New Governance New Democracy Post Devolution Wales:

New Governance - New Democracy? Paul Chaney, Tom Hall, Andrew Pithouse, 2001 The creation of the National Assembly for Wales and Scottish Parliament has altered the democratic landscape of the UK In assuming many policy and administrative responsibilities previously held by the central government the Welsh assembly promises innovation in governance and there are high expectations that devolution will bring about significant changes in Welsh life New Governance New Democracy questions whether these expectations are likely to be fulfilled Drawing on interviews with many of the people who have influenced the devolution experiment from politicians to ordinary citizens this book offers interdisciplinary discussion and analysis of issues ranging from electoral turnout participation and legitimacy to the involvement of marginalized groups in the process of government It also examines the developing relationship between the new Welsh legislature and the voluntary sector the governance of economic development and the regulation and political control of public agencies in Wales

Reinventing Britain Andrew McDonald, 2007-10-30 Contrary to popular myth Britain does have a constitution one that is uncoded and commanded little political interest for most of the twentieth century In the late 1990s Tony Blair's New Labour Government launched a program of reform that was striking in its ambition Reinventing Britain tells the story of Britain's constitutional reform and weighs its long term significance with essays both by officials who worked on the reforms and by other leading commentators and academics from Britain and North America Contributors Mark Bevir Jack Citrin Joseph Fletcher Robert Hazell Ailsa Henderson Kate Malleson Craig Parsons Kenneth MacKenzie Peter Riddell

Beyond Devolution and Decentralisation Alistair Cole, 2006-04-13 Beyond devolution and decentralisation compares the politics policies and polity building dynamics of devolution in Wales and decentralisation in the French region of Brittany Empirically the book draws conclusions from in depth fieldwork within two regions and reports the findings of a comparative public opinion survey Theoretically it contributes towards our understanding of the comparative study of regions Perhaps most impressive is how the case studies generally are based on but also cast light back to the nuanced theoretical framework on regional capacity established at the outset The book uncovers the dynamics of devolution in Wales and decentralisation in Brittany through extensive face to face interviews over 200 interviews were carried out from 2001 to 2004 a formative stage in the development of the devolved institutions in Wales and a period of expectation in Brittany as well The book will be of interest to the professional research community and to practitioners in Britain France and beyond as well as to students on comparative politics British Welsh politics French politics European studies and public policy courses
