New Governments In Europe:

Local Government in Europe Carlo Panara, Michael R. Varney, 2013-12-04 This work considers the role of local government in 13 EU Member States Austria Belgium Czech Republic France Germany Greece Hungary Italy Netherlands Poland Spain Sweden and the United Kingdom The book aims to provide an account of the system of local government in each of the countries studied along with a critical and contextual approach to the level of autonomy that local government enjoys The approach is comparative based on a questionnaire which all of the authors considered There is then a detailed conclusion to the book which offers a detailed summary and comparative analysis of the responses in order to better consider the role of local authorities as the fourth level of governance in the EU The book aims to offer a detailed introduction to and account of each system of local government which may appeal to those seeking an overview of the area but also a critical and contextual approach that will be of interest to those actively researching in the areas of local and regional government or EU central local government relations The book contains details of reform in local government up to November 2012 including an analysis of the impact of austerity measures on local autonomy where these have become significant **E-government**

France Germany Italy Sweden Russia Poland within a common analytical framework that enables students to conduct both single case and cross national analysis Each case addresses the most relevant questions of comparative political analysis who governs on behalf of what values with the collaboration of what groups in the face of what kind of opposition and with what socioeconomic and political consequences Packed with captivating photos and robust country descriptions from regional specialists the Seventh Edition enables students to think critically about these questions and make meaningful cross national comparisons

Brief Outline of Major Countries in Europe John J. Brady, 1969 European Politics into the Twenty-First Century Hans Slomp, 2000-02-28 This short and simple introduction to European politics which includes Western and Eastern Europe as well as Russia demonstrates how European nations have attempted to cope with division within Europe and in international politics Highlighting differences with U S politics Slomp examines the European system from various perspectives including geography religion economics and social composition Two separate chapters discuss relations within the European Union as well as its interaction with nations outside the group Tables and figures provide a wealth of information on the location of minorities the ideological spectrum and social policies Directed toward both an American and a European readership this study includes information about the importance of ethnicity and religion the impact of new migration waves and the position of the labor movement It covers the role of political parties the Americanization of election campaigns and the prevalence of coalition governments A chapter on European style civil society focuses on the influence of pressure groups the popularity of formal business trade union government contracts the mass media local politics and federal political systems Every chapter deals with the social transformation of the former communist countries of Central and Eastern Europe A final section contains a brief description of all the nations by groupings

Ethnic Politics in Europe Judith G. Kelley, 2006-07-23 Judith G Kelley examines ethnic minority politics to explain when how European institutions have used norms incentives to shape domestic policy toward ethnic minorities why those measures have sometimes failed

Health Politics in Europe Ellen M. Immergut, Karen M. Anderson, Camilla Devitt, Tamara Popic, 2021 Health Politics in Europe A Handbook is a major new reference work which provides historical background and up to date information and analysis on health politics and health systems throughout Europe In particular it captures developments that have taken place since the end of the Cold War a turning point for many European health systems with most post communist transition countries privatizing their state run health systems and many Western European health systems experimenting with new public management and other market oriented health reforms Following three introductory stage setting chapters the handbook offers country cases divided into seven regional sections each of which begins with a short regional outlook chapter that highlights the region s common characteristics and divergent paths taken by the separate countries including comparative data on health system financing healthcare access and the political salience of health Each regional section contains at least one detailed main case followed by shorter treatments of the other countries in the region

Country chapters feature a historical overview focusing on the country's progression through a series of political regimes and the consequences of this history for the health system an overview of the institutions and functioning of the contemporary health system and a political narrative tracing the politics of health policy since 1989 This political narrative the core of each country case examines key health reforms in order to understand the political motivations and dynamics behind them and their impact on public opinion and political legitimacy The handbook's systematic structure makes it useful for country specific cross national and topical research and analysis
