Thomas, 1966 *Losing Our Language* Sandra Stotsky, 2002 This book argues that it is the incorporation of a multicultural agenda into basal readers the primary tool for teaching reading in elementary schools that has stunted American children's ability to read The book shows how basal readers have been systematically dumbed down in an effort to raise minority students self esteem It contends that while elementary readers of the past featured excerpts from classic stories such as Arabian Nights and Robinson Crusoe with a complex vocabulary and sentence structure able to challenge the imagination and build reading skills today's basal readers present students with politically and ethnically correct stories whose language is virtually foreign and unable to engage students According to the book drawing words from Swahili Spanglish and other trendy dialects to teach students with a shrinking English vocabulary is a symptom of this intellectual and cultural disorder The book showcases interviews with teachers gives an in depth analysis of reading texts over the past 30 years and talks about how pressure groups have affected educational publishers It points out that literacy cultural and verbal gives all students but particularly those from poor or minority backgrounds personal independence and achievement and the ability to participate fully in civic life Each of the 11 chapters includes notes NKA Middle School English Teacher's Guide to Active Learning Marc Moeller, Victor Moeller, 2013-10-30 This book show you how you can foster reflective independent thinking in your class boost the number of students who actively participate and prevent the discussions from falling flat or degenerating into bull sessions This volume features 20 student centered lesson plans and includes answer keys for teachers Each lesson plan engages students in active learning *Resources in Education*, 2001 Research in Education, 1974 **Books and Pamphlets, Including Serials and Contributions to Periodicals** Library of Congress. Cohen, 1997 This text explores the theory and practice of contemporary strategies in literacy teaching and assessment with a focus on the use of literacy portfolios within the context of integrated language arts literature based teaching environments It explains step by step how the process of using a literacy assessment portfolio to enhance responsibilities and attainment of literacy and provide teachers with the necessary instruction for effective teaching Using many real life examples the book explains how these
