Experimentation and Reconstruction in Environmental Archaeology David Robinson, 2017-06-30 Eighteen papers and six abstracts from the ninth symposium of the Association of Environmental Archaeology held at Roskilde Denmark in 1988 *Literature Review on Residues of Anticoagulant Rodenticides in Non-Target Animals*, 2010 Anticoagulant rodenticides are the principal means of controlling pest rodents in the Nordic countries Due to the intrinsic properties of second generation anticoagulants i.e. extremely slow elimination from the body and high toxicity they are prone to accumulate in the non target species which consume poisoned rodents Despite wide use there are no published studies on occurrence of residues of anticoagulant rodenticides in the non target animals in the Nordic countries This review of publicly available studies was aimed to find out which anticoagulant substances are found and in which species The concentrations are reported as well as the proportion of exposed animals We have further compiled a list of species that could potentially be exposed to anticoagulant rodenticides in the Nordic countries The review shows that anticoagulant residues have been found everywhere they have been measured and secondary exposure to second generation

anticoagulants is common among certain avian and mammalian predators The results call for initiation of measurements of anticoagulant rodenticides also in the Nordic countries Virtual Menageries Jody Berland,2024-11-26 The close interdependency of animal emissaries and new media from early European colonial encounters with the exotic to today's proliferation of animals in digital networks From cat videos to corporate logos digital screens and spaces are crowded with animal bodies In Virtual Menageries Jody Berland examines the role of animals in the spread of global communications Her richly illustrated study links the contemporary proliferation of animals on social media to the collection of exotic animals in the formative years of transcontinental exploration and expansion By tracing previously unseen parallels across the history of exotic and digital menageries Berland shows how and why animals came to bridge peoples territories and technologies in the expansion of colonial and capitalist cultures Berland's genealogy of the virtual menagerie begins in 1414 when a ruler in Bengal sent a Kenyan giraffe to join a Chinese emperor's menagerie It maps the beaver's role in the colonial conquest of Canada and examines the appearances of animals in early moving pictures The menagerie is reinvented for the digital age when image and sound designers use parts or images of animals to ensure the affective promise and commercial spread of an emergent digital infrastructure These animal images are emissaries that enliven and domesticate the ever expanding field of mediation Virtual Menageries offers a unique account of animals and animal images as mediators that encourage complicated emotional economic and aesthetic investment in changing practices of connection **The Alcalde**, 1988-01 As the magazine of the Texas Exes The Alcalde has united alumni and friends of The University of Texas at Austin for nearly 100 years The Alcalde serves as an intellectual crossroads where UT's luminaries artists engineers executives musicians attorneys journalists lawmakers and professors among them meet bimonthly to exchange ideas Its pages also offer a place for Texas Exes to swap stories and share memories of Austin and their alma mater The magazine's unique name is Spanish for mayor or chief magistrate the nickname of the governor who signed UT into existence was The Old Alcalde **Principle and Practice in Applied Linguistics** H. G. Widdowson,1995-07-20 This volume provides a wide ranging overview of the diverse issues in applied linguistics today The contributors consider the relation of their own areas of enquiry both to professional practice and to the discipline as a whole Practical Wildlife Care Les Stocker,2013-05-06 Wildlife care and rehabilitation is often on a one to one basis and involves a lot of time care and skill However for many years care of injured wildlife was regarded as a low priority and euthanasia was the recommended option A lot has changed over the past twenty years and now caring for wildlife casualties is part of everyday life in many veterinary practices Following on from the major success of the first edition this second edition provides even more useful information on wildlife care and rehabilitation As well as covering a whole range of species with sections on birds mammals reptiles and amphibians this edition now includes information on many alien species appearing in the British countryside such as wallabies wild boar and exotic reptiles In this edition Essential guidance on handling first aid feeding and releasing and many other disciplines not featured in veterinary

or nursing training Full of helpful tips from an expert in wildlife rehabilitation who has unparalleled practical experience
Expanded chapters on the care of all species particularly casualty badgers otters and hedgehogs and more comprehensive
guidance on rearing orphaned mammals and birds Lots more colour pictures to aid in management and care techniques and
the latest information on zoonotic diseases from around the world **Western Tanager** ,1995
