Orient Strikes Back A Global View Of Cultural Display:

The Orient Strikes Back Joy Hendry, 2020-06-07 At the turn of the 20th Century Japanese villages and their exotic occupants delighted and mystified visitors to the Great Exhibitions and Worlds Fairs At the beginning of the 21st Century Japanese tourists have reversed the gaze and now may visit a range of European countries as well as several other cultural worlds without ever leaving the shores of Japan This book suggests that these and other exciting Asian theme parks pose a challenge to Western notions of leisure education and entertainment Is this a case of reverse orientalism Or is it simply a commercial follow up on the success of Tokyo Disneyland Is it an appropriation by one rich nation of a whole world of cultural delights from the countries that have influenced its twentieth century success Can the parks be seen as political statements about the heritage on which Japan now draws so freely Or are they new forms of ethnographic museum Examining Japanese parks in the context of a variety of historical examples of cultural display in Europe the U S and Australia as well as other Asian examples the author calls into question the too easy adoption of postmodern theory as an ethnocentrically Western phenomenon and clearly shows that Japan has given theme parks an entirely new mode of interpretation

Tourism as Memory-Making Alena Pfoser, 2025-03-14 Until recently the Russian Federation used to be one of the largest markets for outbound travel Among Russians favourite destinations were cities that used to be part of the Russian Empire and the Soviet Union and are now located in the independent nation states bordering Russia This open access book provides an empirically rich and conceptually sophisticated account of the mnemonic interactions between Russians and their neighbours in the shadow of empire and geopolitical confrontations Based on extensive ethnographic research with tourists and tour guides in the cities of Tallinn Kyiv and Almaty before Russia's full scale war on Ukraine it analyses the practices through which cultural memories are performed in tourism encounters as well as the forms they take Imperial nostalgia the production and consumption of national pasts and memory diplomacy are discussed as key modes of remembering in tourism Through the case of Russian tourism the book argues for an invigoration of research on memory and tourism which despite the significance of tourism for the circulation of cultural memories has so far received surprisingly little attention Bringing debates in memory heritage and tourism studies into a dialogue the book expands the field of study beyond museums and heritage sites and puts forward a transnational approach that acknowledges diverse and entangled modes of remembering in tourism situates memory making in a wider political context and reflects on its geopolitical implications

Flows of Faith Lenore Manderson, Wendy Smith, Matt Tomlinson, 2012-02-18 Unique local transformations of the practice of established religions in Asia and the Pacific are juxtaposed with the emergence of new religious movements whose incidence is growing across the region In Flows of Faith the contributing authors take as their starting point questions of how religions manifest outside their cultural boundaries and provide the basis for new social identities political movements and social transformations With fresh insights into the globalization of beliefs their local inflections and their

institutionalization the authors explore how old and new religions work in different settings and how their reception and membership challenge orthodox understandings of religion and culture The chapters set in Asia the Pacific Australia and the US illustrate the contrasts and commonalities of these belief systems and their allegiances and networks in the region and beyond They include new religious movements Falun Gong Brahma Kumaris the Hare Krishna movement based in East and South Asia with outreach posts in Australia and the U S and established old religions Christianity Buddhism Hinduism and Islam that are revitalized and recreated in different settings and places Flows of Faith describes the transnational reaches of faith Religious practices and their local manifestations track the movement of peoples through mission outreach flight migration and pilgrimage In each new setting religions are shaped by and in turn shape political and cultural forces proving that they are resilient and generative originary and distinctive The volume is a major contribution providing readers with a fresh and creative approach into the living experience of religious communities in a contemporary globalised world

Japanese Tourism and Travel Culture Sylvie Guichard-Anguis, Okpyo Moon, 2008-11-27 This book examines Japanese tourism and travel both today and in the past showing how over hundreds of years a distinct culture of travel developed and exploring how this has permeated the perceptions and traditions of Japanese society It considers the diverse dimensions of modern tourism including appropriation and consumption of history nostalgia identity domesticated foreignness and the search for authenticity and invention of tradition Japanese people are one of the most widely travelling peoples in the world both historically and in contemporary times What may be understood as incipient mass tourism started around the 17th century in various forms including religious pilgrimages long before it became a prevalent cultural phenomenon in the West Within Asia Japan has long remained the main tourist sending society since the beginning of the 20th century when it started colonising Asian countries In 2005 some 17.8 million Japanese travelled overseas across Europe Asia the South Pacific and America In recent times however tourist demands are fast growing in other Asian countries such as Korea and China Japan is not only consuming other Asian societies and cultures it is also being consumed by them in tourist contexts This book considers the patterns of travelling of the Japanese examining travel inside and outside the Japanese archipelago and how tourist demands inside influence and shape patterns of travel outside the country Overall this book draws important insights for understanding the phenomenon of tourism on the one hand and the nature of Japanese society and culture on the other

Making Leisure Work Brian Lonsway, 2013-09-13 Contemporary architecture of theme based design is examined in this book leading to a new understanding of architecture's role in the increasingly diversified consumer environment It explores the Experience Economy to reveal how everyday environments strategically and opportunistically blur our leisure work and personal life experiences Considering scientific design research consumer psychology and Hollywood story telling techniques the book looks at how the design of theme parks casinos and shopping malls has influenced our more unexpectedly themed spaces from the city to the hospital Widely taking architecture as a social practice this text is of relevance to all cultural and

sociological studies in the built and material environment *The Politics of Heritage from Madras to Chennai* Mary E. Hancock, 2008-10-29 In this anthropological history Mary E Hancock examines the politics of public memory in the southern Indian city of Chennai Once a colonial port Chennai is now poised to become a center for India's new economy of information technology export processing and back office services State and local governments promote tourism and a heritage conscious cityscape to make Chennai a recognizable brand among investment and travel destinations Using a range of textual visual architectural and ethnographic sources Hancock grapples with the question of how people in Chennai remember and represent their past considering the political and economic contexts and implications of those memory practices Working from specific sites including a historic district created around an ancient Hindu temple a living history museum neo traditional and vernacular architecture and political memorials Hancock examines the spatialization of memory under the conditions of neoliberalism Pilgrimages and Spiritual Quests in Japan Peter Ackermann, Dolores Martinez, Maria Rodriguez del Alisal, 2007-03-06 This exciting new book is a detailed examination of pilgrimages in Japan including the meanings of travel transformation and the discovery of identity through encounters with the sacred in a variety of interesting dimensions in both historical and contemporary Japanese culture linked by the unifying theme of a spiritual quest Several fascinating new approaches to traditional forms of pilgrimage are put forward by a wide range of specialists in anthropology religion and cultural studies who set Japanese pilgrimage in a wider comparative perspective They apply models of pilgrimage to quests for vocational fulfilment examining cases as diverse as the civil service painting and poetry and present ethnographies of contemporary reconstructions of old spiritual quests as conflicting and sometimes global demands impinge on the time and space of would be pilgrims Battlefield Tourism Chris Ryan, 2007 This book will be of interest to tourism researchers generally but also to those researchers in the areas of cultural studies military histories social human geographers and historical geographers **Spectacles of Authenticity** Hsuan Tsen, 2011 In the late nineteenth and early twentieth centuries America and Japan were in the process of establishing their positions as powers in a world dominated by Western Europe The two nations with unconnected histories and cultures found themselves in momentary sympathy as they embarked on their first forays into military imperialism expanded their trade and constructed civic institutions intended to compete with those of Europe It was during this period that mass entertainments developed and began circulating across national borders and drawing on tourist practices helped create a universal visual culture which coexisted with local particularities This dissertation undertakes a study of Japanese and American shared visual culture and modern entertainments with the goal of nuancing current scholarship on East West exchanges and expanding the definition of modernity Three modern phenomena panoramas World's Fairs and film form the core of my three main chapters and describe a process of appropriation assimilation and collaboration through their movements from Europe across America to Japan and ending with a return to America Many scholars have observed that Americans viewed Japan as a confusing cultural

other with a baffling skill at appearing modern This dissertation begins with the premise that Japan was modern and re examines American and Japanese cultural exchanges from this position with the aim of shifting the paradigms of modernity and modern visuality

Culture and Ideology at an Invented Place Zhang Pinggong, 2009-03-26 Being a special kind of landscape the theme park has become one of major subjects in interdisciplinary studies and received increasing scholarly attention in the past few decades Perspectives have varied from American approaches which treat the theme park as the production base of the American Dream to various interpretation of the tourist space in semiotic structural and post modernistic approaches Other studies of the theme park have been conducted in a practical way with a focus in economic development and urban designing for the local and peripheral surroundings The body of research is enormous and has proved to be very beneficial in understanding the theme park as a multiple space in the ever changing context Overseas Chinese Town theme park OCT is one of the most popular tourist sights in China a cultural space which epitomizes the country s cultural business and Shenzhen Special Economic Zone an emerging metropolis As the ultimate icon of Chinese and global cultural representation the theme park has attracted visitors the world over This book presents for the first time an analysis of narratives which surround the park The research of OCT is to shed a cultural political and ideological light on the modern pleasure space constructed and consumed in contemporary China In view of the overwhelming quantity of theme park study in the USA and Europe a shift of orientation in the study of theme parks in China becomes significant as the emerging theme parks in the country are described as springing up like bamboo shoots after a rain As an important study of an important contemporary phenomenon it illustrates in considerable detail the distinctive nature of Chinese theme park development and will be of interest to a range of readers in fields such as cultural studies tourism sociology and human geography Non Western theme parks have attracted very little attention from social scientists even though they can be considered important sites for the examination of the influence and limits of globalization With this important study of the OCT theme park Zhang provides us with a detailed examination of the extent to which the Western model of the theme park is replicated in the Chinese context In this way he provides crucial insights that will be of great interest to students of globalization Professor Alan Bryman University of Leicester The work provides a very readable critical review of the recent development of theme parks in China in particular the Overseas Chinese Town Theme Park at Shenzhen The work is well grounded in a critical understanding of the role of theme parks as cultural texts As an important study of an important contemporary phenomenon it illustrates in considerable detail the distinctive nature of OCT park and will be of interest to a range of readers in fields such as cultural studies tourism sociology and human geography Professor Stephen Williams Staffordshire University

Easternization of the West Colin Campbell, 2015-11-17 In this provocative and groundbreaking book Colin Campbell shows that the civilization of the West is undergoing a revolutionary process of change one in which features that have characterized the West for two thousand years are in the process of being marginalized to be replaced by those more often associated with the civilizations of the East Moving far beyond popular trends Campbell assembles a powerful range of evidence to show how Easternization has been building throughout the last century especially since the 1960s Campbell demonstrates how it was largely in the 1960s that new interpretations in theology political thought and science were widely adopted by a new generation of young culture carriers This highly original and wide ranging book advances a thesis that will be of interest to scholars in many disciplines in the humanities and social sciences Total Landscape, Theme Parks, Public Space

Miodrag Mitrasinovic, 2016-12-05 Placing theme parks from the United States Europe and Asia in a comparative multidisciplinary framework this fascinating book argues that these fantasy environments are an extreme example of the totalization of public space By illuminating the relationship between theme parks and public space this book offers critical insights into the ethos of total landscape Illuminating the relationship between theme parks and public space the book offers an insight into the ethos design and expectations of public space in the twenty first century **A Translation Theory of**

Knowledge Transfer Kjell Arne Røvik, 2023-03-28 In A Translation Theory of Knowledge Transfer Kjell Arne Røvik develops a

new theory on the challenges of transferring and sharing knowledge across organizational borders Based on extensive research he proposes a new reframing idea of knowledge transfer as acts of translation resembling the translation of texts This new concept both extends and challenges established theories of knowledge transfer Containing a comprehensive review of the last 40 years of research on knowledge transfer across organizational borders this book also offers a step by step account of how a new theory within organizational research has been developed R vik states that the capacity of an organization to transfer and exploit knowledge from other organizations is a key to its competitiveness progress and even survival and convincingly argues how this new translation theory can be used to guide practitioners involved in knowledge transfer processes

Japan at Play Joy Hendry, Massimo Raveri, 2005-08-10 This book explores the myth so abused by the mass media that the Japanese are a grey anonymous mass of efficient obedient workers The articles shed light on a Japan outside officialdom a lively Japan of tumultuous and independent thought inefficient and aesthetic pleasure loving aggressive and wasteful creative and anti authoritarian The book s truly international contributors examine the role in modern Japanese society of a range of leisure and play activities from drinking to travel football to karaoke tattoos to rock fandom They explore how things which seem like play in one context are deadly serious in another and how the fun and enjoyment may be achieved in unexpected ways They also draw attention to the importance of such activities in understanding the deeper structure and meaning pervading all areas of the society in which they take place This book will be of great interest to students and scholars of Japanese Studies Sociology Anthropology and Cultural Studies

United in Discontent Julia Suzanne Torrie, 2010 The early twentieth century advent of aerial bombing made successful evacuations essential to any war effort but ordinary people resented them deeply Based on extensive archival research in Germany and France this is the first broad comparative study of civilian evacuations in Germany and France during World War II The evidence uncovered exposes the complexities of an assumed monolithic and all powerful Nazi state by showing that citizens objections to evacuations which were rooted in family concerns forced changes in policy Drawing attention to the interaction between the Germans and French throughout World War II this book shows how policies in each country were shaped by events in the other A truly cross national comparison in a field dominated by accounts of one country or the other this book provides a unique historical context for addressing current concerns about the impact of air raids and military occupations on civilians

Page 4 of cover **Behind the Scenes at the Science Museum** Sharon Macdonald, 2020-05-21 What goes on behind closed doors at museums How are decisions about exhibitions made and who or what really makes them Why are certain objects and styles of display chosen whilst others are rejected and what factors influence how museum exhibitions are produced and experienced This book answers these searching questions by giving a privileged look behind the scenes at the Science Museum in London By tracking the history of a particular exhibition Macdonald takes the reader into the world of the museum curator and shows in vivid detail how exhibitions are created and how public culture is produced She reveals

why exhibitions do not always reflect their makers original intentions and why visitors take home particular interpretations Beyond this local context however the book also provides broad and far reaching insights into how national and global political shifts influence the creation of public knowledge through exhibitions

The Japanese Housewife Overseas Ruth Martin, 2007-11-08 Based on research over a six year period into three age groups of women this important new study offers in depth analysis for the first time of the experience of expatriate Japanese wives living temporarily in the United Kingdom It focuses on the roles of the housewife in the context of the changing status of women in contemporary Japan

China's Outbound Tourism Wolfgang Arlt, 2006-09-27 The People s Republic of China has changed from a country which actively discouraged tourism into one of the major source markets for the international industry the 35 million Chinese travelling across the border in 2005 are merely the tip of the iceberg China s Outbound Tourism is the first book on this major development and has been written using a multitude of sources from China and around the world The topic is approached from many angles using methods from the fields of economics political sciences sociology and cross cultural studies The book explains the economic and social background of the surge in tourism and the changes in policy in the country since 1949 when it moved from prevention through controlled development to encouragement of outbound travels Throughout the book facts and figures are given for the global development as well as in depth information about China s key destinations The growing importance of tourists from China is however not just a question of quantity the text explains the features which distinguish their travel motivations and behaviours from western and Japanese tourists and the consequences for product adaptation and marketing methods for destinations interested in attracting and satisfying Chinese tourists Arlt s groundbreaking book cannot be ignored by professionals academics and students of tourism and leisure it offers fresh insight into the topic and indicates some of the future lines of development in this area
