New Exiles American War Resisters In Canada:

The New Exiles Roger Neville Williams, 1971 The New Winter Soldiers Richard R. Moser, 1996 Richard Moser uses interviews and personal stories of Vietnam veterans to offer a fundamentally new interpretation of the Vietnam War and the antiwar movement. Although the Vietnam War was the most important conflict of recent American history its decisive battle was not fought in the jungles of Vietnam or even in the streets of the United States but rather in the hearts and minds of American soldiers. To a degree unprecedented in American history soldiers and veterans acted to oppose the very war they waged. Tens of thousands of soldiers and veterans engaged in desperate conflicts with their superiors and opposed the war through peaceful protest creating a mass movement of dissident organizations and underground newspapers. Moser shows how the antiwar soldiers lived out the long tradition of the citizen soldier first created in the American Revolution and Civil War. Unlike those great upheavals of the past the Vietnam War offered no way to fulfill the citizen soldier's struggle for freedom and justice. Rather than abandoning such ideals however tens of thousands abandoned the war effort and instead fulfilled their heroic expectations in the movements for peace and justice. According to Moser this transformation of warriors into peacemakers is the most important recent development of our military culture. The struggle for peace took these new winter soldiers into America rather than away from it. Collectively these men and women discovered the continuing potential of American culture to advance the values of freedom, equality and justice on which the nation was founded. *U.S. War Resisters' Quest for Refuge in Canada* Sarah J. Grünendahl, 2022-08-31 When U.S. war resisters turned to Canada as refuge during the Vietnam War and the Afghanistan/Iraq Wars they not only hoped to forestall deployment to a combat zone but also to build new lives and make a new home abroad. In her empirical study Sarah J. Grünendahl explores and juxtaposes how well the two war resister generations have been able to establish themselves after all and to what extent they partake in Canadian society. The comparison is instructive for migration and refugee studies altogether. The war resisters in the sample unlike many other migrant populations did not have to contend with language and cultural barriers in their destination country given similarities between the United States and Canada. Sarah J. Grünendahl's research thus allows for an analysis of the effects of residency on migrants' adaptation and participation in the receiving society isolated from these two common barriers. Further the study sheds light on how refugees and non-citizens can employ civic engagement to claim a place for themselves and overcome societal exclusion. *The New Exiles* Roger Neville Williams, William Sloane Coffin, 1971 *The New Exiles* Roger Neville Williams, 2017-09-18 The US has created its own military refugee problem. More Americans have fled to Canada because of the Vietnam war than have died in Vietnam. This is the story of that burgeoning exile community now estimated at from 40,000 to 100,000. An exiled war resister himself Roger Neville Williams tells how and why the US has lost so many of its most talented, intelligent and aware young men and women to Canada. Alongside his experiences thirteen of the draft resisters and deserters report their own highly individual experiences in a series of sometimes startling, often

frightening always candid interviews The descriptions of how they made the agonizing decision to go their new lives in exile and the Canadian reaction to them are at once moving alarming and thought provoking These dramatic often emotional personal tales are perfectly complemented by Williams systematic history of this profound social phenomenon With the objective eye of a professional journalist and the keen insights of a fellow refugee Williams calmly relates the story of the anti draft and anti war movements Raised in the small Ohio town of Chardon Roger Neville Williams spent six months motorcycling from Cairo to Capetown was educated at the University of Colorado and at the University of Neu chatel Switzerland has worked as a tour guide in Europe as a seaman on the Great Lakes and as a sailor aboard a schooner in the Bahamas

Canada's 1960s Bryan D. Palmer,2009-01-01 Focusing on the major movements and personalities of the time as well as the lasting influence of the period Canada s 1960s examines the legacy of this rebellious decade s impact on contemporary notions of Canadian identity

Vietnam's Prodigal Heroes Paul Benedikt Glatz,2021-01-12 Vietnam s Prodigal Heroes examines the critical role of desertion in the international Vietnam War debate Paul Benedikt Glatz traces American deserters odyssey of exile and activism in Europe Japan and North America to demonstrate how their speaking out and unprecedented levels of desertion in the US military changed the traditional image of the deserter

The Borderlands of the American and Canadian Wests Sterling Evans,2006-01-01 The Borderlands of the American and Canadian Wests is the first collection of interdisciplinary essays bringing together scholars from both sides of the forty ninth parallel to examine life in a transboundary region The result is a text that reveals the diversity difficulties and fortunes of this increasingly powerful but little understood part of the North American West Contributions by historians geographers anthropologists and scholars of criminal justice and environmental studies provide a comprehensive picture of the history of the borderlands region of the western United States and Canada The Borderlands of the American and Canadian Wests is divided into six parts Defining the Region Colonizing the Frontier Farming and Other Labor Interactions the Borderlands as a Refuge in the Nineteenth Century the Borderlands as a Refuge in the Twentieth Century and Natural Resources and Conservation along the Border Topics include the borderlands environment its aboriginal and gender history frontier interactions and comparisons agricultural and labor relations tourism the region as a refuge for Mormons far right groups and Vietnam War resisters and conservation and natural resources These areas show how the history and geography of the borderlands region has been transboundary multidimensional and unique within North America
