Greece Country Study Guide Volume 1 Strategic Information and Developments IBP USA,2013-08 Greece Country Study Guide Strategic Information and Developments Volume 1 Strategic Information and Developments **The New Populism and the New Politics** Paul A. Taggart,2016-07-27 Two of the major forces that have made an impact on West European politics in recent years have been Green and New Populist parties While they differ radically in their ideological positions policy prescriptions and bases of support taken together they represent the left and right versions of a protest against the general direction and form of contemporary politics Surveying the fortunes of these two types of parties in different countries the author develops a framework for explaining their relative success and failure Using the specific cases of two Swedish protest parties the Green Party and New Democracy a systematic comparison is made of their electoral constituencies party organization and elite behaviour to show that there are common origins similar difficulties but divergent strategies The case study reveals the different way in which political systems incorporate contemporary left and right forms of protest **The Emergence of Global Maoism** Matthew Galway,2022-03-15 The Emergence of Global Maoism examines the spread of Mao Zedong s writings ideology and institutions when they traveled outside of China Matthew Galway links Chinese Communist Party efforts to globalize Maoism to the dialectical engagement of exported Maoism by Cambodian Maoist intellectuals How do ideas manifest outside of their place of origin Galway analyzes how universal ideological systems became localized both in Mao s indigenization of Marxism Leninism and in the Communist Party of Kampuchea s indigenization of Maoism into its own revolutionary ideology By examining the intellectual journeys of CPK leaders who during their studies in Paris in the 1950s became progressive activist intellectuals and full fledged Communists he shows that they responded to political and socioeconomic crises by speaking back to Maoism adapting it through practice without abandoning its universality Among Mao s greatest achievements the Sinification of Marxism enabled the CCP to canonize Mao s thought and export it to a progressive audience of international intellectuals These intellectuals would come to embrace the ideology as they set a course for social change The Emergence of Global Maoism illuminates the process through which China moved its goal from class revolution to a larger anticolonial project that sought to cast out European and American imperialism from Asia **Assassination** C.J. Cronin, To kill a President you need only two things access and determination Who better to kill a President than another national leader **Democracy Denied, 1905-1915** Charles KURZMAN,Charles Kurzman,2009-06-30 Kurzman proposes that the collective agent most directly responsible for democratization was the emerging class of modern intellectuals a group that had gained a global identity and a near messianic sense of mission following the Dreyfus Affair of 1898 Each chapter of this book focuses on a single angle of this story covering all six cases by examining newspaper accounts memoirs and government reports *Catalogue of Title-entries of Books and Other Articles Entered in the Office of the Librarian of Congress, at Washington, Under the Copyright Law ...*

India after Naxalbari Bernard D'Mello, 2018-07-23 How the 1967 uprising at Naxalbari inspired a generation of resistance across India and the South Asian subcontinent Although the 1967 revolutionary armed peasant uprising in Naxalbari at the foot of the Indian Himalayas was brutally crushed the insurgency gained new life elsewhere in India In fact this revolt has turned out to be the world's longest running people's war and Naxalbari has come to stand for the road to revolution in India What has gone into the making of this protracted Maoist resistance Bernard D Mello's fascinating narrative answers this question by tracing the circumstances that gave rise to India's 1968 decade of revolutionary humanism and those that led to the triumph of the 1989 era of appallingly unequal growth condoned by Hindutva nationalism the Indian variant of Nazism Will what remain of India's continuing 1968 bring twenty first century New Democracy to the collective agenda Or will the ongoing regression of 1989 lead the way to full blown semi fascism and sub imperialism India after Naxalbari is far more than a simple history of the ongoing Naxalite Maoist resistance it is a deeply passionate and informed work that not only captures the essence of modern Indian history but also tries to comprehend the present in the context of that history so that the oppressed can exercise their power to influence its shape and outcome

Managing Transitions Gerry Groot, 2004-02-24 *Managing Transitions* examines the history and roles of China's minor parties and groups MPGs in the Chinese Communist Party's CCP united front between the 1930s and 1990s using Antonio Gramsci's principles for the winning and maintaining of hegemony Gramsci advocated a war of position the building of political alliances to isolate existing state powers and win consent for revolutionary rule and transform society Economic reform is now creating new socio economic groups and the CCP is adjusting the united front and the MPGs to co-opt their representatives and deliberately forestall the evolution of an autonomous civil society and middle class which could challenge CCP rule This has resulted in a new and expanding role for the united front the MPGs and organisations representing the new interest groups
