is not a history of research in the usual sense of a Forschungsbericht which would report on the massive amount of scholarship that has been devoted to the content of the Nag Hammadi Codices for more than a half century Rather it is a socio historical narration of just what went on during the thirty two years from their discovery late in 1945 via their initial trafficking and then the attempts to monopolize them until finally through the intervention of UNESCO the whole collection of thirteen Codices was published in facsimiles and in English translation both completed late in 1977 **Recent Discoveries and the Biblical World** Raymond E. Brown, 2003-09-18 One of the most fascinating aspects of biblical research today involves Near East discoveries and how they cast light on the Bible Newspaper headlines are made by the Dead Sea Scrolls or Gnostic Gospels or an Inscription by Pontius Pilate or unearthing the bones of a crucified Jew from the first century or the Shroud of Turin Here is a handy guide discussing some twenty five of the most significant archaeological and documentary finds of our times and explaining how they broaden our knowledge of the biblical world For the general reader this is a most helpful companion to the New Testament Message and Old Testament Message series The author Raymond E Brown has been described by Time as probably the premier Catholic Scripture scholar in the U S The Sulpician priest who is Auburn Distinguished Professor of Biblical Studies at Union Theological Seminary in New York City has been awarded over a

dozen honorary doctorates from American and European universities He was commended by Pope Paul VI for his learning prudence and Catholic regard for the Magisterium of the Church In a revealing Introduction Brown reports that reading about such discoveries was the spark that moved him to commit his life to formal Bible study These discoveries helped him to develop his cardinal principle of biblical interpretation The Bible as word of God is a combination of divine inspiration and human time conditioned perception A knowledge of the civilizations and places in which God's people lived should convince open minded Bible readers that the time conditioning must be acknowledged if one is not to distort the Scriptures
