work serves up everything you could ever want to know about American consumables and their impact on popular culture and the culinary world Within its pages for example we learn that Lifesavers candy owes its success to the canny marketing idea of placing the original flavor mint next to cash registers at bars Patrons who bought them to mask the smell of alcohol on their breath before heading home soon found they were just as tasty sober and the company began producing other flavors Edited by Andrew Smith a writer and lecturer on culinary history the Companion serves up more than just trivia however including hundreds of entries on fast food celebrity chefs fish sandwiches regional and ethnic cuisine food science and historical food traditions **Vegetarian Times** ,1990-01 To do what no other magazine does Deliver simple delicious food plus expert health and lifestyle information that s exclusively vegetarian but wrapped in a fresh stylish mainstream package that s inviting to all Because while vegetarians are a great vital passionate niche their healthy way of eating and the earth friendly values it inspires appeals to an increasingly large group of Americans VT s goal To embrace both *The Food Section* Kimberly Wilmot Voss,2014-04-24 Food blogs are everywhere today but for generations information and opinions about food were found in the food sections of newspapers in communities large and small Until the early 1970s these sections were housed in the women s pages of newspapers where women could hold an authoritative voice The food editors often a mix of trained journalist and home economist reported on everything from nutrition news to features on the new chef in town They wrote recipes and solicited ideas from readers The sections reflected the trends of the time and the cooks of the community The editors were local celebrities judging cooking contests and getting calls at home about how to prepare a Thanksgiving turkey They were consumer advocates and reporters for food safety and nutrition They helped make James Beard and Julia Child household names as the editors wrote about their television appearances and reviewed their cookbooks These food editors laid the foundation for the food community that Nora Ephron described in her classic 1968 essay The Food Establishment and eventually led to the food communities of today Included in the chapters are profiles of such food editors as Jane Nickerson Jeanne Voltz and Ruth Ellen Church who were unheralded pioneers in the field as well as Cecily Brownstone Poppy Cannon and Clementine Paddleford who are well known today an analysis of their work demonstrates changes in the country s culinary history The book concludes with a look at how the women s pages folded at the same time that home economics saw its field transformed and with thoughts about the foundation that these women laid for the food journalism of today **The Saturday Evening Post** ,1918
