

# Annual Report 2022

Reporting Desk for New Drugs

## What is the Reporting Desk for New Drugs?

The Reporting Desk for New Drugs is a national surveillance study in the Netherlands, which is coordinated by the Trimbos Institute. Through this surveillance study, data are collected about new psychoactive substances in the Netherlands. The Reporting Desk for New Drugs reports on which new psychoactive substances were recently detected in the Netherlands, and if available, in which quantities these new psychoactive substances have been detected on the illicit drug market during the last year.

**Organization:** The Reporting Desk for New Drugs assembles, analyzes, and reports on data collected by a variety of organizations in the Netherlands about the production, trade, and consumption of new psychoactive substances. The Customs Laboratory of the Netherlands and the Netherlands Forensic Institute provide data about seized new psychoactive substances that have been sent to their laboratories for analysis. The Drugs Information and Monitoring System (DIMS) provides data about new psychoactive substances that have been detected in consumer samples submitted for laboratory analysis at a drug checking service<sup>1</sup>. The Monitor Drug-related Incidents (MDI) and the Dutch Poisons Information Centre (DPIC) share data about adverse health-related events related to the use of new psychoactive substances. Additional information about new psychoactive substances being used in the Netherlands is also collected from pre-selected online discussion boards about drugs.

**Application:** The annual report from the Reporting Desk for New Drugs is used by the Ministry of Health, Welfare and Sports in the Netherlands and the Coordination point for Assessment and Monitoring new drugs (CAM<sup>2</sup>) to assess the distribution and possible risks associated with the sale, transport, and use of new psychoactive substances in the Netherlands.

## New psychoactive substances

The European Monitoring Centre for Drugs and Drug Addiction (EMCDDA) defines new psychoactive substances as "substances of abuse, either in a pure form or a preparation, that are not controlled by the 1961 Single Convention on Narcotic Drugs or the 1971 Convention on Psychotropic Substances, but which may pose a public health threat".<sup>3</sup>

The Reporting Desk for New Drugs focuses on substances that have been produced in and introduced to the illicit drug market for their psychoactive properties since the early 2000s or have been re-introduced after being absent on the illicit drug market for several decades.

A few substances, such as 2C-B, GHB/GBL, DMT, and ketamine, have also been included in the Reporting Desk for New Drugs. These substances are being monitored by the European Monitoring Centre for Drugs and Drug Addiction under the framework of the European Joint Action on new synthetic drugs.

### New psychoactive substance groups

New psychoactive substances are usually classified according to their chemical structure or pharmacological properties. These classifications include:

- Synthetic cannabinoids
- Cathinones
- Phenethylamines
- Indole alkaloids (Tryptamines)
- Arylcyclohexylamines
- Synthetic opioids
- New benzodiazepines
- Other new psychoactive substances

## Highlights 2022

In the Netherlands, a total of 122 different new psychoactive substances were reported in 2022 to the Reporting Desk for New Drugs by the participating laboratories; 14 of these new psychoactive substances were detected on the illicit drug market in the Netherlands for the first time. Seven of these substances were reported by Netherlands Forensic Institute, two by both the Netherlands Forensic Institute and DIMS, two by DIMS only and three by the Customs Laboratory.

- Netherlands is an important transit country for various New Psychoactive Substances (NPS). A small portion of them is intended for the Dutch consumer market. A notable example of this are synthetic cannabinoids, which are typically primarily reported by the Customs Laboratory of the Netherlands. However, in 2022, they only observed that large quantities of JWH-210 were imported.
- Regarding cathinones, it was particularly noteworthy that the Customs Laboratory of the Netherlands detected record amounts of the substance 3-CMC. This substance was not frequently submitted to DIMS but was found in the majority of samples submitted as 3-MMC.
- What's also striking is that, in the Netherlands in 2022, there is minimal reporting of the presence of synthetic opioids, unlike other European countries. O-desmethyiltramadol is the substance most commonly reported by some of the participating partners.

### **New Drugs Annual Update Introduction**

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading New Drugs Annual Update free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading New Drugs Annual Update free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading New Drugs Annual Update free PDF files is convenient, its

important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading New Drugs Annual Update. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading New Drugs Annual Update any PDF files. With these platforms, the world of PDF downloads is just a click away.

### **FAQs About New Drugs Annual Update Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. New Drugs Annual Update is one of the best book in our library for free trial. We provide copy of New Drugs Annual Update in digital format, so the resources that you find are reliable. There are also many Ebooks of related with New Drugs Annual Update. Where to download New Drugs Annual Update online for free? Are you looking for New Drugs Annual Update PDF? This is definitely going to save you time and cash in something you should think about.
