Gabriel Campisi

New Hollywood:

New Hollywood Cinema Geoff King, 2002 What is New Hollywood The art cinema of the Hollywood Renaissance or the corporate controlled blockbuster The introverted world of Travis Bickle or the action heroics of Indiana Jones Buzz Lightyear and Maximus the Gladiator Innovative departures from the classical Hollywood style or superficial glitz special effects and borrowings from MTV Wholesale change or important continuities with Hollywood's past The answer suggested by Geoff King in *New Hollywood Cinema* is all of these and more He examines New Hollywood from three main perspectives film style industry and the social historical context Each is considered in its own right sometimes resulting in different ways of defining New Hollywood But one of the book's central arguments is that a combination of these approaches is needed if we are to understand the latest incarnations of the cinema that continues to dominate the global market King looks at the Hollywood Renaissance from the late 1960s to the late 1970s industrial factors shaping the construction of the corporate blockbuster the role of auteur directors genre and stardom in New Hollywood narrative and spectacle in the contemporary blockbuster and the relationship between production for the big and small screens Case studies considered include *Taxi Driver* *Godzilla* and *Gladiator* tracing the roots of New Hollywood from the 1950s to the start of the twenty first century *The Independent Filmmaker's Guide to the New Hollywood* Gabriel Campisi, 2020-09-28 Netflix and its competitors like Disney Amazon Prime and Hulu have brought unprecedented levels of entertainment to consumers everywhere providing the richest most abundant aggregate of motion pictures and cinematic television the world has ever seen Behind the facade however things are not as pleasant A very costly paradigm shift is underway altering not only conventional business and finance models but also threatening long established avenues of entertainment such as movie theaters traditional television and home video and wreaking havoc on independent filmmakers and veteran producers alike This book attempts to make sense of ongoing economic and creative shifts of infrastructure and intellectual property to understand where the industry is headed and to distinguish which business models should be maintained and which ones should be left behind Featuring exclusive interviews with some of the industry's most prolific filmmakers and executives it dives into the trenches of Hollywood to provide readers with the knowledge necessary to rethink the business see past the turmoil recognize the new opportunities and take advantage of exciting new possibilities Change sparks innovation and innovation brings about great opportunity but only for the well informed and prepared *New Hollywood Cinema* Geoff King, 2002-03-29 New Hollywood extends from the radical gestures of the Hollywood Renaissance of the late 1960s and early 1970s to the current dominance of the corporate blockbuster Geoff King covers new Hollywood dynamically and accessibly in this thoroughly modern introductory text He discusses diverse films as well as the film makers and film companies focusing on the interactions between the film texts their social contexts and the industry producing them Using examples across Hollywood and its genres King reveals how the positions of studios within media conglomerates together with the impact of television advertising and franchising on the

New Hollywood shape the form and content of the films *Women and New Hollywood* Aaron Hunter, Martha Shearer, 2023-05-12 The 1970s has often been hailed as a great moment for American film as a generation of New Hollywood directors like Scorsese Coppola and Altman offered idiosyncratic visions of what movies could be Yet the auteurist discourse hailing these directors as the sole authors of their films has obscured the important creative roles women played in the 1970s American film industry *Women and New Hollywood* revises our understanding of this important era in American film by examining the contributions that women made not only as directors but also as screenwriters editors actors producers and critics Including essays on film history film texts and the decade s film theory and criticism this collection showcases the rich and varied cinematic products of women s creative labor as well as the considerable barriers they faced It considers both women working within and beyond the Hollywood film industry reconceptualizing New Hollywood by bringing it into dialogue with other American cinemas of the 1970s By valuing the many forms of creative labor involved in film production this collection offers exciting alternatives to the auteurist model and new ways of appreciating the themes and aesthetics of 1970s American film Old Hollywood/New Hollywood Ritual, Art, and Industry Thomas Schatz, 1983 **Hollywood's New Yorker** Marc Raymond, 2013-04-01 A fresh look at the director s career *Hollywood's New Radicalism* Ben Dickenson, 2005-11-25 Provides an up to date insightful take on modern American cinema s relations with and influence on Reagan s Clinton s and both Bush s administrations George W Bush Clinton and Ronald Reagan s relations are revealed with radical celebrities like Sean Penn Tim Robbins Susan Sarandon and Warren Beatty It contains unique behind the scenes stories and exclusive revealing interviews with Hollywood celebrities Described by Tony Garnett as an ambitious and refreshing book *Hollywood's New Radicalism* is a timely and contentious account of the last twenty five years of American cinema Ben Dickenson tells the story of the corporate take over of the movies in the 1970s and the subsequent transformation of Hollywood into the dominant force in the global media industry Writing from the intersection where politics society and cinema meet and using exclusive interviews with Hollywood personalities he explores the radicalising effect of such changes on liberal filmmakers like Warren Beatty Michael Moore and Sean Penn in the past decade He demonstrates how left wing messages smuggled their way into 1980s movies found a fuller voice in independent American cinema during the 1990s and flirted with mainstream popularity at the start of the new millennium Bringing the story up to and through the 2004 Presidential election he reveals how important Hollywood figures have become key members of a vigorous left wing opposition to George W Bush s Presidency *New Wave, New Hollywood* Gregory Frame, Nathan Abrams, 2021-09-23 As a period of film history The American New Wave ordinarily understood as beginning in 1967 and ending in 1980 remains a preoccupation for scholars and audiences alike In traditional accounts it is considered to be bookended by two periods of conservatism and viewed as a brief period of explosive creativity within the Hollywood system From *Bonnie and Clyde* to *Heaven s Gate* it produced films that continue to be watched discussed analysed and poured over It has however also become

rigidly defined as a cinema of director auteurs who made a number of aesthetically and politically significant films This has led to marginalization and exclusion of many important artists and filmmakers as well as a temporal rigidity about what and who is considered part of the New Wave proper This collection seeks to reinvigorate debate around this area of film history It also looks in part to demonstrate the legacy of aesthetic experimentation and political radicalism after 1980 as part of the legacy of the New Wave Thanks to important new work that questions received scholarly wisdom reveals previously marginalised filmmakers and the films they made considers new genres personnel and films under the banner of New Wave New Hollywood and reevaluates the traditional approaches and perspectives on the films that have enjoyed most critical attention New Wave New Hollywood Reassessment Recovery Legacy looks to begin a new discussion about Hollywood cinema after 1967 *Hollywood's America* Steven Mintz, Randy W. Roberts, 2010-03 Fully revised updated and extended this compilation of interpretive essays and primary documents teaches students to read films as cultural artifacts within the contexts of actual past events A new edition of this classic textbook which ties movies into the broader narrative of US and film history Ten new articles which consider recently released films as well as issues of gender and ethnicity Well organized within a chronological framework with thematic treatments to provide a valuable resource for students of the history of American film Fourth edition includes completely new images throughout *New York Magazine* ,1979-03-05 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea
