New Grove Wagner:

The New Grove Wagner John Deathridge, Carl Dahlhaus, 1984 Contains a concise account of Wagner's life by John Deathridge and a treatment of Wagner's music aesthetics and individual operas and music dramas by Carl Dahlhaus which is a tour de force Joseph Kerman New York Review of Books **The New Grove Wagner**, 2002 **The New Grove Wagner** J. Deathridge, C. Dahlhaus, 1984-08-23 **The New Grove Wagner** Barry Millington, 2002 Wagner is one of the most controversial of composers and much that has been written about him including his autobiography is misleading Barry Millington draws on the best previous scholarship and his own original research to set the record straight The first part of this book is devoted to biography the second to a detailed study of the operas Millington offers a historical review of the critical interpretation of each opera including a discussion of recent methods of formal analysis In this revised edition two chapters those on Tannhauser and Die Meistersinger include significant new material The bibliography has also been updated **Richard Wagner** Michael Saffle, 2010-06-10 Richard Wagner A Research and Information Guide is an annotated bibliography concerning both the nature of primary sources related to the composer and the scope and significance of the secondary sources which deal with him his compositions and his influence as a composer and performer Wagner's Melodies David Trippett, 2013-05-02 Since the 1840s critics have lambasted Wagner for lacking the ability to compose melody But for him melody was fundamental music's only form This incongruity testifies to the surprising difficulties during the nineteenth century of conceptualizing melody Despite its indispensable place in opera contemporary theorists were unable even to agree on a definition for it In Wagner's Melodies David Trippett re-examines Wagner's central aesthetic claims placing the composer's ideas about melody in the context of the scientific discourse of his age from the emergence of the natural sciences and historical linguistics to sources about music's stimulation of the body and inventions for automatic composition Interweaving a rich variety of material from the history of science music theory music criticism private correspondence and court reports Trippett uncovers a new and controversial discourse that placed melody at the apex of artistic self-consciousness and generated problems of urgent dimensions for German music aesthetics Wagner's Ring M. Owen Lee, 2004-08 Limelight Commentary on and a concise lucid interpretation of the opera world's most complex masterwork expanded from the author's popular intermission talks during Met Opera broadcasts Anyone whether knowledgeable or not will profit by reading it Opera Quarterly **The New Grove Guide to Wagner and His Operas** Barry Millington, 2023 One of the most controversial musical figures of the 19th century Richard Wagner was a great literary philosophical and political activist Drawing from contemporary scholarship this biography provides different insights into his life and works **Music at the Turn of Century** Joseph Kerman, 1990-01-01 Turn of the century modernists were involved implicated and often locked in a struggle with all the formidable legions of nineteenth century music The focus of this collection essays originally published in the journal 19th Century Music is upon modernism in relation to its immediate

heritage Major composers whose reflections on the past come under consideration include Debussy Mahler Schoenberg Stravinsky Bartok and Ives while older composers such as Liszt and Wolf figure as precursors of modernist harmony and sensibility The contributors include many leading musicologists critics and music theorists known for their work on nineteenth and twentieth century music Some of the essays deal closely with the new musical languages that evolved in that era others deal with reception and performance issues Many of them bring together insights from various sub disciplines to achieve a richer kind of composite scholarship than is available to traditional musical studies *Wagner* M. Owen Lee,1999-01-01 Father Lee traces some of Wagner s extraordinary influence for good and ill on a century of art and politicsand argues that Wagner s ambivalent art is indispensable to us life enhancing and ultimately healing

This is likewise one of the factors by obtaining the soft documents of this **New Grove Wagner** by online.
